DEMOCRATS ARE GATHERING FOR THE ERIE CONVENTION; INFURIATED MOB DEMANDS LIVES OF THREE ITALIANS

NEWS SUMMARY

WASHINGTON.

The house non-concurred with senate amendments to Isthmian canal bill and sent it to conference, but prospects are that an agreement will soon be reached on the Panama route.—Page 4.

DOMESTIC.

At Clarksburg, W. Va., Mother Jones and 11 miners' organizers were arrested by United States officers for holding a public meeting in violation of Judge Jackson's injunction. The prisoners were taken to Parkersburg jail.—Page 1.

The richest citizens of Paterson, N. J., have formed a secret league and raised $250,000 to drive Anarchists out of their city. Militia and police kept order yesterday.—Page 1.

Three children named Turner were shipped by authorities of Steubenville, O., to New York city to find their parents.—Page 4.

A collision by passenger trains on the Northern Pacific at Staples, Minn., killed five railroad men and wounded 20 persons, mostly passengers.—Page 2.

PENNSYLVANIA.

Becoming convinced that Quay does not intend to visit him, Gov. Stone, after waiting for a week, has gone to Tioga county to fish.—Page 1.

Smallpox victim dies at Johnstown and another at Harrison City, Westmoreland county.—Page 11.

State dairy and food bureau finds much adulteration in butter and milk.—Page 4.

Mob at New Kensington prevents the removal of three prisoners to Greensburg, one of whom had fatally shot Frank James.—Page 1.

LOCAL.

Republican city committee adopted resolutions indorsing the national and local administrations. Not a word of praise or even a mention of Gov. W. A. Stone. J. O. Brown re-elected chairman.—Page 3.

A feature in connection with the various services announced for tomorrow is the number of them that are to be held out-of-doors, following after the close of the services in the parks. The Knights of Pythias band will assist in the Highland park services tomorrow night.—Page 5.

Democratic leaders in the state are said to be preparing for a conference in Cambridge Springs tonight. George W. Guthrie has not received an invitation to the pow wow, but will have a representative there.—Page 1.

LEGAL.

Court compelled to relieve T. C. Ely from jury service because of his unrelenting conscience.—Page 14.

Another hearing held in legal fight between rival Mt. Washington tunnel companies.—Page 14.

Bill in equity filed against railroad company alleges misrepresentation.—Page 14.

SOCIAL.

The members of the bridal party at the wedding of Miss Margaretta Patterson, daughter of John M. Patterson, the attorney, and Lucius C. Fuller of Chicago at Tuesday are announced.—Page 10.

The Brighton Country club held its first annual June garden party last evening at the club house in the Brighton road, Allegheny.—Page 10.

Mr and Mrs. W. W. Card have made a very generous gift of a collection of superb carbon photographs to the Kindergarten college in Fifth avenue, Oakland.—Page 10.

The Alumnae association of the Kindergarten college has awarded a postgraduate scholarship to Miss Edith Weber, a former graduate of the Bishop Newman institute, for meritorious work.—Page 10.

SPORTING.

Rain prevented yesterday's game between the Pirates and Cardinals. A double-header will be played today.—Page 8.

Cornell is the favorite in the college boat race today at Poughkeepsie.—Page 8.

The Sheepshead Bay winners: Lady Herod, Juvenalis, Irish Lad, Cameron, Westborne and Fatalist.—Page 9.

The winners at Harlem: Mallory, Willie Waddell, Falchia, Frangible, Arbulate, Learoyd and Vincennes.—Page 9.

FINANCIAL.

The status of the underwriting syndicate of the United States Steel Corporation is puzzling Wall street.—Page 12.

Pittsburgh bank exchanges more than $1,500,000 less than for the same day last year.—Page 13.

Market on Pittsburgh stock exchange fairly active, with steel stocks the leading feature.—Page 13.

Continuous wet weather throughout the west, as well as in Europe, keeps the price of wheat on the rising scale, while other grains go up in sympathy.—Page 13.

Lead street recovered from Thursday's liquidation slump; good support appeared for United States Steel and there was heavy buying of Wabash, Missouri Pacific and St. Paul. A good bank statement is looked for today.—Page 12.

R. G. Dun & Co. and Bradstreets report a steady continuance of good trade, made certain by big crops, heavy railway traffic and iron and steel activity. Eastern strikes are a temporary hindrance.—Page 13.

BOY HERO AVENGED HIS FATHER'S MURDER

Killed Six Indians from Ambush. Dead Lee's Victorious Fight With Cowboys.

[ASSOCIATED PRESS TO THE GAZETTE.]

EL PASO, TEX., June 20.—Stories of desperate fights in New Mexico are told in by couriers. City Detective Scott, who has just returned from the Mescalero Apache reservation, tells of a fight between Thomas Page, a 12-year-old boy, and six Indians, who had killed his father and were looting the house. The boy had armed with a rifle, and, entrenching himself behind rocks, killed three of the Indians. The authorities have since been sent to the reservation.

Eagle Springs, 300 miles northeast of El Paso, comes the story of a fight between "Bud" Lee, who claims to be a descendant of the Virginia Lees, and a band of cowboys who sought his life. The cowboys attempted to ambush Lee and his companion, but the two men learned of the plot. The battle was with long range repeating rifles. Lee killed five of the cowboys and put the three others to flight. Lee has surrendered to the sheriff.

DEMOCRATS TO CONFER AT CAMBRIDGE

Conference of Leaders Scheduled for Springs Tonight.

GEORGE W. GUTHRIE WAS NOT INVITED

Col. Guffey Is Reported to Have Had a Meeting in New York With R. E. Pattison.

EX-GOVERNOR EXPECTED TO WIN THE NOMINATION

A conference of Democratic leaders is scheduled to occur at Cambridge Springs tonight. The friends of George W. Guthrie say that he has not been invited to participate. It is expected, however, that he will have a representative on the ground.

According to the report current yesterday afternoon Col. J. M. Guffey, ex-Judge Gordon of Philadelphia, Congressman J. K. P. Hall of Elk, James Kerr and ex-Judge D. T. Krebs of Clearfield, John B. Larkin of Pittsburgh, Capt. John B. Keenan and John B. Head of Greensburg are among the men who are expected to meet at the health resort.

Col. Guffey was in New York yesterday, where it is said that he had a conference with ex-Gov. Robert E. Pattison. The colonel is expected in Pittsburgh this morning. He could leave for Cambridge Springs in the afternoon and reach there in plenty time for the conference.

Guthrie People Surprised.

The news of the Cambridge Springs conference came out through the friends of Guthrie. They heard of it yesterday. It is said that Guthrie did not receive an invitation. The purpose of the conference is to endeavor to agree upon a harmony plan for the convention. The announcement that Controller Larkin will be there would indicate that Guthrie's interests are to be cared for. It is also known that J. Wood Clark of Indiana, Guthrie's campaign manager, intends to appear at the Springs tonight.

There have been numerous reports that Gordon, Kerr, Krebs and others are attempting to wrest the control of the party from Guffey. Some of the Democrats do not hesitate to say that Guthrie is willing to assist them. It is difficult to see how he can do much in this line, however, as the 13 delegates from Allegheny are fast friends of Guffey. Kerr, Gordon and Krebs have tried to capture the organization in the past, but there is little possibility of them being successful this time, even if they are so disposed. Kerr's home organ, the Clearfield Republican, suggests that this ticket would sweep the state: Kerr for governor, Guthrie for lieutenant governor and E. A. Coray of Luzerne for secretary of internal affairs.

Guffey and Pattison.

The reported conference of Guffey and Pattison in New York is not a general surprise. They have met there before in recent months. It is generally believed that Pattison will be nominated. There are at present 214 uninstructed delegates and it is said that the majority of them are for the Philadelphian. It is claimed for him that he will have at least 62 of the 67 counties. Some of his admirers even go so far as to say that Guthrie's name will not be presented to the convention. This is denied by the friends of the Pittsburgher. Mr. Clark insists that Guthrie will surprise the convention and capture the nomination.

There will be 314 delegates in the Erie state convention if the apportionment of Chairman W. T. Creasy stands, and there is every reason for believing that it will. Philadelphia gets 29 delegates, but will try to claim a right to seat 60. The majority of the county representatives will oppose this and the Quaker City will probably have to be content. Kerr and his friends are expected to help Philadelphia in this fight.

How the Delegates Stand.

The following table shows the instructed, uninstructed delegates and the counties where elections will be held today:

FOR PATTISON.

John B. Head of Greensburg was in the city last night. He admitted that he was going to Cambridge Springs today. On the subject of a conference he remarked that a number of people would probably meet there tonight.

FREDERICK G. GRAUL,
Chief of Police of Paterson, N. J., Dismissed by Mayor Hinchcliffe on the Ground That He Lacks Nerve.

$125,000 WORTH OF PIPE WILL GO TO GOLD FIELDS

National Tube Co. Has Order to Equip a Placer Plant.

1,800 TONS WILL BE SENT TO CAPE NOME

From Pittsburgh mills within a few weeks there is to be shipped pipe worth $125,000 to equip a placer gold-mining plant in Cape Nome. This shipment, while representing a notable sale in itself, is the more remarkable in that it will put down the water pipe material, which will supply the first big concerted gold-mining operation of the far-famed Cape Nome field.

James Kelly, formerly of Parkersburg, W. Va., and representing the syndicate which will engage in placer mining at Cape Nome, yesterday closed the contract for the pipe with Ambrose Weaver of the Oil Well Supply Company of Pittsburgh. The National Tube Company interests of the United States Steel Corporation have not yet received specifications on this shipment, but they will supply a large portion of it.

The order would not engage the attention of the laymen in these days of reported orders for $1,000,000 worth of goods and deals for enterprises of many millions of dollars, but this lot of pipe will supply freight for three long trains. Of cars, such as will be used in the consignment to the Pacific coast, there will be 90. Under ordinary railroad practice this will mean at least three trains.

There will go forward, chiefly from mills of the National Tube Company, 1,800 tons of this material. The pipe will be of a number of sizes, such as are required for the water and steam piping of a modern placer gold mining plant.

The Oil Well Supply Company closed another notable sale yesterday. This was for all the equipment in the lines which it supplies for a new water works for the town of Addison, W. Va. The purchase was made by C. P. Dorr, who, as an individual venture, has undertaken to supply the town with a water works.

ANTI-TRUST LAW IS DECLARED VOID BY CHICAGO JUDGE

Twelve Hundred Suits to Recover Penalties Are Involved in the Decision.

SUPREME COURT APPEAL

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, June 20.—Judge Elbridge Hanecy of the state court today held that the Illinois anti-trust law of 1891 is unconstitutional and void in all its parts. He ordered a finding in favor of the defendant in the case of the people, on relation of the attorney general, against the Butler Street Foundry and Iron Company. By the decision practically all that was left of the anti-trust statutes of Illinois is declared to be a nullity.

In 53 other cases, similar to the one passed upon, a similar finding was entered, pursuant to a stipulation among the attorneys.

Section 1 of the act of 1891 provides for the filing of affidavits by corporations annually with the secretary of state showing that they are not parties to any pool, combination or trust.

The decision has a direct bearing upon many cases that have been begun against manufacturing concerns to collect fines for non-compliance with the provisions of the anti-trust law in regard to the filing of affidavits. Early in 1899 Attorney General Aiken for the state of Illinois and State's Attorney Dennen of Cook county began 1,200 suits to recover $8,050 from each defendant, or a total of nearly $10,000,000.

Counsel for the prosecution gave notice of an appeal to the supreme court of the state.

PITTSBURGH FIRM LOSES SUIT IN COURT

United States Judge Dismisses Case of S. Jarvis Adams Company.

[SPECIAL TELEGRAM TO THE GAZETTE.]

COLUMBUS, O., June 20.—Judge Thompson of the United States district court today dismissed the action brought by the S. Jarvis Adams company of Pittsburg against J. M. Bossert and Sanford A. Knapp as individuals, and the Coshocton Iron company, a corporation, restraining them from manufacturing or selling bell dies, tong dies and axle dies, similar to those made by the plaintiff company.

In passing upon the case Judge Thompson said significantly that an attempt by a corporation to stifle competition was illegal and should be discouraged in every possible way. Bossert and Knapp were employed by the Adams company prior to 1901 and each received a salary of $2,500 per annum and $25,000 in capital stock, to be paid out of earnings.

Both men retired from the company in 1901, but the amounts due them on stock were withheld until they signed a contract not to engage in the business of the company in this country. Bossert and Knapp soon after formed the Coshocton Iron company and were at once made defendants in a suit to enjoin them from entering into the business of the plaintiff. They filed a demurrer, alleging that the contract was contrary to public policy and that it was made to stifle competition.

Judge Thompson sustained the demurrer and dismissed the case.

RED LEADERS MUST GET OUT OF PATERSON

Wealthy Residents Banded Together to Purify the City.

BIG FUND RAISED TO KILL ANARCHY

Two Battalions of Militia on Duty and Disorder Prevented for the Day.

NEW YORK ITALIANS MOVE FOR MEDIATION

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Paterson, N. J., June 20.—Mayor Hinchcliffe seems tonight to be in complete control of the situation, backed as he is by the entire peace-controlling force of the city and county and a goodly portion of the state militia. The soldiers' presence has had a deterrent effect upon the reds, and they are not in evidence in the city.

The troops will remain on duty all night and be relieved by the deputies in the morning. No troops will do duty in the daytime unless there should be serious trouble.

An organization has been completed composed of 50 wealthy business men of this city, to be known as the Paterson vigilance committee. The membership and proceedings are not to be made public. Private detectives have been engaged to shadow the leading reds.

The anarchists are to be induced to leave Paterson quietly, if possible. If they do not go the committee is said to have its own plan of action. One of the methods to be employed is said to be the keeping of a blacklist, and no matter where in Paterson a man on it obtains work his employer will be notified to dismiss him.

If this plan be carried out it will starve out of the city all anarchists who may come here. It is said the committee has

Mayor Hinchcliffe of Paterson.

"MOTHER" MARY JONES,
Famous Strike Agitator, Arrested Yesterday at Clarksburg, W. Va., for Violation of Court Injunction.

GOV. STONE GROWS VERY, VERY TIRED WAITING FOR QUAY

So He Hies Away to His Fishing Haunts, Convinced the Senator Will Not Come.

TO STAY A WEEK IN TIOGA

[SPECIAL TELEGRAM TO THE GAZETTE.]

Harrisburg, Pa., June 20.—After waiting a week in vain for Senator Quay to pay him a visit, Gov. Stone gathered together his fishing tackle today and started for a week's trout fishing in the streams of his native county of Tioga.

The governor is eager to talk over the political situation in the state with Senator Quay, and has been staying close to the executive mansion, waiting for Quay to come to Harrisburg, ever since he learned of the senator's contemplated visit.

Some of Stone's confidants never believed that Quay had any idea of coming here to see Stone, and told the executive so; but Stone was confident that the senator would come, and when he finally realized that the senator had no desire to discuss politics with him, he determined to try to forget his troubles by going fishing.

Librarian Anderson Heard.

MAGNOLIA, MASS., June 20.—At today's closing session of the American Library association a paper was read by Edwin H. Anderson of the Pittsburgh Carnegie library. Dr. James A. Hosmer of Minneapolis was elected president.

MOTHER JONES AND HER FLOCK TAKEN TO JAIL

United States Marshals Make Twelve Arrests at Clarksburg.

COURT INJUNCTION WAS DISREGARDED

[SPECIAL TELEGRAM TO THE GAZETTE.]

Clarksburg, W. Va., June 20.—United States Marshal Elliott and his deputies made the first arrests today for the violation of Judge Jackson's injunction against the strikers in this district. The section in violation prohibits strikers from camping or holding meetings near the mines or so near the mines or residences of employes as to disturb, alarm or intimidate any of them.

An advertised mass meeting was held just out of town this afternoon. Between 200 and 300 attended and were addressed by Thomas Haggerty, Mother Jones and others. Mother Jones' speech was unusually vituperative. She denounced the operators as robbers, and claimed that Judge Jackson and the newspapers were in league.

At the close of her address the officers entered the crowd and arrested 12, as follows: Thomas Haggerty, Mother Jones, William Morgan, Bernard Rice, Peter Wilson, Michael Ladda, Joe Roeski, George Roeski, Steve Toniki, George Baron, Andrew Lascavash and Will Blakey.

Prisoners Taken to Parkersburg.

The prisoners made no resistance, but ugly murmurs and threats in the crowd caused the officers to hurry the prisoners to the street cars and to the city. They were taken to Parkersburg tonight. They wired the situation to Mitchell, and say that more men will be here to take their places. The organizers evidently expected arrest, and will fight the legality of the injunction in the courts.

Interest in the region centers here, and considerable unrest exists, but most of the mines are running and the small crowd at the meeting shows a lack of interest.

Operators and miners say the reported blowing up of the West Fork mines is untrue. The mine caved in badly, but without human intervention.

CHARLESTON, W. VA., June 20.—Efforts to bring out the men at Campbells Creek and Plymouth have been unsuccessful, but the committee of nine workers is still at Plymouth endeavoring to induce the men to quit. Tomorrow will be pay day there, and a special effort will be made to prevent the men returning to work Monday.

Non-Union Worker's House Burned.

WILKESBARRE, PA., June 20.—This was one of the quietest days around strike headquarters since the miners suspended operations, six weeks ago. Reports are that all the mining towns are very quiet and that the 150,000 idle men and boys are keeping away from the collieries.

The wife of John Snyder, a fireman employed in the Dorrance colliery of the Lehigh Valley Coal Company at North Wilkesbarre, reported to the officials of the company that her home and contents were destroyed by fire early today. Her husband, on account of annoyance that he has undergone, lives in the colliery. The wife said she has been so annoyed by her neighbors that she decided to move from North Wilkesbarre to Stanton Hill, some distance away. While her goods were being removed to the new house a number of men upset the wagon and damaged the furniture. The goods were finally landed in the house, but fearing that she would be harmed if she and her three children remained there alone over night, the woman went to friends in North Wilkesbarre, where she stayed until today. When she went to the house this afternoon she found the house and all its contents burned. The company is investigating her story.

MOB STOPS REMOVAL OF PRISONERS

Shooting of New Kensington Man Causes Demonstration.

WANTED TO LYNCH THREE ITALIANS

Hundreds of People Surrounded the Railroad Station.

SPECIAL TRAIN IS OF NO AVAIL

[SPECIAL TELEGRAM TO THE GAZETTE.]

New Kensington, Pa., June 20.—Frank James, a well-known young man of this place, was mortally wounded this afternoon while attempting to rescue his father from the assault of three Italians, and for several hours tonight a large mob of citizens threatened to lynch the Italians, and succeeded in preventing their removal to the Greensburg jail. The men were captured shortly after young James was shot. They are Tony Madrid, Louis Moriana and Dominick Sandolf. The latter did the shooting.

At midnight Chief of Police Joseph McGee and Constable McElroy and their deputies gave up all hope of getting the prisoners to Greensburg until daylight. The crowd has broken up and the majority have gone to their homes. Several railroad officials arrived on a special train about 12 o'clock and it was decided to keep the prisoners here until morning.

The attempt to remove the three Italians to the county jail at 10:26 tonight resulted in the wildest scenes of disorder. A mob of not less than 2,000 men and boys surrounded the lock-up and railroad station, clamoring for the immediate death of the three foreigners.

Marched to Railroad Station.

About 10 o'clock the local officers took the three men out of the cells and marched them to the railroad station. The word was immediately passed around that the men were to be taken away, and a crowd began to gather at the railroad station. While the officers were arguing with the crowds, another mob arrived. Many ropes were hurled in the air, and shouts of "This is what they need," yelled at the officers. The mob surged back and forth, and the officers rushed their prisoners into the station and barricaded the doors. They stood at the windows, facing the crowd with drawn revolvers.

When the 10:26 train arrived it was too dangerous to take the prisoners out through the crowd to the train, and it went without them. The police by a clever maneuver succeeded in getting their prisoners out a back door and off again to the jail, a short distance away. All the time the officers kept up the ruse that the prisoners were still in the station, the same men keeping guard at the windows. The mob is still on the streets, and all the borough firemen have been sworn in as deputies. The officials have telephoned to the Allegheny Valley railroad office at Pittsburgh for a special train in which to conduct the prisoners to Greensburg.

Mob Pursued Italians.

The shooting of Frank James occurred at the Pennsylvania railroad passenger depot just after the arrival of a southbound train this afternoon. Awaiting arrival of the train was David James, father of the young man who was shot, and John C. Arb, both of whom are residents of this place, and prior to the miners' strike were employed in the mines at Crag Dell. Both men are members of the United Mine Workers' union and are members of the relief committee. It has been their habit to keep watch on the non-union men who are at work. It was this that brought them to the station today.

When the train stopped the three Italians alighted. James and Earl approached them for the purpose of dissuading them from returning to work, but the foreigners would not listen and attacked the two men with their dinner pails and gave them an awful beating. Young James was in the Y. M. C. A. rooms, but a short distance away, and when he saw his father's danger ran in the direction of the fight. Before he got nearer than 20 feet Sandolf fired at him with a revolver. James sank to the ground unconscious and the Italians tried to escape, running down the railroad track with a number of citizens in pursuit.

After running two squares the men took refuge in the house of an Italian named Multino. The pursuers, who numbered several hundred, dashed into the house after them and found the fugitives in the cellar. All resisted arrest, but in an instant the men were in the hands of the mob. They were conveyed to the lock-up.

Frank James is well known here. He is an active church worker and a prominent member of the Young Men's Christian Association. Late advices say that he cannot recover.

CARNEGIE DECLINES SCHOOL PRESIDENCY

Writes British Educators That His Work Lies in America.

LONDON, June 20.—Andrew Carnegie's benefactions in the shape of libraries are of almost daily occurrence. Today he offered the burgh of Patrick, near Glasgow, £10,000, provided its officials undertook to conduct the library under the provisions of the public libraries act.

Mr. Carnegie, in declining recently an invitation to become president of some schools at Shipley, wrote:

"My work lies on the other side of the Atlantic. I am here for recreation. Requests to assume official duties on this side are so numerous that I have to make it a rule to decline."

The Democratic Weather Vane.

THE PROSPECTS NOW FAVOR THE PANAMA ROUTE

House Consents to Conference With Senate on Isthmian Canal.

LEADERS FOR NICARAGUA

But They Prefer the Site Chosen by the Senate to None at All—Will Not Endanger Bill by Delay. Roosevelt Sanguine.

THE PITTSBURGH GAZETTE BUREAU, 603 Fifteenth St., N. W., WASHINGTON, D. C., June 20.

All indications today point to the acceptance by the house of the Spooner amendment to the Hepburn canal bill. At a meeting of the house committee on interstate and foreign commerce this morning, the matter was discussed informally, and Chairman Hepburn was requested to make the motion acceding to the request of the senate for a conference without the formality of having the bill referred to the committee.

Chairman Hepburn is for a canal. He is primarily for the Nicaragua canal, as provided in the Hepburn bill, which passed the house last January. However, the discussion in the committee this morning showed clearly that its members do not favor standing out against the senate bill to the extent of defeating all legislation. A partial poll of members of the house this morning shows that out of 75 members, at least two-thirds of that number will vote for the senate amendment raher han to have no legislation.

The canal bill was transmitted to the house from the senate this afternoon. Chairman Hepburn made a request for unanimous consent that the bill be taken from the speaker's table and that the request of the senate for a conference be acceded to. The motion prevailed, and the speaker appointed Chairman Hepburn, Mr. Fletcher and Mr. Davey as members of the conference committee on the part of the house.

Struggle May Be Short.

Soon after the house had sent the canal bill to conference, report gained circulation among members that there is not likely to be a protracted struggle in conference, and that the senate amendmen probably would be the basis of the ultimate agreement. One of the house conferees, Mr. Fletcher of Minnesota frankly said to his associates that he thought an agreement would be reached on the Panama amendment. Chairman Hepburn was not prepared to concede that the fight was over. He cited the fact that the vote in the house had been practically unanimous in favor of the Nicaragua bill, only two adverse votes being cast. The Democratic conferee, Judge Davey of Louisiana, also was counted on as strongly favorable to the Nicaragua route.

At the same time the lateness of the session and the prevailing desire to avoid further complications in the senate, led to a rather general feeling among the members of the house that the senate amendment had something of an advantage in the conference.

Administration Is Sanguine.

Sanguine feeling was expressed at today's cabinet meeting as to the success of the canal proposition. Secretary Hay had been in conference for an hour this morning with Senator Morgan and other senators, and all the advices that had come to the White House before the cabinet meeting went to assure the president that some canal legislation at the present session is a certainty, and almost as strong was the evidence that the legislation would be in favor of the Panama project.

So well assured is the administration of the outcome that discussion already has taken place of the steps to be taken to carry out the purposes of the act, and it is understood that the state department will deal with the diplomatic feature of the canal project, involving, of course, the consummation of the Colombian treaty, while the attorney general will pass upon the question of sufficiency of title to the Panama canal.

Debate on the Philippine civil government bill continued today in the house, a night session being held. The house also reiterated the position it had taken on the army appropriation bill by ignoring the action of the senate and sending the bill back to the senate after voting to adhere to its disagreement to the objectionable army post amendments.

No business of importance was transacted by the senate today in open session, except to agree to a conference report finally disposing of the military academy appropriation bill.

CHARLES W. METZGAR.

WILL IT BE A FISCHER?

Have You Decided That the New Piano You Are Going to Buy Will Be a Good One?

We can sell you a piano in a very fancy case at $200, but it won't be a Fischer. It won't have anything like a Fischer tone, or a Fischer action. On the other hand, we can sell you pianos having very plain cases, but good tone and action, at the very same figure, but—they won't be Fischers either; they won't have Fischer grace and elegance or beauty of design.

You see, anybody can buy a case here and an action there and a plate another place, and put those things together and have a piano. But that isn't a Fischer piano. First of all, the Fischer Bros. have brains—good brains, and they use them. You realize that the minute you see their pianos. They make every single part of their piano, except the iron, right in their own factory, and they do the best work they know how to do, and so do their workmen—or they can't work for Fischers.

You can better afford to buy a Fischer piano than a poor one. It may cost a little more now, but you'll save it in the long run.

Come and see the new style the Fischers have just made. It's a beauty.

S. HAMILTON,
HAMILTON BUILDING,
335 and 337 Fifth ave., Pittsburgh, Pa.

TO NORTHERN MICHIGAN

Without Changing Cars After Leaving Pittsburgh.

By leaving Union station at 8 a. m., city time, over the Pennsylvania lines, summer tourists to northern Michigan resorts may be in Petoskey at 5:35 next morning, going through in Pullman sleeping car via Fort Wayne and Grand Rapids over the G. R. & I. railway—"The fishing line." Harbor Springs and resorts on Little Traverse bay, Burt lake, Indiana river and Crooked river resorts, Mackinaw city and Macinac island may be reached the morning after leaving Pittsburgh. District Passenger Agent J. K. Dillon, room 306 Park building, Pittsburgh, will answer inquiries about reduced fares, etc.

CAMPBELL'S

Summer Millinery.

Elegant line of Ladies' Fancy or Street Hats, Toques and Bonnets, in black, white and colors, made of fine braids, mallines and chiffon, trimmed with aigrettes, soft ribbons, wings and lace. Special Values at $7, $8, $10 and $12.

The People's Store, 327-335 Fifth ave.

CROMLISH—Suddenly, at Rochville Center, Long Island, N. Y., June 20, 1902, REV. JOHN CROMLISH, formerly of Pittsburgh, Pa.

WINDOW GLASS LIST WITHDRAWN

THE FIGHT IN THAT TRADE IS NEARING A CRUCIAL POINT.

Associated Jobbers Have Advanced Prices 5 Per Cent—Much Depends on the Practical Success of the Window Glass Blowing Machine.

The fight in the window glass trade is near a crucial point. Leading jobbers have withdrawn price quotations, while within the week the associated jobbers advanced prices about 5 per cent. Higher prices are certain to rule.

The entire situation pivots on the expected practical success of the window glass machine with which the old De Pauw factory at Alexandria, Ind., has been equipped. The knowing insiders predict that in less than five years the importation of window glass will not only be cut off but that the operating factories will be turning out glass for consumption abroad, and, moreover, that the American Window Glass Company will control the industry here and abroad.

The machine-equipped factory in the west is not yet ready for practical operation. The system has been tried and the machine-blown glass, curtailing the labor cost at least one-half, is coming soon.

Glass Trade Is Dull.

A representative of the Independent Glass Company said yesterday that the trade is dull. He said in relation to a report that all the interests outside of the American Window Glass Company had been called to form a new organization to combat the introduction of the machine that the Independent company has received no such invitation and would not participate in such a movement. He added that the Independent company proposes to go it alone, operating its factories 10 months of the year and selling in an open market.

The movement of the Federation Window Glass Company, which during the closed fire worked in harmony with the American Window Glass Company, contemplates chiefly the independent factories outside of the three companies. There are about 38 such factories with aggregate pot capacity of 800. The Federation has 600, the Independent company 528 and the American company, including those which were idle in the last fire, 1,656.

Some of the contesting interests declared yesterday that the Pittsburgh Plate Glass Company, the largest jobber of window glass in the country, has announced withdrawal of the present price lists to bolster up the market. It was said in this section that the market is very dull and that there is doubt that the jobbers will meet next month with the American and the Federation Window Glass companies to arrange the placing of a heavy bulk order, which is reported to be contemplated at 500,000 boxes.

Last Quotations on Glass.

The last quotations of the jobbers prior to the more recent announcement of the Pittsburgh Plate Glass Company that it has withdrawn all quotations, gives the following new discounts: Less than carlots, 88 and 5 per cent off the list; carlots, free on board cars at factory, 80 and 5 per cent off; carlots to known buyers, 60 per cent off.

The Independent Glass Company will have its annual meeting in Atlantic City in August and then the plans will be laid for reorganization. Those in control say that they will have nothing to do with the scheme of the Federation Window Glass Company to cement all interests outside of the American Window Glass Company and with the certain reduced labor cost that is to come, fight the machine operation of the American company.

LAURA BIGGAR'S HEALTH POOR.

Did Not Attend Bennett Will Hearing, but Will Next Time.

NEW YORK, June 20.—(Special.)—Laura Biggar, the actress, whose claim to more than $1,000,000 of the estate of Henry M. Bennett is contested by his relatives, has been living for some time in a private sanitarium in Bergen Point, N. J. She has been there several months and did not sail for Europe as reported. Miss Biggar said she did not attend the hearing of her case Thursday at Freehold because she was informed her presence was unnecessary. She will attend the next hearing, July 2, at Long Branch. She will be represented by Dr. Hendrick.

Miss Biggar has no intention of returning to the stage. She has been in poor health for some time and likes Bergen Point. Her 15-year-old son, Willis, is at Farmingdale, N. J., where Mr. Bennett had a handsome summer home.

THE WEATHER.

In the forecast sent out from Washington last night the observer predicts a general clearing up, with cool weather for Pittsburgh today. The forecast for tomorrow is fair and cool. The maximum temperature yesterday was only 73 degrees. After the noon hour the mercury went down to 72 and remained stationary for three hours. The minimum was 56 at 6 a. m. There was a light rainfall at midnight last night.

Clearing.

The Gazette weather service thermometers at Kaufmann's corner at the following hours yesterday registered:

12 noon	72 degrees	8 p. m.	68 degrees
4 p. m.	67 degrees	12 p. m.	63 degrees

Time of sunrise today ..... 4:29 a. m.
Time of sunset today ..... 7:32 p. m.

Daily report for yesterday furnished by the United States weather bureau:

FIVE ARE KILLED AND MANY HURT BY TRAIN CRASH

Fearful Result of Swift Collision on the Northern Pacific Railroad.

SWITCH WAS LEFT OPEN

Employes of the Company the Chief Victims—Injured Are Mainly Passengers—Broken Cars Destroyed by Fire—Engineer's Body in Ruins.

Staples, Minn., June 20.—A head-end collision occurred at Lower Lake siding, two miles west of here, on the Northern Pacific, at 1:45 this morning between westbound and eastbound passenger trains. Engineer Scott of the westbound took the siding, expecting the eastbound, which had the right of way, to pass. The latter, believing everything clear, came along at a high rate of speed. The switch at the western end of the siding had been turned and the eastbound dashed into the waiting train. Five persons were killed and 20 injured.

The Dead.

ENGINEER WALTER SCOTT, not found; supposed to be in wreckage.
EXPRESS MESSENGER F. MOELLER.
FIREMAN GEORGE RASMUSSEN.
CONDUCTOR JOHN NOBLE.
DAN KENNEDY, section laborer, Gladstone, N. D.

The injured include: Henry Green, Minneapolis; Fireman H. Montgomery, Charles Delmore, Claude, R. Black, Concord, N. C.; F. F. McBride, mail clerk, St. Paul; W. F. Haggard, express messenger, St. Paul; J. Elmer Nelson, Cooperstown, Ia.; Andrew Munser, Cooperstown; William Krause, Ionia, Ia.; Felix Simmons, Fargo; Henry Snippenheim, Beards, Minn.; Charles Nadtezke, Delmore, Minn.; Ed Belcher, Blue Earth City; Mrs. E. G. Hayne, Spiritwood, N. D.; E. Keck, St. Paul; Engineer E. C. Schultz, Harry Zimmerman, Hammond, Ind., injured internally and will probably die; Fred M. Taylor, Batavia, Ia.; A. J. Kirkpatrick, Batavia, Ia.; Samuel C. Fields, Lamoure, N. D.; Oliver Rusnick, St. Cloud; F. F. Wilcox, Pancoa, Ia.; George Brean, Wadena, Ia.; E. Kennedy, Winnipeg; G. C. Bellows, French Creek, Ia.; I. L. Gordon, Chicago; F. O. Routh, New York; Nellie D. Sanford, residence unknown; S. B. Moore, Buffalo, and the head brakeman on the eastbound train.

The wreck caught fire, but the passengers formed a bucket brigade and kept the flames under control for a time. But at 4:35 the work was given up and the fire burned four coaches and three or four mail, express and baggage cars.

M'DOWELL DID WELL IN SIX MONTHS TERM

Police After President of United States Trust Company—His Account Short $50,000.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PHILADELPHIA, June 20.—As a result of the assignment of the United States Trust Company, the police are looking for Henry R. McDowell, its president, a member of the New York bar, to arrest him on information sworn to by Charles L. Brown, assignee, charging him with larceny of its securities and embezzlement of its funds to the value of $50,000. It is believed that McDowell is on his way to Europe.

McDowell was elected president about six months ago. There were 10,000 shares of stock at a par value of $25. He secured the authorization of 10,000 additional shares, with a face value of $250,000, which were given to him for negotiation. In addition there were entrusted to him securities to the value of $50,000. Notes matured within a few days and the amount necessary to pay them could not be found by the treasurer. A meeting of the officers was called and an assignment was made Tuesday to Charles L. Brown.

Mr. Brown, after investigation, demanded a return of the securities, but was informed that McDowell had left New York for Boston.

JOHN H. TRIMBLE NOT READY TO ACCEPT

Will Give His Final Answer to the Citizens Party County Committee Today.

The special committee of the Citizens party delegated to call at the Trimble residence yesterday and persuade John H. Trimble to accept the nomination for assemblyman in the second Allegheny district did not succeed in securing his acceptance. It was found that Mrs. Trimble joined with her husband in objecting. She thinks her health will not permit him to attempt the strenuous life at Harrisburg. The answer was not final, however, and it may be that Trimble will accept today.

There is an attempt being made to upset the nomination of Ralph Strawbridge for assemblyman in the Fifth district. The Democrats are said to be objecting to him.

HUMBERT PICTURES SOLD.

Auction of Paintings Belonging to French Adventuress Brings Large Sums.

PARIS, June 20.—Nearly 600,000 francs or three times the estimated value of the pictures was realized at the sale by auction today of the first batch of 60 modern paintings belonging to Mme. Humbert, who has left Paris as a result of disclosures said to connect her with a gigantic swindling scheme and whose whereabouts is at present unknown.

The picture gallery of George Petit, where the sale was held, was filled to its utmost capacity by those who came to attend the auction. The people even crowded into the corridors of the gallery, where nothing could be seen or heard, merely for the satisfaction of saying they had been present at the sale.

The following prices were realized on the principal pictures sold: Daubigny's "Les Laveuses," 50,500 francs; Corot's "Le Pehceur," 49,000 francs; Isabey's "Benediction," 47,000 francs; Isabey's "Marchand d' Bluffes," 24,000 francs; Baudrey's "Amour et Psyhye," 25,000 francs; Baudrey's "Fortune et Amour," 28,000 francs; Jules Breton's "Retour des Moissoneurs," 25,000 francs; Corot's "Fete Jouarre," 2,100 francs; Fromentin's "Passage Duc," 25,000 francs.

REAL MEAT TRUST.

Chicago Packing Kings Contemplate a Billion-Dollar Corporation.

CHICAGO, June 20.—The Chronicle tomorrow will say: A New Jersey corporation, rivaling the United States Steel Corporation in magnitude, is projected. It plans to be a billion dollar concern. It may be called the American Meat Company.

It is announced that a gigantic consolidation has been decided upon. The packing-houses that have agreed to form the big combine are known as the "Big Four" and are Armour & Co., Swift & Co., Nelson Morris & Co. and the G. H. Hammond Co. Other concerns may be admitted.

RED LEADERS MUST LEAVE PATERSON

Continued From First Page.

$250,000 pledged by the men composing it to carry out its purpose.

A mass meeting of the striking dyers' helpers was held in the Town hall today. Seven policemen were in attendance. The meeting was orderly. The only speaker was President McGrath of the Dyers' Helpers' union. He expressed deep regret at the riotous demonstration on Wednesday and said that such actions could only harm the cause of the workmen.

Strong Force of Militia.

The First and Second battalions of the First regiment of Newark arrived and are at the armory. Later the Essex troop of cavalry of Newark arrived and proceeded to the armory. The streets were lined with people, but there was no demonstration. An order was issued today for the local companies of the national guard to report for duty.

A number of silk mills opened at the usual hour. Policemen, firemen or deputy sheriffs were on guard and every crowd that gathered was promptly dispersed. The orders of the mayor are that no gathering of people shall be permitted in the street. These orders are being fully carried out by the force at his command. Two dye houses were opened this morning. At these places the bosses went to work, assisted by non-union dyers' helpers.

Shifted to Another County.

This afternoon Mayor Hinchcliffe was called on the telephone by Sheriff Soley of Hackensack who informed the mayor that about 600 Italians, among whom were many women, had crossed into Bergen county with the intention of holding a meeting there. Sheriff Soley said that he had asked Gov. Murphy for military assistance.

UNION HILL, N. J., June 20.—Every silk factory here, with one exception, was closed today. The owners decided not to attempt to resume operations for the present owing to yesterday's riotous disturbances.

The prisoners taken after the disturbance at the Simon mill yesterday were today held in $500 bail for the grand jury. Bail was not given and they were taken to jail. Detectives from Paterson came here today and asked that three Italians be arrested. The men were taken into custody and on each of them was found a loaded revolver with a supply of cartridges.

NEW YORK, June 20.—The Italian chamber of commerce of this city has decided to try to arbitrate the differences between the striking silk dyers of Paterson and their employers. A committee of four was appointed to visit Paterson. Secretary Sconfietti went to Paterson to arrange for the conference. Mayor Hinchcliffe received him cordially and agreed to meet the committee.

DEMOCRATIC ROW COMING

Philadelphia Has Elected 60 Delegates to Convention, but Creasy Says It Can Have Only 29.

HARRISBURG, PA., June 20.—(Special.)—Acting on the advice of his attorneys, Chairman Creasy will not change the basis of representation in the coming Democratic state convention, in spite of the threats of the Philadelphia leaders to make trouble if the 60 delegates elected in that city are not seated. Creasy says Philadelphia is entitled to only 29 delegates and Allegheny to 13 under the rule which provides that the representation shall be based on the vote of the Democratic candidates at the last general election preceding the state convention. The chairman received a letter today from ex-Congressman Wolverton of Northumberland confirming this opinion. The Philadelphia delegates hold a receipt from Creasy for the credentials of 60 delegates, and they do not see how he is going to pick out 29 from this number.

Creasy went to Erie tonight to arrange the preliminaries for next Wednesday's convention. He says he has refrained from expressing any preference for any candidate, although it is thought he favors the nomination of Pattison for governor.

PHILADELPHIA, PA., June 20.—(Special.)—The gubernatorial candidacy of ex-Congressman Kerr is based upon a single hope, that Col. J. M. Guffey can be bluffed. Even the backers of Kerr are not confident that the colonel can be frightened, no matter how much his leadership is threatened. Kerr's showing at the convention will be inconsequential unless Chairman Creasy is reversed and Philadelphia permitted to seat 60 delegates instead of the 29 allotted by the state chairman.

THE REV. H. T. KERR RESIGNED.

Leaves Oakland Presbyterian Church to Go to Kansas.

The Rev. Hugh T. Kerr, pastor of the Oakland Presbyterian church, has resigned his pastorate and accepted a call to the church in Hutchinson, Kan. He will finish his pastoral labors here July 1, after which he will take a vacation before entering his new field.

Mr. Kerr has been pastor of the Oakland church since 1895. He was born in Toronto, Canada, and is now 30 years old. The Oakland church has now 300 members, though it was only a mission when he took charge. Mr. Kerr was married a year ago. When he took charge of the mission he received but $6 a week. His pastorate, later, paid him $1,500 annually.

HUNG FACE TO FACE.

With Hands Tightly Clasped Married Couple Commit Suicide.

PATERSON, N. J., June 20.—(Special.)—Because the husband was out of work and they were starving, Youraj Krizan and his wife ended their lives today by hanging themselves in the bedroom of their home. The bodies were discovered by a tenant who lives in another part of the house.

So that they might not be able to unloosen the knot in their death agony they had tied their hands together with handkerchiefs. Hanging face to face, they had slowly choked to death. When the bodies were found their hands were so tightly clasped that it required two men to force them apart.

Former Pittsburgh Minister Dead.

Word was received in Pittsburgh last night of the death of the Rev. John Cromlish, a former minister of Pittsburgh, at Rochville Center, Long Island, N. Y., yesterday.

Communion for Murderers.

Henry Taylor and Charles Davis, in the county jail awaiting death for murder, were given communion yesterday by the Rev. C. B. Patterson of the Tabernacle Baptist church, Allegheny.

The World's Best Summer Medicine.

PAINE'S CELERY COMPOUND

Has Made People Well When Every Other Remedy Has Failed.

Paine's Celery Compound cures disease! It has saved the lives of thousands of sufferers. It has made the weak strong, vigorous and happy.

Paine's Celery Compound purifies the blood and builds up the nervous system as nothing else can do; it is pre-eminently the great life-giver and health-maker.

Overworked and tired women stand in urgent need of this health-giving prescription to make and keep them well. All women should take advantage of the remarkable power of this best of medicines for restoring vigor to the blood and strength to the nervous system. The all-important thing for nervous, run down and sleepless women is that Paine's Celery Compound fortifies the whole physical system, and by correcting digestion and regulating the nerves it insures sound, refreshing sleep. In every case of sickness Paine's Celery Compound completely and permanently brings back health. Mrs. Mary M. Myers, Baltimore, Ohio, saved by Paine's Celery Compound after the failures of able physicians, gratefully writes as follows:

"I suffered for eight years with nervous prostration and the general debility common to women and had such pains in my back that I could not get around the house. I used several remedies and consulted several of the best physicians without obtaining any relief. Paine's Celery Compound restored me to health.

"I also want to say to all mothers that Paine's Celery Compound is a splendid medicine for their children."

Catarrh

Is a constitutional disease.
It originates in a scrofulous condition of the blood and depends on that condition.
It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach.
It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

Hood's Sarsaparilla

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Hood's Pills are the best cathartic.

JOSEPH HORNE CO.

Weather—Showers. Saturday, June 21, 1902.

Fourth of July Flag Ribbons.

In view of the visit of the President of the United States on July 4th, and of the fact that there is likely to be a scarcity of tri-colored ribbons representing the three colors of the U. S. Flags, we desire to give notice that at the present time we have a complete range of sizes in the ribbons—from 1-8 of an inch up to 2 1-2 inches, at prices 3c, 5c, 6c, 8c, 10c and 12c a yard.

No prettier way of testifying your appreciation of the compliment the President pays visiting Pittsburgh on this, the greatest of our holidays, can be devised than by wearing per adornments made of Flag Ribbons. And the many dainty room decorations that can be exec with them are to be considered also.

The Phipps & Atchison Outing and Golf Hats

For Half Prices.

It was a wonderful thing to get the hats of this swell New York firm to sell for ha prices. There is nothing wonderful about the selling of the great numbers that have bee sold here this week. The bare mention of the fact of half prices was enough to exci feminine curiosity.

The sale is referred to again simply to say that there is the best kind of choosin left for today.

The "little woman" (we had it from her better half Thursday) said epigrammati cally, "The sweetest hats are still unsold."

And some of them are P. & A. Hats.

$1.50 for those worth $3.50—$2.50 for those worth $5—$3.50 for those worth $7.50—$5 fo those worth $10.

Pretty Neckwear for Women.

Many new ideas that women will be sure to like.

Soft fine mull Twice-Around Ties — center tucked, top collar attached. An immense variety of color combinations. Ends plain without interlinings, 50c.

Another style is made of sheer mull with turn-over and ends embroidered, tied black French knot. Colors and white, 50c.

Tucked Stock Ties with embroidered top collar —ends to match. White, light blue and pink, $1.00.

New white and black plain Linen Stocks, pointed effect with tie, 50c.

Same effect in sheer mull, white and black only, 50c.

Plain Stocks of cream net with applique of lace finished with colored binding, $1.75.

White embroidered Bishop Stocks, $1.50 to $3.75.

White Stocks of mull and linen—very sheer—with small bows, 50c and 75c.

Liberty Silk and Net Boas, black, black and white, and all white, $1.50 to $25.

Another lot of beautiful Automobile Ties—plain white with colored borders—12½c each. All white with colored top collars, 25c.

New Veils and Veilings.

Several lots of pretty Veils came in this week, and also some new Veilings.

New Chiffon Veils with large chenille dots—1¼ yards long. All colors, including the new hunters' green and automobile red, $1 each.

ITY COMMITTEE SNUBS GOVERNOR WILLIAM A. STONE

velt Indorsed, but the ate Administration Is Not Mentioned.

BROWN IS RE-ELECTED

is Speech of Acceptance He akes Some Frank Admissions bout the Struggle the Organiza- on Will Have This Fall.

t a meeting last night of the Re- lican city committee, presided r by Recorder J. O. Brown, reso- ons indorsing the national and lo- administration were adopted. ere was not one word of com- ndation for the state administra- n. The name of Gov. William A. one was not mentioned. It is ap- ent that even the supposed friends the postscript man intend to ignore m in the coming contest, if there is possible way of doing it.

t was the initial meeting of the new mmittee called for the purpose of or- nizing. Recorder J. O. Brown was re- cted chairman. In assuming the re- onsibilities for a second term, he was nk in admissions about the conflict e old organization is just entering. He d not say that the machine would win a walk. The workers were told to be their guard. Their help, common nse and assistance was solicited. The corder endeavored to inspire hope by claiming "that the brave never die political battles."

Many Members Present.

There was a good attendance of mem- rs in common council chamber last ght when Secretary Robert Ostermaier pped for order. The committeemen are l adherents of the old organization. he men who have caused differences f opinions in the past are now with the Citizens party. A good many familiar aces were missing.

John B. Barbour was elected temporary hairman. He recognized Dr. A. J. Barch- eld of the Twenty-sixth ward, who nomi- nated J. O. Brown for a second term. The doctor in nominating the recorder said that he named a "man of ability, acity and stern political honesty." own was re-elected. These officials re also chosen: M. G. Leslie, D. A. lbert, vice chairmen; Robert Oster- ater, secretary; Thomas G. McClure, easurer; S. J. Wainwright, Jr., James . Platt and Charles M. Logue, auditors. Recorder Brown was waiting in his ice until he was needed in the commit- e chamber. After the officers had all en elected a committee escorted the hairman to the room. After thanking e members for his election, he said:

Plea for Assistance.

"I want your help. The Republican sociations of the various wards which ou represent need your sound, common ense. I want your advice and kind co- peration. They need your work.

"As I said last year, I say again: Let win with peace where peace will win, d let us have war where war is neces- y. The brave never die in political ttles; therefore, let us be united and pared to fight for future victories to e. Get your registry lists in good pe. See to it that your election of- rs are honest. See that all Republi- s vote the Republican ticket. Be ited, and remember that work gravi- es to him who is the best equipped d most willing to do it. Therefore, entlemen, see that the workers work, nd never falter in your faith in the Re- ublican party or the principles of the epublican party. Be diligent, faithful, rong and full of fight, and march with he state organization and the Allegheny ounty organization in the coming November elections, and win your share f the coming victory and claim you hare of the coming honors."

M. G. Leslie introduced a resolution in- orsing the state and county ticket. While there was praise for President oosevelt and the local administration here was nothing to indicate that the ommittee had commendation for Stone nd his administration. The machine eaders have no explanation to offer for heir apparent slight of the man who ontrols the governments of Pittsburgh nd Allegheny. These are the resolu- ions:

Endorsed the Ticket.

Resolved, That we, the members of the Re- ublican city executive committee of the city f Pittsburgh, do hereby commend and ap- rove the action of the state Republican con- ention on the platform adopted. We also in- orse the candidates nominated and pledge hem our hearty support and assistance to se- ure their election.

Resolved, That we agree and approve the ction of the Republican convention of Alle- heny county in the nominations made and unanimously and unanimously agree to sup- ort each and every candidate named on the the Republican ticket with all our influence to assure their election.

Resolved, That we are unalterably opposed o a partisan judiciary, not only in Allegheny county, but also in the state and the United States, and we submit for the consideration of the voters of the city of Pittsburgh the action of the Republican party of this county during the past 12 years, during which time every judge who sought a re-election, has been nom- inated and indorsed by the Republican party.

We are also opposed to the dragging of the judiciary into factional and party politics, which is being done by a combination formed between the bolters of the Republican party and a committee dominating the Democratic party of this county.

We call upon the whole people of Allegheny county to rebuke by their votes the attempt on the part of the combination named to place upon the bench of the courts of this county any man or set of men for their own use in matters pertaining to their personal, business and political interest.

Resolved, That we believe in the principles of the Republican party in all matters and things pertaining to the present management of the government.

We heartily approve the course of our worthy President, Theodore Roosevelt, in his action in relation to secure reciprocity for Cuba, and pledge him our undivided support.

A resolution was adopted to appoint a committee of five to change the rules gov- erning the committee during 1902 and The leaders all say that they are ant of any radical alteration, but are expected.

The Republican county committee will in common council chamber this ternoon. The principal business will be re-election of Chairman A. C. Rob- on.

Signed Contracts With 23.

n Stern, representing Klaw & Er- ger, came from New York yesterday to "The Isle of Champagne" at the Du- sne garden, and so pleased was he before the night was over he had ed contracts with 23 members of the pany. Charles Drew, stage director, one who has a signed contract for 40 weeks of the coming season. He engaged to a stage director of the y Quiller company, that Klaw & Er- ger will put on the road about the ddle of September. Mr. Stern signed ntracts with 22 of the prettiest of the ls. He is negotiating with a number the principal members of the company.

President Will Visit Kansas City.

KANSAS CITY, June 20.—President Roosevelt has accepted an invitation of the Commercial club to visit Kansas City upon his western trip, either September 29 or 30. It is intended, if the president's stay will permit, to hold a public levee in convention hall, to have a military dis- play and an elaborate banquet in the great auditorium.

DISINFECTING FUND IS NOW AVAILABLE

RECORDER J. O. BROWN HAS AP- PROVED OF TRANSFER OF $7,500.

Corps of Disinfectors Are Now at Work Trying to Stamp Out Smallpox and Other Contagious Diseases—Supt. Pit- cairn Has Charge of It.

City Recorder J. O. Brown has ap- proved the ordinance transferring money from the contingent fund to the health fund to provide means for disinfection, and the work has already begun. The amount transferred is $7,500 and the authorities of the bureau of health be- lieve that this will be sufficient to pro- vide for disinfection until February 1, 1903, when the new appropriation ordi- nance will be passed. They hope that this will be cared for by a regular appropria- tion hereafter.

Recorder J. O. Brown signed the ordin- ance promptly after it came to him from the office of the city clerk. Controller John B. Larkin, however, informed the bureau of health that they could go on with disinfecting as soon as the ordinance passed both branches of council, as he recognized that the disinfection ought to be done and that it was almost criminal to stand in the way of it. Superintendent A. J. Pitcairn of the bureau of health is in charge of the work.

Under the order of Director A. H. Leslie the several corps who are to do the disinfecting were organized as soon as the ordinance passed the common branch, and when they were ready to go to work when they received the message from Controller Larkin that they might go on. Only two men are required for a corps, and they are able to get over a number of rooms a day. The rooms have to remain hermetically sealed for several hours and the corps goes over one room while another is sealed. By this means they are able to disinfect a number of rooms in one day.

Each corps works in a certain part of the city, and more corps will be added as the number of smallpox cases in- creases, as the health officials believe it will unless people heed the order to vac- cinate. Disinfecting houses where there have been cases of scarlet fever and diphtheria is enough to keep the regular corps busy, as the number of cases of these diseases is on the increase, due to the unsanitary conditions in many parts of the city.

Elias Johns, chief clerk of the depart- ment of public safety, who has been in control of the department during the absence of Director A. H. Leslie, said yesterday that the work of disinfecting had already begun and that he believed the appropriation of $7,500 would pay for whatever is needed until February 1, when there should be a regular appropr- iation ready.

WILEY CONFERS WITH THE FOURTH MANAGERS

Commander of Second Brigade Says Fine Military Show Is Assured. Need of Funds.

Gen. John A. Wiley of Franklin, com- manding the Second brigade, N. G. P., was in Pittsburgh yesterday, and spent a portion of the day at the headquarters of the executive committee having in charge the Greater Pittsburgh celebration of the Fourth of July. Gen. Wiley is to command the escort to the president of the United States on the Fourth, and the object of his visit was to confer with Col. A. J. Logan, chairman of the ex- ecutive committee, and members of the parade committee in regard to arrange- ments for the parade and the reception of the troops in this city.

Gen. Wiley met Maj. L. T. Brown, chairman of the parade committee; Col. Frank L. Rutledge and Col. John P. Fenny. The route of the parade was discussed, and other details were taken up. Gen. Wiley said he expected a full attendance of troops, as from reports he has received from the different regi- mental commanders, all the men are anxious to come to Pittsburgh to assist in the welcome to President Roosevelt.

"The people of Pittsburgh evidently intend to exceed all previous efforts on this occasion," said Gen. Wiley, in com- menting on the general arrangements. "No detail that would add anything to the comfort and pleasure of the people at large seems to be overlooked. The celebration, to my mind, will eclipse any- thing of the kind ever witnessed in West- ern Pennsylvania. The interest in it is general. I know that thousands of peo- ple up in the northwestern part of the state are talking about it, and many are planning to be here on that day."

The matter of firing salutes to the president and the general detail for the comfort of the troops was gone over with Gen. Wiley, and some good suggestions were brought out by him, and will be acted upon.

Railroad arrangements for the move- ment of troops are in the hands of Col. Samuel Moody of the committee on trans- portation. He has everything shaped up to move the members of the Tenth regi- ment from their various rendezvous; also for the movement of the Sheridan troop, from Tyrone to Pittsburgh.

The formation of the independent mili- tary organizations that will participate in the parade is in the hands of Col. H. P. Bope, who promises a large turnout. He is overwhelmed with requests for places.

Chairman W. A. Carr of the finance committee, still has hopes that the fund may be pushed up to $20,000 before to- night. He says there are several large concerns yet to be heard from, and he would like to have them help to put the fund up another notch by substantial contributions. The latest additions to the fund follows: George A. Kelly Com- pany, $25; Samuel M. McElroy, $10. This makes a total to date of $19,144.38.

Another meeting of the general execu- tive committee will be held at Recorder J. O. Brown's office at Municipal hall this afternoon at 1:30 o'clock. The principal matter that is giving concern at present is the raising of the necessary funds. Nearly $6,000 is yet needed, but in answer to urgent appeals only $35 was received yesterday, and not a single cent the day before. Col. Logan said yester- day:

"We expect to give a good account for every penny that is expended in this cele- bration and we assure all who contribute that the results will satisfy them of our good intentions. With the president of the United States as our prospective guest we cannot afford to omit a single item of the plans that are now under way. I hope the general public will appreciate the situation and come to the front with the necessary funds to carry out the ar- rangements we have undertaken."

A grand maneuver of the river fleet at night is a late suggestion for the Fourth. Most of the steamers have their own electric light plants and could illumi- nate in a gorgeous fashion, while the noise the whistles and sirens could make would satisfy the most patriotic.

IMPROVEMENTS ARE HELD UP BY THE RINGSTERS

Select Council Rump Committee on Parks Proves a Stumbling Block.

DELAY THAT IS ANNOYING

Director McCandless Hoped to Provide Some Park Improvements by July 4, But He Is Disappointed—A New Rump Park Committee.

When President Roosevelt visits Pittsburgh's parks on July 4 he will see the lack of improvements and con- veniences that has disgusted Pitts- burgh people for several years. The weary thousands will be compelled to stand. Park improvements cannot begin until fall, and it is barely possi- ble that they cannot begin this season at all. This is directly chargeable to select council and President John S. Lambie's rump committees. Select council was called in special session yes- terday for the special purpose of passing these ordinances for park improvements, but adjourned without doing so. Director J. Guy McCandless is filled with wrath, but declines to discuss the matter.

The improvements authorized by the ordinances aggregate $125,000 and are recognized as needed. Director J. Guy McCandless pleaded with common council to pass them when they were reported to that branch, and such public-spirited men as W. H. Stevenson of the Fourteenth ward, President Charles S. Crawford of the Twentieth ward and Dr. G. W. Mc- Nell of the Twenty-first ward fought for their passage, and they were passed. They were then messaged to select coun- cil two weeks ago and promptly referred to the rump committee on parks. If select council had been disposed to obey the law, they would have passed without such reference.

Refused to Organize.

President Lambie, when he referred the ordinances to this rump committee, knew that the committee had not organized and would not organize. The men ap- pointed on this rump committee are re- form members of the select branch, and, knowing the committee to be illegal, as law-abiding citizens refused to have any- thing to do with the committee. Of course they did not consider a meeting neces- sary, knowing the ordinances could be passed without any such consideration, as they had already been acted upon by the joint committee on parks. The peculiar spectacle has been presented of the ring- sters in common council fighting for the passage of the ordinances and the ring- sters in select council fighting against them.

When President Lambie called select council to order yesterday afternoon and Clerk E. J. Martin read the call for the meeting, it was found that the meeting was called for the purpose of taking up unfinished business from the park com- mittee, meaning the park ordinances. Mr. Lambie then announced that the park committee had not met and taken up these ordinances. He talked sadly and looked disturbed.

John A. Murphy, who months ago pre- sented the resolution which created the rump committees, moved that the select council committee on parks be discharged because it had not organized, and that a new park committee be appointed. The ring majority supported the motion and it prevailed.

Robert H. Douglas, the reform leader in the select branch, surprised President Lambie into giving him the floor and moved that the rules be suspended and the park ordinances be read three times and finally passed. The ring leaped upon this motion and beat it to death.

Director McCandless Disappointed.

When President Lambie announced that Mr. Douglas' motion was defeated Direc- tor J. Guy McCandless, who was occupy- ing a seat to the rear of Councilman O. S. Atkinson, said to the latter in a tone of voice that could be heard all over the chamber: "That settles it! I cannot begin the park work until fall!" And the director threw himself back in his chair with a disgusted air.

Clerk W. C. Gearing then messaged from the common branch several unim- portant street ordinances, and the ordi- nance which was passed by common council at its last meeting, providing for a license fee of $75 per annum for switch tracks. These went to the rump committees.

John Benz introduced an ordinance for the employment of a resident physician at the municipal hospital at a salary not to exceed $125 a month. This went to the rump committee on finance, where it will gently sleep.

Director J. Guy McCandless has been very anxious to get these park ordinances passed, as he wanted to award the con- tract for the settees and swings, at least, and get them in the parks by July 4. After council adjourned President Lambie appointed the following new rump com- mittee on parks, all being hold-over ma- chine men: John Benz, Harry W. Diehl, John A. Murphy, James W. Platt, Will- iam E. Sankey, John J. Shenkel, Charles Stewart, John H. Voskamp and George S. Wilson.

"Good for Bad Teeth Not Bad for Good Teeth."

IF YOU HAVE NOT SECURED TICKETS FOR

GRAND FREE EXCURSION TO BRADDOCK PARK

PLAN OF LOTS TODAY

get to E. J. Smail's office at 512 Bakewell Building, corner Grant and Diamond streets, this morning sure.

Everybody hustle, because today is the day hustlers will make more money in a single minute than the average workingman makes in a whole year!

As the mighty steed that will draw the grand free excursion train from the Union depot over the Pennsylvania Main Line begins to puff and pant, and the giant wheels of the fortune scented coaches begin to revolve at 1:50 this afternoon, YOU be one of the great crowd of travelers to for- tune!

TRAIN SCHEDULE:

The free excursion from Pittsburgh will leave Union Depot on the Pennsylvania Main Line at 1:50 P. M. today, City Time, stop- ping at East Liberty, 2:02; Homewood, 2:05; Wilkinsburg, 2:09, and Swissvale, 2:13.

The free excursion train from Greensburg will leave Greensburg from P. R. R. Depot, 10:57 A. M., City Time, stopping at Jeannette, 11:08; Irwin, 11:20; Pitcairn, 11:34; Wilmerding, 11:38, and East Pittsburgh, 11:42.

Passengers from McKeesport, Riverton, Demmler and Port Perry can take Yellow Cars on Monongahela Traction Line and get off at property, corner Hawkins and Park Avenues, at end of the High Bridge. Homesteaders and those living in Duquesne can take Homestead, Braddock and East Pittsburgh cars and get trans- fers to Wilkinsburg and East Pittsburgh cars at Bell and Jones ave- nues in Braddock, which will take them to corner of Park and Haw- kins avenues at the property.

You can catch Yellow Line "Wilkinsburg and East Pittsburgh" cars on Sixth Ave., Seventh St., Penn Ave., Cecil Alley or on Fifth Avenue in Pittsburgh, which go to Braddock Park without transfer.

It will be Braddock's greatest day!

What excitement there'll be! The amazing Balloon ascension and its thrilling finish. Thousands of eyes will turn heavenward to see the great Alvini distribute the FREE DEEDS to the multitude before being shot from the giant cannon's mouth 3,000 feet up in the air!

Bring a ten or twenty dollar bill with you—see the wonders you can perform with even this little bit of money!

Listen to your neighbors who are experienced in real estate values saying that this is the greatest show that any man ever had to make big money for little.

It will be a merry-making crowd because a money-making crowd! The soul-stirring strains of the famous Carnegie Library Band of 42 pieces will create enthusiasm outrivaling any Fourth-of-July celebration!

$3,620,000 in wages given out twice a month and confined to a radius of less than 6 miles of Braddock Park is the startling fact that keeps Braddock Real Estate continually bounding up in price and will be the means of sending the Braddock Park lots you buy today to figures far beyond your wildest dreams in the near future!

BE ON HAND TO MAKE YOUR START IN LIFE AT 1:50 SURE.

CLOSING DAYS OF SCHOOL CAREER FOR MANY PUPILS

Shadyside Academy Commencement Exercises Held Last Evening.

ORATIONS AND DEBATES

Graduates of the Pittsburgh College Were Greeted by Admiring Friends and Handed Diplomas and Medals at the Alvin Theater.

With pretty maidens, fragrant flowers and ambitious orations as the most prominent features, the 34 members of the Shadyside academy class of 1902 celebrated their farewell to preparatory school life last night at Carnegie music hall before a most attentive and enthusiastic audience of 1,200 people. The graduating class is the second largest in the history of the school, and one which has captured equal honors both on the athletic campus and in the study hall.

The program of the exercises was a thoroughly enjoyable one, the excellent orations and debates delivered by the honor members of the class being intermingled with selections by the glee and mandolin clubs. During the intermission the boys who now enter the doors of the leading colleges of the country for the most part and the routine of business life in some instances were the center of an impromptu reception in the corridors, the members of the fifth form, who acted as ushers, helping the seniors to take care of their friends.

The hall was plainly but attractively decorated with the school colors of old gold and purple, in the form of a large initials and the numericals, 1902, above the stage, on which to the right were seated the members of the class, while to the left were assembled the members of the faculty and the following of the board of trustees: Judge J. H. Reed, Starling W. Childs, Willis L. King and D. G. Stewart. A beautiful supply of palms completed the decorations, but for the immense heaps of magnificent flowers, which taxed the force of ushers to the utmost, as they were carried forward upon the delivery of the diplomas.

Orations and Debates.

After the rendition of the "Boating Song" by the Mandolin and Glee clubs, the first oration of the evening was delivered by Homer Dewhurst Smith, presenting to the audience the character of Wendel Phillips. A debate next held the attention. DeWitt McClure Taylor affirming that "The Modern Tendency Toward Industrial Combination Is Deplorable," while John Kuhn Scott just as steadfastly maintained that it is commendable. No decision was rendered.

Henry Graham Meyer delivered an oration on "The Siege of the Legations at Pekin."

Arthur Edwin Wilson held the interest close with the story of the children's crusade. Enthusiasm was aroused by the "Possibilities of Pittsburgh," as presented by George Love Coyle. The Rev. William H. Fulton of the Point Breeze Presbyterian church dwelt impressively and with the greatest of interest upon life as a mission, as opposed to a career of self aggrandizement and reward. The presentation of diplomas by Principal Crabbe was the signal for enthusiasm as each name was called.

A cause for regret was the absence of William Armstrong, the class leader in athletics who is ill with scarlet fever. The members of the class are as follows: William Metcalf Armstrong, William Boyd, Jr., Herbert Fulton Byram, Samuel Carothers, James Woolsleyer Clark, George Love Coyle, John William Curry, James Algernon Darsie, John Dalzell Duff, Brownlee Harper Gibson, Walter Tabor Grange, Harry Foster Griffith, Ernest Hillman, Roy Birney Hutchinson, Frederick Warren Kay, Joseph Walker Kennedy, Dilworth Richard Lupton, Henry Graham Meyer, Howard Thorne Muzzy, Albert Walker McCloy, Laurence Irving Neale, John Paul O'Brien, Charles Oliver, George Wentzel Pollock, Sylvester Cosgrove Preston, Joseph Riter, Joseph Hanson Rose, John Kuhn Scott, William Knepper Skilling, Homer Dewhurst Smith, Joseph Dio Thomas, DeWitt McClure Taylor, Samuel Updegraff, Arthur Edwin Wilson.

Pittsburgh College Graduates.

The Alvin theater was crowded last night from pit to gallery, the occasion being the 24th annual commencement of Pittsburgh college. Scores of former graduates and pupils of the institution, many of whom are now priests, made it a night of memories of early collegiate days. The graduates represented the commercial, classical and scientific departments. Diplomas in the commercial courses were awarded to Joseph Charles Browne, Edward Henry Kempf, Charles Michael Mayer, Aloysius Anthony Voelker, Joseph Edward Weaver, Joseph Nicholas Whalen, Charles Wiegel, Louis Stephen Zahronsky; in the classical and scientific departments to John Joseph Huettel, Francis Aloysius Maloney, John Patrick Murphy, Patrick Francis O'Connor, William Joseph Ryan and Gustave Schoppol. These last likewise received the degree of bachelor of arts.

The exercises consisted of a Latin salutatory by Gustave H. Schoppol, and orations by other members of the graduating class, the whole being interspersed with musical selections by the College Glee club, under the direction of the Rev. Father John Griffin. The diplomas were conferred by the Very Rev. Father E. A. Bush, vicar general of this diocese. Father Bush's address to the graduates was confined to the "after life" of the student, emphasizing the necessity of students keeping before them the life of the Divine Teacher. He spoke highly of the Holy Ghost Fathers and their work in the training of youth.

The Bishop Was Absent.

Bishop Phelan was to have been present, but on the advice of his physician, has remained indoors this week. The Rev. Father M. A. Hehir, C. S. Sp., president of the college, delivered an address on "Higher Education."

"Never before in the history of the country has the struggle for success been keener than at this very moment," said he. "Victory, in a great measure, lies with the intellect. The development of this is the work of educational institutions. Higher education, therefore, is a duty which parents owe to themselves and to their children and to their country. All education, to be effective, should be Christian. A system of education that does not include the soul too often results in the whirlpools of anarchy, socialism, infidelity and atheism. It is obvious that the welfare of this country, or any country, depends greatly on the measure of spiritual development at the same time the intellectual faculties are being broadened."

During the past year 300 students were enrolled with an average attendance of 250. The valedictory was delivered by Francis A. Maloney, after which Father Bush imparted a blessing. The undergraduate medalists this year were John Joseph Coyle, first academic; Richard T. A. Ennis, third academic; John F. Malloy, sophimore. Thomas F. Conkley, junior class, captured the gold medal for oratory. Stanislas Kolipinski was awarded the gold medal for Christian doctrine. The graduate medallists were Louis Stephen Zahronsky, Aloysius Voelker, Patrick Francis O'Connor, Gustave Henry Schoppol. Francis Aloysius Maloney captured the Bishop Phelan medal for general excellence.

GROVE CITY DEGREES.

List of Graduates Announced by the Faculty of the College.

GROVE CITY, PA., June 20.—(Special.)—The following list of graduates and degrees conferred by Grove City college has just been announced: Ph. D., Prof. William H. McMullen, McKeesport; Harry B. Kinney, St. Clairsville, O.; the Rev. Stewart Y. Sankey, Hookstown; the Rev. Alfred G. Buxton, Erie; the Rev. David L. Martin, Boston; classical, Barclay Bottenhorn, Oilveburg; Stephen H. Bennett, Belleport; L. D., Mary Bynissar Butts, Mansfield; Cyrus C. Badge, Grove City; Frederick W. Daugherty, Grove City; Charles L. Fearow, Sayre; Clarence W. Johnson, Butler; Walter T. Lowrey, Butler; Samuel L. Louden, New Castle; Herbert C. Lytle, Sandy Lake; Bessie B. Montgomery, Grove City; John D. McBride, Grove City; Theodore S. Staurt, Altman; Roy M. Soult, Fredonia; George Weil, Braddock; Ph. B., Homer R. Blair, Wesley; Alice M. Butts, Mansfield; Edith S. Blynt, Braddock; Mary L. Case, Hartstown; Albert B. Chesebro, Petrolia; David V. Cook, New Alexander; Renwick G. Dean, Wexford; J. Herrington Drake, Jacksville; Lyda J. Elliott, Leechburg; Reuben H. Fetter, Pierce; Clyde C. Greene, Kittanning; Joseph S. Goehring, Harmony; Norval E. Hecter, Callensburg; Louise A. Hazlett, Kent; Delmer T. Kuhn, Hooker; John F. Lawrence, Hoodsville; Thomas B. Miller, Blairsville; Homer K. Miller, Franklin; Samuel A. Mahle, Sandy Lake; Robert C. McMinn, Grove City; Henry K. McElvath, Jackson Center; Plummer H. Osborne, Norths Mills; Lida Raymond, Grove City; Caryl E. Starr, Petrolia; Hugh E. Stewart, North Hope; Ulysses G. Studebaker, Jacksonville Charles B. Smathers, Ringgold; Mile Sheakley, Renfrew; Carl G. Wilson, Ellwood city; scientific, Carl Donaldson, Jackson Center; William M. Fresh, Allegheny; North M. Jones, Pansy, and William D. McCurdy, Grove City.

TITUSVILLE, PA., June 20.—(Special.)—Twenty-five graduates carried out an interesting program at the High school commencement here this morning. The members of the class are: Edith Kerr, John F. Barber, Ina Kerr, Manley C. Beebe, Lloyd E. Main, Mabel C. Bennett, Frank W. Caldwell, Frank B. McNiering, Mary M. Dame, Sadie C. Metzgar, Maud Derby, Dolphus A. Miner, Sarah Neoms, Katherine Dickinson, Justus Eybert, Blanch P. Playford, Nannie C. Reardon, Ralph Edmunson, Maud I. Hartshorn, Jennie M. Hoff, Clifford R. Jennings, Frank B. Smith, Minnie E. Johnson, Fred J. Smith and Hattie E. Thompson.

GAMBIER, O., June 20.—(Special.)—The commencement of Harcourt Place seminary was concluded yesterday by the alumnae meeting. The long luncheon tables were spread in the shade of the oaks on the lawn, and for nearly three hours the "old girls" and their invited guests had a happy time together. The commencement exercises took place the day before. The address was delivered by the Very Rev. Charles H. Snedecker, Dean of St. Paul's pro-Cathedral in Cincinnati, and the diplomas were awarded by Mrs. Ada L. Ayer Hills, the principal, to the Misses Emma Riddell Angell, Columbus; Sara Clarke, Santa Monica, Cal.; Claire Evans, Columbus; Mary Elvira Ingersoll, Cleveland; Serena Belle Leming, Japan; Marie Myers, Springfield, and Daisy Mary Fearsall, Brownsville, Pa.

INDIANA, PA., June 20.—(Special.)—The school board of Indiana has selected the following teachers for the ensuing term: Principal, James F. Chapman; Edith Dodds, Lila Purington, Lydia Scott, Erma Cunningham, Mrs. N. L. Laughrey. Ernest Work will be assistant principal. Third and Fourth wards—Edna Sanson, Verde Lytle, Minnie Russell, Nora Lockard, Crissie Cameron.

HARVARD'S CLASS DAY.

Students Enjoy Their Time-Honored Ceremonies—Class Oration Delivered by a Colored Man.

CAMBRIDGE, MASS., June 20.—The annual class day exercises of Harvard university were held today. The class oration was delivered by Roscoe Conkling Bruce of Tuskegee, Ala. Bruce is a colored man and is going into educational work in the south.

The Hasty Pudding club held its "spread" immediately after the literary exercises. Later in the day the seniors assembled around the old tree for their private exercises. Gifts were made to various prominent members of the class, appropriate to their peculiar talents or achievements.

The ceremonies around the John Harvard statue attracted a great throng. The students marched up in classes, the seniors first going through their picturesque custom of taking the farewell from the yard by marching around to the various old buildings and cheering each in turn. After the statue exercises the crowd scattered to the various collations served by the college Greek letter societies.

PREPARATORY EXAMINATIONS.

Those for Entrance to Harvard and Radcliffe Begin June 23.

Much interest is being evinced this year in the preparatory examinations of the noted educational institutions of the county to be held here next week. Harvard university and Radcliffe college are among the notable institutions that will hold these examinations. Harvard examinations will begin June 23 and conclude June 28. They will be held in Shadyside academy. Here, too, the examinations for admission to Radcliffe college will be held at the same place and time.

Both of these institutions have a world-wide reputation, the system being the most complete and the faculties made up of the best scholars of the world. The Pennsylvania State college examinations will be held in the central board of education rooms, Fifth avenue, next Thursday and Friday.

The Panhandle Statement.

The estimated results of the operations of the Pittsburgh, Cincinnati, Chicago & St. Louis Railway Company for one month and five months ended May 31, 1902, and increase as compared with corresponding periods of 1901, are as follows:

May.	1902.	Increase.
Gross earnings	$1,806,289	$229,276
Operating expenses	1,423,890	171,017

Rates $19, tickets good for 16 days.

THREE CHILDREN SENT TO SEARCH THEIR PARENTS

Deserted in Steubenville and Shipped by Officials to New York.

GERRY SOCIETY HAS THEM

Armed With Tickets and a Letter to the Conductor, but Without Money, They Find Friends En Route and in the Metropolis.

[SPECIAL TELEGRAM TO THE GAZETTE.]

New York, June 14.—Tired and travel-stained, three children were brought into the Tombs police court today by a policeman of the steamboat squad. Each child had a bundle and a luncheon, and one big canvas valise did service for the three. They were Howard Turner, aged 14; Walter, 12 years old, and Sadie, 10.

They told the officer that they had left Steubenville, O., yesterday at 5 o'clock and that they were going to join their parents in Mamaroneck. The town trustees sent them on with tickets but no money, and this letter:

Office of Township Clerk, Steubenville, O.
To the Conductor of the Train Carrying These Children:

Dear Sir—Please give these small children some attention and kindly say that they make proper connections, as they wish to reach their parents as soon as possible, and oblige,
Steubenville township.
T. ROBERT BARCLAY, Clerk.

"My papa left Steubenville about April 5, and went to Mamaroneck," said the youngest child. "He said he would send for us when he could, but he has been sick. He is a house mover when he can work. Walter and Howard were working in a foundry in Steubenville, but things cost too much there."

Turning to Officer King of the Gerry society the magistrate said: "I will put these children in your custody and I want to see that they reach their father and mother."

STEUBENVILLE, O., June 20.—(Special.)—The three children found in New York today were sent from here by the township trustees last evening. They were children of Grover C. Turner, who was attracted here, with a family of six children, because of the boom. Matters did not pan out right, debts piled up and the discouraged Turner, with his wife and the three youngest children, decamped by night for New York, deserting the older children. Finding it cheaper to send the children to the parents in New York than to maintain them at a home the trustees sent them there to look up their parents.

B. & O. SECURES A LINK.

The Fayette County Railroad Purchased for $325,000 and Other Interests Thereby Left.

The Fayette County Railroad yesterday became an integral part of the Baltimore & Ohio railroad. The deal was nothing of astounding proportions, in consideration of the scope of the Baltimore & Ohio railroad, but it was most important. It means the defeat of the Gould & Vanderbilt interests on an important foothold.

The Fayette County railroad, 11.80 miles long, is a very important link in the coking field territory which the Baltimore & Ohio lines penetrate. A suit has been pending for years, because under the terms of the 99-year lease to the Pittsburgh & Connelsville railroad, controlled by the Baltimore & Ohio, this interest was derelict in paying the $9,000 annual rental. Under these conditions both the Pittsburgh & Lake Erie and the Wabash railroad interests sought to buy the 12-mile line.

Maj. H. D. Bulkley, controller of the Baltimore & Ohio Railroad Company, closed the deal yesterday. Under the terms the Baltimore & Ohio pays $325,000 for the road, of which the aggregate capital stock value is $107,000. Thereby the Baltimore & Ohio Railroad Company becomes the owner of the road at an annual rate of little over 3 per cent on the price paid and this is about equivalent to the $9,000 formerly paid annually in rental.

The Fayette County railroad was owned in the main by J. V. Thompson, the banker of Uniontown, Pa., and F. C. Robinson. It was leased to the Pittsburgh & Connellsville in 1864. Quarterly dividends of $8,592 were paid. The road links up Gibson Junction and Uniontown and operates nearly 19 miles of track.

TOWNS BURNING.

Forest Fires Doing Great Damage Near Tacoma—Many Lives Believed to be Lost.

TACOMA, WASH., June 20.—The fire department of this city has sent men, engines and hose on a special train to Buckley, 33 miles away, which is threatened with complete destruction by forest fires. A great cloud of smoke hangs over Tacoma. The Mountain mill, two miles east of Buckley, was burned today. Undoubtedly many lives of mountain campers and loggers have been lost.

At Buckley, when the Tacoma fire department arrived, the chief said he probably could save the town.

Enumclaw is threatened with destruction by forest fires. The whole population is fighting the flames. The water works has been burned. Much farm property has been already destroyed. The damage to timber and buildings in the town is more than $100,000.

EVANGELIZATION WORK.

Bishop J. W. Hamilton Talks to Methodists on the Immigration Problem.

Bishop J. W. Hamilton of San Francisco delivered the principal address last night before the annual meeting of the Allegheny City Evangelical union, held in Calvary Methodist Episcopal church, Allegheny. Bishop Hamilton's remarks were confined chiefly to the immigration problem and the work of the church among this class.

The meeting was called to order by the president, Albert A. Horne. The Rev. F. H. Callahan made a report on city missions. The following officers were elected: Albert A. Horne, president; Harvey Henderson, vice president; A. E. Wilson, secretary; William Hamilton, treasurer.

Stirred Up by a Riot Call.

It was reported at No. 3 police station yesterday afternoon that a riot was in progress at the Faweus Machine Company's plant on Smallman street, and that 50 men were beating a foreman. A squad of officers was sent to the place, but found no disturbance. There had, however, been some difficulty between the foreman and officials of the company over the foreman's pay.

Excursion to Cumberland Next Sunday June 22—Rate $2.

Special train leaves Baltimore & Ohio railroad depot, Pittsburgh, 6:30 a. m.

CASTORIA.

TWO DEATHS RESULT FROM SMALLPOX; BUTTER AND MILK ARE ADULTERATED

TWO SUCCUMB TO SMALLPOX

Girl Dies at Harrison City and Infant Near Johnstown.

VACCINATION IS ORDERED

[SPECIAL TELEGRAM TO THE GAZETTE.]

GREENSBURG, PA., June 20.—A death from smallpox at Harrison City, in the Manor valley, has created the wildest alarm in that locality. This morning Miss Sadie Baughman, one of the many patients in the village, died. She was 18 years old and contracted the disease about 10 days ago. There are about 20 cases in the village and at Claridge, a mining town nearby. Business has been suspended in both towns and a strict quarantine has been effected.

JOHNSTOWN, PA., June 20.—(Special.)—The first death from smallpox during the latest visitation of the disease to Johnstown occurred at noon today when the infant child of Frank Jordan died. Another case of smallpox developed today, the patient being John W. Harris, night warden at the Central police station.

EMLENTON, PA., June 20.—(Special.)—On account of several cases of smallpox at Foxburg all the saloons and barber shops in that place have been closed by the board of health. The board has already spent $500 to meet the situation, which is a serious one, and the disease is not yet under control. Everything is being done to prevent the disease spreading to other towns. This morning two men employed on the Bradford, Bordell & Kinzua railroad, and two who had been exposed to the disease, tried to go to Kane, but they were caught at Clarion Junction and sent back to Foxburg, and are now in the pest house, together with a dozen suspects. The Bradford, Bordell & Kinzua officials disinfect the cars each night and have issued orders calling upon every employe to be vaccinated.

CUPID IS ASSISTED BY ADVERTISEMENT

New Castle Woman Becomes a Bride Through Agency of a Matrimonial Paper.

SPECIAL TELEGRAM TO THE GAZETTE.

NEW CASTLE, PA., June 20.—The end of a romantic courtship, in which a matrimonial paper was called upon to assist Cupid, occurred here last night, when Robert Sedgley of Chicago and Miss Mina Musser of this city were married by the Rev. Earle Willey, pastor of the Park Disciple church. The groom is a Chicago photographer and the bride is a daughter of Mrs. Sarah Musser of No. 161 East Long avenue. He advertised in a matrimonial paper, telling of his lonely condition. Miss Musser answered. In the correspondence that resulted the couple became engaged without having seen each other, and Sedgley came here on June 7 to meet the girl. They were to have been married the following Wednesday, over a week ago, but quarreled after the Rev. Dr. J. H. Miller, pastor of the English Lutheran church, who had been invited to officiate, reached the Musser residence. The minister was pledged to secrecy and the wedding postponed.

However, the course of true love was untangled again yesterday and the wedding last night was the result. Sedgley and his bride left tonight for Chicago.

TO BUILD A TUNNEL.

Pennsylvania Railroad Will Straighten Track Near Altoona.

ALTOONA, PA., June 20.—In the big railroad improvements east of this city it is the intention of the Pennsylvania railroad to eliminate a sharp curve making a comparatively straight line between Altoona and Bellwood. To do this it will be necessary to build a tunnel 400 feet long.

Over this tunnel will be built the new gravity classification yard. The passenger and through freight tracks will be independent of all others.

LEFT TRAILS OF BLOOD.

Wounded Robbers Got Away With $165 Near Altoona.

ALTOONA, PA., June 20.—Six masked men visited a house in Patton, a mining town on the mountain, last night and walked away with $165. They made so much noise that one of the sleeping members of the house was aroused and opened fire on them with a revolver.

The bullets evidently found lodgment in the robbers, for the trails of blood were found through the rooms and on the porch. Bloodhounds were sent for to follow the robbers.

Pittsburghers Married in Ohio.

STEUBENVILLE, O., June 20.—(Special.)—Walter A. Shaffer and Estelle M. Harley of Allegheny, Carl S. Jamison and Emily L. Davis, and Louis E. Kuehnle and Annie Burt of Pittsburgh; John Law and Virgie Scott of Lyre, Pa.; William J. Galbraith and Ida Donaldson of Braddock, and Harry Klein and Sadie Freedman of Pittsburgh, were married here.

MESSENGERS ON STRIKE.

Western Union's Boys Go Out, Then Back, Then Out Again—Others Take Their Places.

The messenger service of the main office of the Western Union Telegraph Company was tied up for a time yesterday morning because the messenger boys of the American District Telegraph Company went on a strike. The boys claimed they struck because they were not given fair treatment by the company by which they are employed.

The boys paraded up and down Fifth avenue and Sixth street during the noon hour, and their shouts added to the general din on the downtown streets. About one-third of the boys went back to work later, but it was only a short time before they were again out on the street, having again quit work. The company called in all its boys from the sub-stations, and with the office force managed to get messages out.

The boys are paid 2 cents for each message delivered, and in cases where answers are returned they get 2 cents additional. In case the boy cannot find the person to whom the message is to be delivered he gets nothing. The boys claim they should get 1 cent for each message so returned. There are 240 boys employed, 140 being on day and 100 on night duty. Last night there were 65 boys working.

Killed by a Train.

An inquest was held yesterday into the death of Cornelius Garvin, a switchman, who was found dead at West Elizabeth several days ago. It was the supposition that Garvin was killed by a train, but as the body was found some distance from the tracks and his friends talked of possible foul play, the inquest was delayed. The jury found that Garvin had come to his death by being struck by a train.

Workmen Overcome by Gas.

Philip Neela, of McDonald street, and Thomas Hayes, of Fairmont avenue, were overcome by gas while working in a ditch yesterday morning in Center avenue. They were removed to their homes and are quite ill. Both men were found lying in the ditch by Policeman James Bruce.

DUCKED VAGRANTS IN OHIO RIVER

New Form of "Water Cure" Applied at Mingo Junction.

[SPECIAL TELEGRAM TO THE GAZETTE.]

STEUBENVILLE, O., June 20.—Citizens of Mingo Junction used the "water cure" in an original manner last night and today very effectively in ridding the town of about 100 vagrants who went there from the Wabash railroad on pay day, spent their money and have since been terrorizing housewives by insults when begging and have been a nuisance about the town. Citizens have been held up and robbed by them.

A large crowd of citizens rounded these men up in squads and rushed them to the river, pushed them in and held them under water until they promised to leave. Several, including one negro, nearly lost their lives in the water.

FACTIONAL STRUGGLE CROPS OUT IN COURT

Schuylkill County Solicitor on Trial for Libeling Postmaster in Telegram to Roosevelt.

[SPECIAL TELEGRAM TO THE GAZETTE.]

POTTSVILLE, PA., June 20.—The Elkin and Pennypacker forces in the late contest for the Republican gubernatorial nomination were arrayed against each other in a case in court today. Postmaster G. C. Schrink of Pottsville, a prominent Quay leader, charged County Solicitor Snyder, an anti-Quayite, with transmitting and publishing a libelous telegram to President Roosevelt. In this telegram Snyder charged Maj. John F. Pinney, assistant United States treasurer at Philadelphia, Postmaster Schrink of Pottsville, Postmaster Heimbach of St. Clair and Revenue Collector Clay W. Evans with directing the fight for state delegates at the Republican district convention. It was also charged in the telegram that the agents of these federal officeholders were offering money for delegates and coercing subordinates.

The evidence did not show that Snyder caused the publication of the telegram and the defense did not offer any evidence. Judge Bechtel ordered the jury to acquit Snyder on the first count in the indictment, which charged him with authorizing the publication of the telegram.

The second point, in which the defendant was charged with transmitting the telegram for publication, was given to the jury for a verdict. Judge Bechtel charged the jury that the publication was a privileged one and that malice must be proven on the part of the defendant. A sealed verdict in this case will be returned tomorrow morning.

The trial has so intensified factional feeling in Schuylkill county that ex-Congressman Charles N. Brumm of Minersville announced tonight that he is a candidate for congress in opposition to George R. Patterson, the present congressman from this district. Patterson is blamed for the unseating of the Elkin delegates.

BIDDLE MONUMENT.

Farmers Planted Sandstone and the Mystery of Souvenir Hunters Is Exploded.

BUTLER, PA., June 20.—(Special.)—A rude sandstone marks the stop on the Butler and Prospect road where the Biddle brothers were mortally wounded and captured, but the erection of the monument was not the result of a deep mystery, as many supposed, and consequently souvenir hunterss who have chipped off corners of the sandstone have found that their relics are not really what they seemed.

At the time of the erection of the monument a great deal of speculation was indulged in as to who the persons were that erected the monument. Great mystery seemed to surround the affair and many stories were told about the mysterious men seen in the neighborhood, who it was thought had brought the monument from a distance.

Now it appears that the monument was erected by some farmers who were working on the roads at the point where the tragedy took place. The farmers got tired answering questions about the exact spot where the fight took place and they set up the sandstone marker, painted it and marked the inscriptions on it.

NEW RAILROAD PROJECTED

Proposed Line to Develop Coal Land in Westmoreland and Fayette Counties.

GREENSBURG, PA., June 20.—(Special.)—The Indian Creek Valley Railroad Company which was chartered at Harrisburg this week, is composed of Westmoreland and Fayette county capitalists, and W. A. Kalp of Mt. Pleasant is president. The capital stock is $1,500,000. It is proposed to build a railroad from the mouth of Mill Run into Springfield township, Fayette county. A large body of coal recently acquired will thus be developed.

The line will also extend into Westmoreland county. It will traverse the Ligonier valley via Indian Head, Mechanicsburg and Donegal, and connect with the Pittsburgh, Westmoreland & Somerset railroad. Messrs. Kalp, O. P. Shupe, John Husband, J. D. Hitchman and other Mt. Pleasant capitalists have an option on several thousand acres of coal in the upper valley that they propose to develop.

Larger Ration for Guard.

HARRISBURG, June 20.—General orders were issued today to the National Guard of Pennsylvania by Adjutant General Stewart relative to the distribution of rations for the division encampment at Gettysburg on July 12-19. The ration has been enlarged so that it may not be necessary for the troops to purchase additional supplies from private subscriptions.

Engineers Elect Officers.

NEWARK, O., June 20.—(Special.)—At a convention of the stationary engineers of Ohio the following officers were elected here this afternoon: President, J. A. McConaughy, Akron; vice president, Michael Rohrer, Cincinnati; secretary, Robert A. Orin, East Liverpool; treasurer, A. W. Phillips, Wellsville; conductor, J. A. McFarland, Newark; doorkeeper, C. M. Ward, Cleveland.

Consumption

Nearly all early cases can be cured. Expert physicians tell us they rely largely on three things—fresh air, good food, and Ayer's Cherry Pectoral. If the case is advanced, recovery is more uncertain. Follow your doctor's orders. That's best.

"I had a terrible cold on my lungs. I feared I might have consumption. Nothing seemed to give me relief until I used Ayer's Cherry Pectoral. It acted promptly and cured me completely."—Miss Emma Miller, Fort Snelling, Minn.

75c., 50c., $1.00. J. C. AYER CO., Lowell, Mass.

MUCH BUTTER ADULTERATED

State Dairy and Food Bureau Finds Large Quantity of Preservatives.

MILK FOUND TO BE IMPURE

[SPECIAL TELEGRAM TO THE GAZETTE.]

HARRISBURG, June 20.—Seventy-one suits brought against offenders of the state dairy and food bureau. Thirty-one of these suits were terminated and the other 40 are still pending. During the same period three suits against oleo offenders were brought by the Pennsylvania Pure Butter association.

An epitome of the work of the bureau for the six months ending December 31 last forms a part of a bulletin issued today by Dairy and Food Commissioner Cope. The bulletin shows, in addition to the foregoing information, there were issued during these six months 55 retail, three hotel and restaurant and two boarding-house licenses concerning oleomargarine. One manufacturer was licensed to make renovated butter and one license issued to retail it.

Of the 438 samples of butter analyzed 164 were pure, 191 adulterated, 82 contained a preservative and 10 were analyzed for the information of the division. Of the 293 samples of milk tested 220 were pure, 40 were adulterated and 33 contained a preservative.

Other cases brought were five against renovated butter dealers, 50 adulterated milk cases, 108 food cases, one lard case and one vinegar case.

OPPOSITION TO HUFF.

It Is Said That Quay Has Been Warned of a Fight in Westmoreland County.

GREENSBURG, PA., June 20.—(Special.)—The opposition forces in the nomination of Col. George F. Huff for congress in the Butler-Westmoreland district made a sensational move today. Before the late primaries it was thought Col. Huff would not be opposed by any faction in this county, but since the state convention conferences have been held by some of the old line Quay people with the object of throwing Col. Huff overboard.

It is told here tonight that Senator Quay has been notified that should Col. Huff be given the district nomination by the umpire, who will doubtless be appointed by the state committee, the opponents of Huff will see that the legislative delegations will not vote for Penrose.

STATE AND NEIGHBORHOOD.

AVONMORE, PA.—The store room of Ford Townsend was broken into last night and about $100 worth of goods taken. There is no clue.

BUTLER, PA.—Miss Belle Adams of Fairview, this county, has sued B. L. Hindman for $5,000 for breach of promise of marriage and bail in the case has been fixed at $1,000.

GREENSBURG, PA.—Last evening a 1-year-old daughter of Albert Crissey of Bradenville fell into a vessel of boiling water and was so badly scalded that death resulted in a few minutes.

NEW CASTLE, PA.—Frank R. Bell, a son of the Rev. Carmen Bell of Green Castle, Pa., was drowned in a creek at New Wilmington last evening. He was a student at Westminster college and was 15 years of age.

CORRY, PA.—Ernest Howard and George Goodwell, the young men charged with the murder of Henry Haddock, had a hearing yesterday. Goodwell proved an alibi and was discharged. Howard was held for the grand jury.

MONONGAHELA, PA.—The Black Diamond coal mine, near here, has been closed on account of the low water. About 250 men are out of employment. The officials of the company propose making extensive repairs at the mine.

HARRISBURG.—Jonah G. Diffenderfer, prothonotary of Dauphin county, was seriously burned in an automobile accident last evening. He turned a valve the wrong way and the escaping gasoline ignited, setting fire to his clothing.

WOMEN IN SOCIETY

Use Pe-ru-na As a Protection Against Summer Colds and Their Disagreeable Consequences.

A Society Woman's Prolonged Illness.
Her Rapid Recovery by the Use of Pe-ru-na.

Mrs. Chas. Steinecke.

Mrs. Chas. Steinecke, a popular young society matron of Stoughton, Wis., writes:

"My experience with Peruna has been most pleasing. By carelessly leaving a heated ballroom I got thoroughly chilled and caught a heavy cold, which settled on my lungs. I wore a protector, took many remedies for colds without success. With my other troubles I had catarrh of the head. Peruna was recommended to me, and I bought a bottle, and soon began to improve, and kept on taking it, and it cured me of all my troubles. I am most pleased to testify to its merits."—Mrs. Chas. Steinecke.

Miss Harriet F. Kimbro, Prairie View, Tex., Preceptress for the Prairie View State Normal and Industrial College of Texas, writes: "I am pleased to state that Peruna has proven of great value to me. I often found that my duties proved too much for my strength, and if it were not for Peruna I could not continue to do my work. It is a splendid tonic, invigorator and the best remedy I know of for women to take. It acts quickly in ridding the system of a cold and catarrhal affections."—Miss H. F. Kimbro.

Miss Florence Allan, 75 Walton Place, Chicago, Ill., recommends Peruna.

Colds are considered one of the necessary ills of life. One is liable to catch cold both summer and winter. Very often summer colds prove fatal. They are always dangerous.

A cold is the beginning of catarrh. It may cause catarrh of any of the internal organs—the head, throat, lungs and stomach or pelvic organs. A remedy that will cure a cold then would cure all these direct effects of colds. Peruna is such a remedy. We have letters from all over the United States attesting to this fact. The poor and rich alike use and recommend it. A book of testimonials in the exact words of the writer sent to any address free of charge by The Peruna Medicine Co., Columbus, Ohio.

Mrs. B. F. Henderson, 632 Grand Ave., Milwaukee, Wis., Treasurer of the Schiller Club., writes: "I never had any faith in patent medicines until I tried Peruna, but my experience with this reliable medicine has taught me that there is one which can be trusted and which will not fail in time of need.

"For the past few years I have found that I caught cold easily, which would settle in a most unpleasant catarrh of the head. I had to be especially careful about being out evenings and not to get chilled when dressed for parties, but since I have used Peruna my general health is improved, and my system is in such a condition that even though I am exposed to inclement weather it no longer affects me.

"I have a splendid appetite and enjoy life, being in perfect health."—Mrs. F. Henderson.

PE-RU-NA FORTIFIES THE SYSTEM AGAINST CATCHING COLD.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

319 5TH AVE.

COME TODAY!—COME TOMORROW!—CATCH A McKEES ROCKS CAR MARKED WEST PARK, AT COR. 5th AVE. AND MARKET ST. FOLLOW THE PLOW OF PROGRESS TO THE GREAT SALE OF

WEST PARK LOTS!

Human effort and genius could never have converted farm land into a grander residential district than West Park is. Where the plow of modern thought and capital has furrowed up the earth in this now remarkable town, are miles of streets built up in a way that makes old heads marvel at the sight!

One of the most interesting of all the products turned up by this great plow of progress is West Park's main thoroughfare—Broadway—a mile long, without a turn, curve or rise; sewered, graded, paved; traversed by the finest traction cars, and lined with beautiful houses and handsome business blocks as far as the eye can reach.

20 MILES OF MILLS

None of the residential or business realty in Greater Pittsburgh has elicited the interest that WEST PARK has. There has been no industrial expansion as enormous and wonderful as that at WEST PARK. Other towns built upon industrial prosperity have some limit. They haven't the ground left on which to put great new industries. Their river fronts are almost completely occupied. It's different at WEST PARK and McKees Rocks, where there are still miles of unoccupied water frontage—where three new colossal million-dollar chain and iron plants are now about completed—where thousands of cubic yards of earth are being excavated as a preliminary step for the establishment of others, and where there is yet room to locate more than twenty miles of additional mills.

You must think of this before buying real estate for investment. Men who have already made big money from real estate always take such facts into consideration, and you will find these very men putting their earnings and surplus money into WEST PARK property.

Among the mighty workshops of McKees Rocks, almost adjoining West Park, are the great new Fort Pitt Malleable Iron Works, the immense new McKay Chain Works, the Pressed Steel Car Works, American Bridge Works, Crucible Steel Works, Lockhart Iron & Steel Works, the Kidd Bros. & Berger Steel and Wire Works, the United States Steel Corporation's mills and the great shops of the Pittsburgh & Lake Erie R. R. This latter institution will spend $2,000,000 in improvements. In less than a year 3,000 railroad men will report for duty at the Dispatcher's office near West Park, the property being within the P. & L. E. calling limits.

The new Panhandle R. R. Shops to be built just beyond West Park on the Scully and Nettie McKee Graham farms will call another 1,000 railroad men to employment.

THE GRAND NEW WAGE-EARNING ARMY

These industries, with the six enterprises referred to in our previous advertisements, will bring to West Park an increased army of at least 6,000 well-paid mechanics. The increase in population in the next five years cannot reach less than 30,000. A distinguished capitalist from one of the big industries here, in looking over the ground, said: "I can see from the way the Ohio river frontage is building up at this point clear to the mouth of the Beaver river that land everywhere in this section will go to higher and higher premiums every year."

West Park Lots in the New Plan
$50, $100, $150 to $500

You are extended the easiest credit terms ever heard of to pay for these lots. You will never feel the outlay.

$5 PER MONTH

Is the payment on choice, fine property. If you desire to pay cash you can secure a discount of 10 per cent any time within 60 days.

No Interest, No Taxes Until Delivery of Deed!

Purchasers are given free with each lot a guarantee of title issued by the Fidelity Title & Trust Co., Capital $1,000,000.

You run no risk of forfeiting your lot. Every investor is given a fair, square show at this grand opportunity. The names of our stockholders insure purchasers the best of treatment. Interest is not even charged on back payments in the event of purchaser falling behind by reason of sickness.

"CAN'T BE TOLD."

No one can tell you a story that will fit West Park.

You will have to see West Park with your own eyes to determine what an army of builders can accomplish in a short time.

No one who has not seen the sight would believe that farm land could be converted in less than eight months into a grand mercantile and residential city.

The great sale for today and tomorrow was organized to sell off a new section that has just been divided into lots.

Investors who get in on this new section and take advantage of the first price swill within a year be congratulating themselves like they had just met old friends.

They will have earned three times the prices they paid for their lots, by that time.

Even if you are not in position to buy, it will pay you to attend this sale.

You will then be able to hand out some valuable pointers to your friends, and be stimulated to come out again and invest the first $10 you get hold of.

Remember that we pay the car fare.

For Free Car Tickets See **West End Land Co.--Haas & Lauinger,**

Daily and Sunday Edition, per month, 50 cents.
Daily and Sunday Edition, per year, $6 00.

Anyone unable to purchase a copy of the Pittsburgh Gazette on trains or at news stands will confer a favor by reporting the fact to this office.

SATURDAY, JUNE 21, 1902

FOURTEEN PAGES.

The Business Situation.

The anthracite coal strike has been in progress six weeks and is apparently no nearer a settlement than it was a week ago. One estimate places the direct loss thus far at $30,000,000 to strikers and operators. This is probably exaggerated, but the consequential loss may easily reach that sum. Industrial warfare is like military warfare. No one can set the bounds to its circle of influence. No one can fix the cost at the beginning or measure the suffering during the period of recuperation. A war in South Africa which the world thought would not last three months was waged for nearly three years and cost a thousand million dollars in money. Some of the great strikes of the past nearly bankrupted participants and disorganized general business for months.

It is the recollection of these struggles between capital and labor that makes business men somewhat apprehensive. The call issued this week for a national convention of miners to convene July 17 for the purpose of considering a proposition for a general suspension of mining in all fields, adds to the uncertainty. There is, however, a very general feeling that the 175,000 bituminous coal miners now working under contract will refuse to break their agreements by going on a sympathy strike, and the hope is still entertained that a settlement of the present differences may be reached before the date set for the convention.

Aside from labor troubles there is no unfavorable change in the business situation. The estimates made of the business of the United States Steel Corporation for the quarter ending this month indicate a greater degree of activity than ever before experienced in the iron and steel industry. The latter is still a fair barometer of general trade conditions, and the prosperity of the greatest corporation may be accepted as an index to the business of smaller ones. The crop reports show that, while the weather has been unfavorable in some sections for winter-wheat harvesting, it has been ideal for growing corn, and that relief has been experienced in those portions of the cotton belt that had been suffering from drought. As to railroad traffic, the returns repeat the old story of gains over the best reported for any corresponding period in previous years.

Financial conditions continue equally satisfactory. In the stock market the course of values has been irregular, some securities reaching the highest prices of the year and others the lowest. These fluctuations, however, are largely the result of professional manipulation, and are not in response to any change in present earnings or future prospects. There has been no disturbance in the money market, although banks and corporations are preparing for July interest and dividend disbursements, which are estimated at the unprecedented sum of $150,000,000.

Making Right Progress.

By adopting the Spooner amendment the United States senate took the sensible course. That measure provides for the purchase and completion of the Panama canal if it can be secured upon satisfactory terms, leaving to the president to decide whether the terms offered are satisfactory. In the event that he regards the conditions not advantageous the president is authorized to proceed with the construction of the Nicaragua canal for which satisfactory concessions have already been made.

This action repudiates the most effective plea of the Nicaragua boomers—namely, that the Panama advocates were merely trying to prevent the construction of any isthmian canal in the interest of the railroads, for it assures the building of one or the other canal unless the Nicaragua people become obstructionists.

It is more gratifying because it puts forward the better route. The report of Admiral Walker's commission left no doubt that Panama is more practical and cheaper than Nicaragua. It is much shorter, has fewer curves, can be converted into a water level canal, is less liable to volcanic disturbance and can be maintained at half the annual cost of maintaining a waterway through Lake Nicaragua. It has the advantages of railroad transportation across the isthmus and nearly all necessary machinery on the ground.

The house cannot afford to ignore these things when the bill returns for concurrence in the senate amendment, nor can it afford longer to delay this project so necessary to the commerce of this country. The discretionary power given the president gives assurance that proper concessions will be made by Colombia and that the Panama company will sell at the stipulated price. Neither can afford to dally when the Nicaragua canal, under American control, is a certainty if they do not play fair.

Delayed Park Improvements.

Select council might have expedited the park improvement project yesterday by voting to discharge its bobtail committee from consideration of the ordinances and taking action on them. Or better still, it might have passed the ordinances as they came from common council after having been approved by the regular committee. Instead, it let the whole matter go over for consideration by a new bobtail committee, and as a result the much-needed park improvements are delayed indefinitely and unnecessarily. The ordinances as they came from common council were referred by President Lambie to the bobtail committee on parks, and as the members of the committee have held bobtail committees to be illegal, they had not organized, ignoring their bobtail appointments. But this need not have interfered with the passage of the needed legislation yesterday had the majority of select council been minded to do business. The legislation is much needed. It passed common council by the favorable action of both factions and both parties. There is nothing of a factional nature in it. It is a popular move for a popular improvement. The recorder, who is in sympathy with the majority in select council, favors it, and in fact, so does everybody. It should have been passed. The parks of Pittsburgh are singularly deficient in all but drives and landscape, and it is high time the other features were added. The places of rest, recreation and refreshment are needed by the people who cannot afford carriages and automobiles and who must enjoy the parks on foot. There are thousands who cannot go to the mountains or the seashore or the lakes, whose outings are taken in the parks, and it is the duty of councils to add the parks for their enjoyment and comfort. This should be done now and not some time in the future. Let there be no further delay.

Stone Not Indorsed.

Gov. Stone's recorder had himself re-elected chairman of the Republican city committee last night, and as it goes without saying that the resolution are as much his work as was his re-election, it is somewhat interesting to note that the governor is not indorsed. This is an unkind cut. Recorder Brown was appointed by Gov. Stone but it really seems that the recorder is ashamed of the source of his power. The best the committee has done by the governor in the way of resolutions was to approve his appointment of Mr. Brown to the recordership. It couldn't well have done less than this, but his excellency will probably think it might have gone further now and given him a certificate of character. What's the use of having a recorder who controls a political machine when he won't do that much for you, especially when you need it badly, and everything else is being indorsed?

Hoist by its Own Petard.

Select council is anxious to adjourn for the summer, but is reported afraid to do so on account of important unfinished business. Select council has no one but its own members to blame for this state of affairs. The machine majority in that body, slight as it is, insisted upon an organization the sole purpose of which was to delay public business. It is being hoist by its own petard. If it runs away leaving undone until autumn the things it should have done before July, it will deserve to suffer the displeasure of the people. Meantime it is gratifying to note the machine majority in select council paying some attention to public opinion, as it was not wont to do formerly. It may be that when councils meet again, after the summer vacation, the select branch will have enough regard for popular sentiment to transact business in a manner that can be approved.

At the End of His String.

Johann Most, the vociferous mouthpiece of the band of anarchists in the east, has reached the end of his string. The printing of an incendiary article in his paper at the time President McKinley was shot resulted in his arrest, trial and conviction, and he carried the case to the New York court of appeals. That court has confirmed the judgment of the lower branch, and Most has been sentenced to a year's imprisonment in a penitentiary.

Considered individually, Most is not a dangerous fellow—in fact, he has frequently displayed cowardice—but as a talker and a writer he has worked considerable mischief by inciting other anarchists to violence. Braggart though he be, he has much influence among a certain element, and therefore he has been a menace to the peace of society. He has been fairly tried and convicted, his appeal has been fairly heard, and now a year of imprisonment is his just punishment. It is to be hoped that when he emerges from the penitentiary he will be a wiser man.

More Money Needed.

With the Fourth of July less than two weeks in the future it is regretable that the celebration fund still lacks the sum of $6,000. As Chairman Logan explained yesterday, the various sub-committees cannot carry out the plans they have arranged unless the necessary money is forthcoming, and the delay has a tendency to dishearten them.

In honor of the visit of President Roosevelt to this city on the Fourth an elaborate program has been prepared, and the extensive arrangements are amply justified by the occasion. Even as matters now stand, there will be a celebration, and a fine one, but it is the desire of the promoters and citizens generally that it shall be the greatest in the history of Pittsburgh. Local pride is at stake in this matter, and it is a question that patriotic citizens must decide. Doubtless the full amount desired will be contributed, but it is needed now, in order that the committees may complete all the preliminaries.

Humane Warfare Was Practical.

The last report of Gen. Wheaton, made before relinquishing his command of the department of North Philippines, makes especial reference to the humane conduct of military operations. The policy of reconcentration, adopted by Gen. Bell, and which was bitterly assailed by the critics of the administration, was authorized by Gen. Wheaton, and he therefore assumes full responsibility for it. But there is no blame to shoulder in this regard. Carpers who wished to find fault criticised the concentration camps, and compared them to the reconcentrado camps established by Gen. Weyler in Cuba. There was no resemblance except in name. The non-combatants who were brought together to common centers in the Philippine islands were much better off there, where they could be fed and clothed by the Americans, than they would have been in their own homes, exposed to the attacks of the insurgents who were terrorizing the provinces. With the pacification of the country the people were allowed to return home.

Gen. Wheaton says that the humane code of laws of war as pursued under the administration of President Lincoln was followed in all the operations against the semi-civilized insurgents, who themselves violated every law of war known to civilization, and treated their own people with every barbarity that can be inflicted upon the helpless. The retiring commander takes occasion to praise the humanity as well as the courage of his troops, and the fact that this praise is worthily bestowed is patent to unbiased observers.

The annoyance of the navy department that Admiral Crowninshield's opinion of the Venice incident escaped from the official records is shared by the Italian ambassador.

The business of the United States Steel Corporation for the first quarter of its second fiscal year is an indication that prosperity has decided to remain with us a while longer.

It is estimated that within the past 12 months 2,000 Pennsylvania hearts that beat as 1,000 eloped to Cumberland to be married instead of patronizing the home matrimonial industry.

The popularity of Panama hats presaged the adoption of the Panama canal route.

The beet sugar men are willing to accept any compromise that will shut out Cuba.

Just wait until the Commoner throws out a few hot opinions on that Tilden club banquet.

Smallpox is yielding to vigorous treatment.

Gentle spring will not linger much longer.

Mont Pelee finds it difficult to retire to innocuous desuetude.

The Fourth of July fund needs a little more encouragement.

The Democrats will meet at Erie and go through the motions anyhow.

Summer is standing in the wings, awaiting the cue to go on the stage.

Prospects seem to favor a great many empty high-priced coronation seats.

Grover Cleveland isn't looking for a strenuous life that doesn't yield returns.

FOUND IN THE EXCHANGES.

Monday afternoon a boy captured a second rattlesnake on the site of the tent occupied by Osco. It was smaller than the other.—Washington Reporter.

His snakeship had no teeth, but opened his mouth in a threatening manner, but Thomas D. Smith of Lincoln street promptly closed in on the snake's windpipe and carried the reptile off. The captive measures about four feet, and has quite a number of genuine rattles.

On Friday James Wilcox, with the assistance of his dog, killed an otter in Fairfield township, about two miles west of town. The animal was captured in a meadow, and before being killed showed that he could make short work of putting a dog to flight. The otter was 41 inches long and weighed 15 pounds, is the first that has been seen in this section for a long time.—Coshocton Times.

A new use has been found in Montgomery county for the pestiferous locust. A few days ago Capt. Samuel Riggs and A. J. Almoney, enthusiastic disciples of Sir Izaak Walton, conceived the idea that they would make good fishing bait. They provided themselves with a supply and proceeded to Cabin John Branch, in the lower section of the county. In about two hours they landed about 30 whitefish ranging from nine to 15 inches in length.—Cumberland News.

Some discussion among local sportsmen respecting the summer season for killing woodcock, is settled by Smull's legislative handbook as follows: "No person shall kill, or have in his possession after having been killed, any woodcock between December 15 and July 1, and August 1 and October 15; penalty, $25 for each woodcock." This leaves the hunter at liberty to shoot woodcock for a month, beginning July 1. There are not many of the birds in this vicinity, their principal rendezvous being along Lake Erie between Buffalo and Niagara Falls, where every summer thousands of them are slaughtered.—Titusville Herald.

Osco, the woman who was with the carnival company in the street fair last week, as the snake eater, failed to make away with two of her pets, either through loss of appetite or through the reptiles eluding her and going into retreat. Monday morning while workmen were taking down the platform where Osco had been given, near the corner of Main and Wheeling streets, they found a rattlesnake under a pile of boards. None of the workmen are snake charmers, all had partaken of breakfast that morning, and anyhow, all of them are strictly opposed to eating snake on Monday.

Unfortunate Time Is This for Johann Most

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, June 20.

It was unfortunate for Herr Johann Most that he was brought up for sentence today. Not that it made any difference to the judge in fixing his sentence, but that public execration of anarchists is loud just now, in consequence of the disturbances in Paterson, N. J., and the spectators in court, as Most was resentenced to a year's imprisonment, could not be prevented from expressing their detestation of him when he was brought to the bar. Most was sentenced to a year's imprisonment last fall for publishing in his paper, Die Freiheit, a seditious article the day before the assassination of President McKinley. By advice of his counsel, he appealed, but all the courts affirmed the sentence. So he found himself in special sessions court this morning, and is in the Kings county penitentiary tonight. Like most anarchists, Most dearly loves to make a speech, in season or out of season. It was surely an inopportune time and place for the utterance of "red" sentiments in court today; but the prisoner, as soon as sentence was pronounced, shouted: "This is the final day of the free press of America," and would have said more had he not been taken by the scruff of his unregenerate neck and thrust from the court room. Court officials have no time for Herr Most's radical sentiments, particularly in the presence of the bench. Most maintained his defiant attitude so long as he was in court, but broke down and wept as he passed over the "bridge of sighs" to the Tombs. It has not helped Most's case, in the eyes either of police or public, that he addressed a noisy meeting on the East Side not long ago, and while he was out on bail, with McQueen, the anarchist, who is blamed largely for the riotous proceedings in Paterson, by his side. The community in this part of the country is heartily sick of anarchists and all that they stand for, and no sympathy is wasted on the loud-mouthed, unkempt Johann Most. As for McQueen, now that the authorities have interfered with the publishing of his paper in Paterson, and a Passaic printer came near being mobbed yesterday for doing the press work of the sheet, it is likely that we shall not hear much about him for the next few weeks.

Girl Bachelors Enthusiastic Over Duss

John Duss entertained his usual large audience at St. Nicholas garden this evening. Particular interest was lent to the occasion by the presence of 50 members of the "Girls' Bachelor club," which occupied 12 private boxes. Every girl of them was an admirer of Pittsburgh's picturesque bandmaster, and their applause could be heard above that of the rest of the audience, by dint of their using their dainty Oxford ties on the floor of the boxes, as well as clapping their hands. Duss almost blushed at one moment of his concert, when one of the girl bachelors at the end of a number stood up and deliberately threw him a kiss.

First Impression of a Fire Engine.

One of the evening papers prints this story about a young rural Irishman who arrived in the city only a few days ago. He had never seen a fire engine in his life until last night. Then he saw two of them dashing up Twenty-eighth street with whistles blowing and bells clanging. The young fellow rushed out of the house of his brother, who is an old New Yorker, and was thunderstruck. The engines were puffing fire, and smoke and sparks and red-hot cinders were falling in the pavement in a shower. It was a dreadful sight for an unaccustomed eye. For an instant the young fellow stood spellbound. Then he ran into the house and shouted to his brother: "Tom, come out here. They're moving h—l. Two loads just went by."

From Religion to Mammon.

The Broadway tabernacle, the old church at the corner of Twenty-fourth street and Broadway, has lost all its reverend character, now that its ancient use has departed. The big organ was moved piecemeal a week or two ago, and today workmen completed a large advertising boarding all around the edifice. In a few days we shall have advertisements of liver pills, breakfast food, summer theatricals and the thousand and one other incongruous bids for the nimble dollar that are never so aggressive and flaunting as in this city staring us in the face where only five months ago there was the restful suggestion of old-world piety in the gray stone walls and hospitable open doors.

Paterson's Fighting Mayor.

Mayor Hinchliffe of Paterson, N. J., is a fighter through and through. Having assumed control of the police of his city, after turning the chief of police out of his office, he sent a representative to New York this afternoon to purchase rifles for the use of the force. He said he meant to keep his policemen well armed, in case of any more rioting, and would instruct them to shoot straight when it became necessary to shoot at all. Modern rifles seem to be a necessary equipment of the police of Paterson in the light of the recent troubles there.

Living Grows Cheaper.

Meat is growing cheaper in New York. Vegetables, fish and other edibles are coming down in price and the thrifty housewife comes away from the market with a more contented expression than she has born for weeks. Lamb, which is plentiful as well as of fine quality, is much cheaper than it was a week ago. The present prices for prime spring lamb in the principal markets of Manhattan are 16 cents a pound for the fore quarter, from 16 to 18 cents for the hind quarter, 22 cents for the full rack, 25 cents for the rack chops and 20 cents for loin chops. Beef goes right on getting scarcer all the time, and each week it becomes harder for dealers to get good beef; but butchers have not raised prices for several weeks past. Veal on the contrary remains one of the most reasonable meats in the market and is, besides, very good and plentiful.

Husband a Judge, Wife a Lawyer.

Mrs. Herman Bolte of this city has been admitted to the bar pursuant to a diploma she received not long ago from the faculty of the New York university law school. Her husband is presiding judge of the Second judicial district civil court, and next Monday morning Mrs. Bolte will, as counsel, argue a case before him. She will have to address the judge as "his honor," instead of after the usual custom, and in return his honor may have to overrule all incompetent and immaterial technical legal questions. It is fair to assume that in overruling objections offered by his wife the judge will temper judgment with prudence. Imagine what he will get in the privacy of home, after adjournment, if he shuts off his wife too brusquely in court. However, Judge Bolte is very proud of his wife's success as a scholar of civil jurisprudence, and says that in the future if his wife desires to try a case in open court before him he will have no alternative than to permit her to do so, as there is no law which prevents a wife from acting as a lawyer before her husband, who is a judge.

Legal Struggle for a Play.

Decision was reserved today in the supreme court on an argument as to the right of Mr. and Mrs. Jacob Rosenthal to produce the musical comedy, "The Telephone Girl." Mrs. Rosenthal, who was formerly Miss Osterman, a clever actress well-known in Pittsburgh, particularly in "What Happened to Jones," claims rights under a license from Kerker & Morton, and George W. Lederer claims exclusive rights to the production under an agreement with Leander Richardson. Besides asking for a preliminary injunction Mr. Lederer is asking the Rosenthals for $4,500 back royalties. Mr. Rosenthal is a brother-in-law of Charles Ruben of the Pittsburgh clothing firm of Solomon & Ruben.

Bargain Day in Shopping District.

Friday is bargain day in most of the big drygoods stores of this city. Perhaps that was one of the reasons why business in the shopping districts today was so enormous. The fine weather had something to do with it, of course. It was almost impossible to move about in the popular stores in Broadway, Sixth avenue, Twenty-third street, Fourteenth street and other localities where the New York woman goes to spend her money. Over in Brooklyn the same conditions prevailed. Merchants say that it was one of the biggest days of a very prosperous spring and early summer season.

An Off-Day Explosion.

It is some weeks since heavy blasts in the rapid transit subway have shaken the surface of New York dangerously; but operations of this kind were resumed today. There was a blow-up in the trench in Harlem this morning, with a casualty list of four men sustaining injuries which ranged from a bruised leg to broken arms and ribs. It sounded quite familiar when the report came, and it would not have disturbed people in the neighborhood very much if there had been a jumble of arms, legs, and even heads, flying out of the excavation. New Yorkers got used to that, or something like it, last winter. As it was, bricks went up 150 feet, scores of windows were smashed, and a Baptist church was damaged. For an off-day in explosions, this was not half bad.

Odell's Reply to Hill.

Gov. Odell is a shrewd man. He knows how to turn off an awkward question without being abrupt or disobliging. When he reached New York today he was met by a group of reporters as soon as he got to the Fifth Avenue hotel. They wished to know what he thought of the speech at the Tilden club last night. When he was told that D. B. Hill had said that Odell would be re-nominated for governor of New York next fall, and would be surely defeated, all Gov. Odell had to say, in a mild but confident tone, was: "I have perfect confidence in the judgment of the people of this state. The Republican ticket will be elected, whoever is placed in nomination." Which was a neat way of eliminating his own personality, and at the same time maintaining his loyalty to his party.

Will Experiment With Welsh Coal.

Anthracite coal is in use in all engines of the "L" roads. So much objection was raised to the smoke that resulted from the burning of soft coal last week and the beginning of this that the Manhattan Elevated Railway Company hustled around and procured enough hard coal to keep them going for a few days, anyhow. Now they are preparing to experiment with what is known as Welsh anthracite, having five or six barrels coming over on a steamer which is expected to reach this port next week. It is understood that this Welsh coal is not anthracite, as the word is understood here, being not so hard as the coal mined in the anthracite regions of Pennsylvania, and, therefore, likely to emit smoke. As to that the company cannot say. If the Welsh coal should be all right it may be used to bridge over the present difficulty caused by the strike, but no one supposes that it would pay to import it when Pennsylvania is yielding its normal supply.

College Yells and Unappreciative Law

College yells are no longer good form on Broadway, in the opinion of the police. Four youths, ranging in age from 18 to 20, graduates of the College of the City of New York, attended the college commencement exercises in the Metropolitan opera house last night. Afterward they made Broadway ring with weird howls of "Who are we? N. Y. C. Whizz! Bang! Zoo! Zee! Zee!" etc., walking four abreast and going through other performances to which upper Broadway should be accustomed by this time. But there happened to be a policeman new to the Tenderloin on the beat, and he commanded them to "Shut up and move on!" Well, only one thing could happen, and happen it did. The youths "talked back" to the policeman and he arrested them. They spent the night in cells in their evening clothes and were discharged with a reprimand in court this morning. The officer called the college yells "disorderly conduct."

Battering the Docks.

Work on the $5,000,000 dock improvements along the North river will begin soon. The board of estimate today authorized the condemnation proceedings, and as soon as the necessary space has been acquired by the city operations will go on rapidly. Many of the piers along the water front are so old that they are rotting away, while the accommodation for shipping generally is notoriously inadequate. The large sum appropriated for improvements in this direction can be used up without difficulty. But it is thought that anyone familiar with the river front will be able to pass along and see where the money has been used.

Valet Jones Released in Bad Shape.

Charles F. Jones, the valet whose testimony had much to do with convicting Lawyer Patrick of the murder of the millionaire, Rice, was released from the Tombs today on $6,000 bail. From his appearance when he stepped out of the grim jail into the sunlight today, Jones will hardly enjoy his liberty very long. He looks as if he were doomed to a narrower prison than the Tombs before long. Still the free air and relief from the nervous suspense he has suffered so long may give him a new lease of life. It is said his relatives will take him to Texas. GEORGE C. JENKS.

Pittsburghers in New York.

The following Pittsburghers are registered at the New York hotels today:

WALDORF-ASTORIA.
E. B. Thompson, H. P. Gow.
J. H. Moore, W. G. Westcott.
H. A. Noble, J. D. Hallman.
H. Walker, D. W. Dilworth.

MARLBOROUGH.
C. L. Nelson, J. L. Barton.
Mrs. J. L. Barton.

IMPERIAL.
H. de Haan, B. E. Thompson.
Mrs. B. S. Thompson, A. St. John Brenen.
W. W. Woodruff, H. W. Bishop, Jr.,
O. H. Demmler, Mrs. O. R. Demmler.
R. Haas, T. J. Maloney.

HOLLAND.
E. M. Oldham, Mrs. E. M. Oldham.
Charles Bailey, Miss A. M. Thurston.
Miss Lillian Lee,

VICTORIA.
W. A. Aiken.

HOFFMAN.
E. S. Martin, John S. Patterson.
H. B. Sadtler,

FIFTH AVENUE.
J. A. Frauenheim, H. E. Hartman.
J. D. Hartman, H. W. Hartman, Jr.
H. W. Hartman,

ST. DENIS.
Miss Davis.

MANHATTAN.
H. K. Porter.

MURRAY HILL.
J. B. C. Wheeler, Mrs. J. B. C. Wheeler.

ASTOR.
J. C. Godfrey, Mrs. J. C. Godfrey.
Mrs. L. P. Seeley, A. H. Beck.
J. F. Deems, A. W. K. Billings.

THE MAN UP A TREE

From a High Viewpoint.

NEVERTHELESS and notwithstanding, the Democratic convention at Erie will not be operated under the Marquis of Queensberry rules.

Sir Edward Chichester, who commands the British ships in Manila bay, has been made an admiral. Dewey will approve of this, but what will Diedericks say?

The 17-year locusts fail to substantiate the devastating predictions of the forecasters.

Secretary Moody's order sending naval officers to sea who have had long snug berths ashore makes some of them sulky.

Perhaps Laureate Austin has been too busy on the coronation ode to do a peace poetry stunt.

If there is anything left of the Boer relief fund let it be devoted to purchasing a wholesale lot of shaves and haircuts for the burghers.

Billy Bryan has been overlooked in detailing reporters to attend to the coronation details.

The premature Fourth of July celebrator needs to be restrained. Save up all the noise for Independence Day.

The Changes They Favor.

"I presume," remarked Mr. Wood, "that everybody who has an opinion upon the subject favors a change in the date of the president's inauguration, from the 4th of March to a less inclement season."

"That's not the only change that some persons wish in connection with the president's inauguration," added Mr. Smithfield.

"What other change do you suggest, Mr. Wood?"

"Oh, I don't suggest the change myself, and do not want it, but the Democrats favor a change in the politics of the man inaugurated."

A Surprising Interruption.

"I was engaged in the pleasant occupation of holding the line the other day, while an office boy at the other end went after a man I wished to speak to over the telephone wire, when I became aware that two other conversationalists had established connection," said a man in the street car to a friend. "I had no wish to act as eavesdropper, but I could not hand up my receiver just at that moment. This is what I heard:

"'Is that you, B?'

"'Yes, it's me, replied B, ungramatically; 'is that D?'

"It struck me as very odd that they should use initials to designate each other, but presently I gathered that they were taking precautions to keep their identity from being discovered by any one who might chance to be on the wire, for in reply to the next question by B, D said:

"'Be careful what you say over the telephone. Some one may hear.'

"Then B said:

"'But who can? I'm on this end of the line.'

"'And I'm on this end,' D added.

"'And then I could not refrain from cutting in, 'And I'm in the middle.'

"Then I hung up the receiver, without any attempt to note the effect of the interruption, but I imagine it must have surprised them. The moral is, if you wish to tell secrets, don't use the telephone as the medium of communication."

POINT BREEZE.

MARTINIQUE.

Nestling upon the bosom of the deep
Where all day long the golden sunbeams rest,
Fair as an infant smiling in its sleep,
She lay, the loveliest island of the west.

When from his dusky couch the sun arose
In naked splendor, like a living flame,
No fairer scenes he looked upon than those
O'er which grim death has writ his awful name.

He saw the white sand dazzle 'neath the stain
Of rippling sapphire in the noontide heats,
The flashing waters of the Roxelaine,
The red-tiled houses and the climbing streets.

The high woods lifted up their arms to him,
And through their outspread hands he saw revealed
The tangled paths, the spaces cool and dim
Starred with the blooms that tropic fervors yield.

He saw, too, that great mountain fierce and bald,
A threatening bird of prey with folded wing,
Around whose neck the wrinkled fissures crawled,
Whose burning eyes kept watch unwavering.

It rose with shadowy pinions, monstrous, vast,
Hung for a moment darkening land and sea,
Then, borne upon a rushing, fiery blast,
Dropped with the death that none might face or flee.

Island of mystic loveliness, not long
Shall ashes mar the beauty of thy face.
Nature, thy lover, will repair the wrong,
And soothe thy tremors with his fond embrace.

The beckoning hands will not stretch forth in vain
Thy haunting voice will whisper as of yore,
The vanished glories will return again.
Only thy dead come back to thee no more.
—L. Paul Neuman in the Spectator.

PERSONALS

"There is room for much improvement in the present system of rifle practice," remarked Gen. Willis J. Hulings, commander of the Sixteenth infantry, at the Monongahela house last night. "While every soldier in the Pennsylvania national guard should be a marksman there should be certain safeguards thrown around the practice, so that results cannot be criticised as at present. My idea is to raise the rank of the regimental inspector of rifle practice from first lieutenant to major, and to require that all companies in the division be inspected semi-annually in rifle practice, when the records made by marksmen and sharpshooters shall constitute a basis for the state decorations. All companies failing to attain certain specified standards to be mustered out of the service."

H. L. McNair, manufacturer of linens and ginghams, of Glasgow, Scotland, passed through Pittsburgh to San Francisco, Cal., last night. "For the past two years our importations have exceeded those of the past 10 years," he said, while waiting for his train last night. "On many grades of our imports there has been an increase of from 2 to 5 cents a yard, caused by the increased price of dyes and labor. Our ginghams this year have been made from the best class of patterns, many of them designed by high-class French artists. Linen and silk have been used in their manufacture, and the sales of Scotch ginghams in the states have been the best in years."

L. L. Grumbine of Lebanon, Prohibition candidate for lieutenant governor, and M. S. Marcus of New Castle, candidate for secretary of internal affairs, were tendered a reception last night at the Hotel Henry by the Allegheny county Prohibition committee. Dr. S. C. Swallow, the candidate for governor, would have been present had it not been for the death of a business associate. There was a supper, at which about 20 were present, and after that about 100 believers in prohibition called and shook hands with the candidates.

Excursion and picnic travel has been very heavy over the Baltimore & Ohio railroad during the week. Today the Methodist Episcopal church Sunday school of Bennett will go to Olympia park. The first sleeper for Deer Park left the station last night and will return on Monday morning.

W. M. Wilson and wife of Phoenix, Ariz.; J. B. Hamilton of Nashville, Tenn.; Bishop J. W. Hamilton of San Francisco and James Staines of Montreal, Canada, are at the Seventh Avenue hotel.

Murray Eisfelder, a dealer in hops and malt, is at the Hotel Henry. "I think," he said, "that the outlook for the hop crop in this country is not as good as last year. The weather has been very backward for the hop crop."

J. W. Taylor, secretary and treasurer of the Union Trust Company of Clairton, Pa., is at the Seventh Avenue hotel.

Mrs. John Hartranft and Miss Hartranft are at the Hotel Lincoln.

K. Kawakami of Tokio, Japan, is at the Hotel Duquesne.

H. G. Walton of San Francisco is at the Hotel Griswold.

Neighbors Visiting Pittsburgh.

Among those at the hotels last night were the following from nearby points:

Seventh Avenue—H. E. Kelly, Parker, Pa.; J. F. Hack, Titusville, Pa.; James Moore, Lenora, Pa.; W. A. White, Claysville, Pa.; S. J. Brown, Slatersville, Pa.; A. R. Milner, Canal Dover, O.; J. H. Caldwell, Titusville, Pa.; A. C. Messinger, W. Henry, Xenia, Ohio.

Henry—A. L. Hammersberg, Youngstown, O.; J. E. B. Sweeney, Wheeling, W. Va.; A. J. Cochran, Dawson, Pa.; W. Wickoff, Youngstown, O.; G. W. Crew, Uniontown, Pa.; J. Bursell, Greenville, Pa.

Griswold—C. E. Shimp, Barnesville, O.; J. W. Leech, Erie, Pa.

Monongahela—A. H. Farrell, Parkersburg, W. Va.

Newell's—C. C. McCormick, Sistersville, W. Va.; W. C. Mullan, Broad Ford, Pa.; J. L. Truxell, Coshocton, O.

Lincoln—A. W. Harned, Akron, O.

Anderson—H. L. Langnecker, New Brighton, Pa.; G. L. Moore, Brownsville, Pa.

Victoria—A. W. Brent, Erie, Pa.

Duquesne—P. N. Boyd, Lorain, O.; J. E. Bell, Barberton, O.

$2,000 WORTH OF LOST DIAMONDS RECOVERED

A Colored Man Who Had Them Wanted a Big Reward and Was Arrested.

C. N. S. Goldston, a negro living at No. 1227 Wilson street, was arrested yesterday by Detectives Albert Swinehart and Harry Jones, and was committed to jail to await a hearing. It is the intention to make a charge of larceny against him. Goldston had in his possession the diamonds lost on Saturday by Mrs. Albert Klopfer, the wife of the tailor. While Mrs. Klopfer was walking on Fifth avenue she dropped the pocketbook containing the diamonds and when she missed it it could not be found.

Mr. Klopfer advertised for the diamonds, offering $100 reward. He received an anonymous letter, saying that $100 was not enough. Thereupon he raised the offer to $200 in the newspapers and yesterday Goldston walked into the shop and said he knew where the diamonds were. Klopfer sent a messenger for a detective and Swinehart and Jones responded. Goldston was taken to the Central station, denying that he had the jewelry, but when searched the stones were found in a bag pinned to his underclothes. Then Goldston said that his son, 18 years old, had found the stones.

Goldston's wife and son were brought to the station. The boy said he saw Mrs. Klopfer drop the pocketbook and he picked it up and hurried home. He said his father threatened to beat him if he told anything about the find. The boy got a newspaper the next day and saw the advertisement offering the reward, and told his father, who, according to his story, threatened again to beat him if he told.

"We ought to get more than $100," the father said, according to the son's story. The boy says he saw his father write the anonymous letter to Klopfer and the next day saw the offer of an increased reward and informed his father.

The detectives say that Goldston's wife is a hardworking woman and apparently knew nothing of the finding of the diamonds, Goldston's alleged threats having effectually scared the boy from making any revelations to his mother.

HAD SILK HIDDEN AWAY.

Colored Woman Suspected of Trying to Steal the Goods.

Lucy Witcher, a colored woman in the employ of Madam Parcels, a dressmaker at No. 4238 Fifth avenue, is under arrest at the Central police station, charged with being a suspicious person. It is probable that a charge of larceny will be made against her. Silks and dress goods valued at $400 are supposed to have been hidden by the woman, with the intention of removing them from the dressmaker's house at her leisure.

On Thursday the dressmaker complained by telephone to the detective bureau that she had missed a piece of valuable dress goods. She told of having Lucy Witcher in her employ, and Detectives Albert Swinehart and Harry Jones went out to the house. The colored woman denied stealing anything, but the house was searched and hidden in a closet under the eaves of the house parts of several bolts of silk were found. Then, according to the detectives, the woman confessed that she had cut the pieces off the bolts at various times, and four yards of silk valued at $3 a yard she had burned up, having spoiled it in trying to make a skirt in her room.

THE DEATH ROLL.

William Swindell.

William Swindell, president of William Swindell & Bros., a pioneer furnace builder in this section, died suddenly yesterday afternoon of heart disease at his home, No. 2220 Perrysville avenue, Allegheny. Mr. Swindell was prominent for many years in politics on the North side, having for 17 years been a member of councils. Ten years ago he retired from politics. Mr. Swindell was born in Alleghe on February 15, 1834. In his youth he st mining engineering and through his ex knowledge and experience in furnace b for steel making, he was known thro the United States and Canada. In 1879 elected a member of the American Inst Mining Engineering. He was also an of recognized ability, during his life taken out 85 patents on his own inve many of which were improvements for crative gas furnaces and gas producers daily use in all the big steel mills country. Mr. Swindell was among the steel men in Pittsburgh, having been agent for Siemens & Co., of England, years ago. During the civil war he had c of the furnace equipment of the old Fort foundry, where many of the large ca used by the northern army were made. took a keen interest in the development of steel industry. Mr. Swindell is survived by widow, one daughter, Mrs. Wesley W. We and one son, Edward H. Swindell, secretary the firm of which his father was the head. funeral will be held Monday morning from late home.

Major John J. Redman.

Maj. John J. Redman, superintendent of Pittsburgh Steel Company's plant at O died at McKeesport yesterday afternoon of injuries received while attempting to get on moving train on the Pittsburgh & Lake E railroad at Otto. Maj. Redman was born Chambersburg in 1836. He served in the ar during the civil war and secured his through promotion for bravery. For many y he was superintendent of the Cherry Va iron works, Leetonia, O. For the past years he has been at Otto. He leaves a and daughter at home, and a son in Chic The remains will be interred at Harrisburg Monday.

Mrs. Mary A. Hillman.

Mrs. Mary A. Hillman, widow of J. S. H man, died at 9 o'clock last night at her h in Fifth avenue, Homestead, where she resided for the past 45 years. Mrs. Hill was born in the Brownsville road, South S 74 years ago. Her husband died shortly a they had celebrated their golden wed

FRESH FAILURE TO AGREE UPON RECIPROCITY

Republican Senatorial Conference Adjourns to Meet Again Later.

ORATORY FROM MAJORITY

They Urge Party Loyalty and Fair Play to Cuba—Aldrich Says the Administration Policy Will Prevail. New Compromise Proposed.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., June 20.—Republican senators held another conference today on the question of Cuban reciprocity, and after three hours' discussion, adjourned, subject to the call of Chairman Allison, without action. Eight or nine speeches were made in support of reciprocity and only two in opposition. This was in accordance with a previous understanding, that as the beet sugar senators had monopolized the attention of the conference on Wednesday night, their opponents today should have the greater share of the time.

The speeches in support of the reciprocity bill were made by Senators Foraker, Beveridge, Lodge, Hale, Warren, Aldrich, McComas and Hanna. Senator Platt of Connecticut added a few words to what he had said at the Wednesday evening meeting. The two speeches in opposition to the proposed legislation were made by Senators Burton and Burrows.

Foraker Urges Party Fealty.

Senator Foraker said with some feeling that men could not be with the party at one time and against it at another, and maintain their prestige. He also spoke of the necessity of maintaining cordial relations with Cuba. He said the question is an economic one and that reciprocity would promote not only the interests of Cuba, but American interests as well.

Senator Beveridge dwelt on the growing importance of American trade with the outside world, and said the present opportunity to extend our hold on the good will of the Cuban people should not be lost.

Senator Lodge dwelt with especial emphasis on the importance of having Republican senators stand together at this critical point in the party's history. He declared that opposition would not suffice to prevent the continued presentation of this matter until success should be attained.

Senator Aldrich spoke at some length. He dwelt with special emphasis on the necessity of the party's presenting a solid front at this time and with respect to this measure. He reiterated the statement, which had been made by other speakers, that the question is a party question, and pleaded with the opposing senators to recognize this fact and accept the situation.

Mr. Burton considered the issue as still open, and he expressed considerable doubt as to the likelihood of reaching a final adjustment.

Hanna Appeals to Duty.

Senator Hanna spoke of the question of extending the proper aid to Cuba as a moral question, saying that our obligations to the Cuban people were such that we would not be true to ourselves as a nation if we should fail to give them an encouraging hand at the beginning of their national career. He referred to President McKinley's attitude on this subject.

The meeting had almost concluded when Senator Burton of Kansas took the floor to make a brief but impassioned speech in support of the attitude of the beet sugar Republicans. He spoke especially with reference to the intimation that the beet sugar senators are not loyal to the party. He said it was not true that the beet sugar men are not willing to extend a helping hand to the people of Cuba if they need help; but he contended that there is no need of assistance at this time, nor did he believe that if contemplated legislation should be enacted the Cubans would secure the benefit.

A new compromise on the Cuban reciprocity question is suggested by the beet sugar men today. The idea is that the United States adopt a countervailing duty against the cartel of Germany and Austro-Hungary. The effect, it is claimed, would be to increase the price of raw sugar the world over about 1 cent a pound and bring prosperity to the sugar growers not only of Cuba, but of Louisiana, Hawaii and Porto Rico.

The administration senators object to the plan on the ground that it might provoke retaliatory tariff legislation by Germany.

THE PENSION ROLL.

WASHINGTON, D. C., June 20.—The following pensions were granted today:

Pennsylvania—Charles Frank, Harrisburg, $6; James Barton, Wrightsville, $6; Henry Bell, Middlewax, $10; John Downs, Allegheny, $12; James Kenyon, Verona, $12; Thomas Barnes, Kane, $10; Wilson Crabtree, Hollsopple, $12; Albert O. Scott, East Smithfield, $12; John McDonald, Leatherwood, $12; Jonathan Gore, Simemahoning, $12; Jerome Prince, Juniata, $8; George Walter, Derry, $12; Christian Hount, Mercersburg, $10; Henry H. Boles, Kremis, $10; John Donnelly, Water street, $12; Abram Shriver, Cummins, $12; William Plummer, Independence, $12; John W. Evans, Paisley, $10; John Fellows, Leroy, $18; Miles Doughman, Roland, $12; George Long, Alice, $18; Benjamin Copeland, Harrisburg, $8; Cornelius Daggett, Wells, $12; John Thomas, Webster, $10; Marie M. Greer, Corydon, $12; Annie Carr, Pittsburgh, $8; Martha J. Crooks, McFann, $8; Harriet D. Markle, Bradford, $8; Mary Davis, Foot of Rye, $8; Margaret Mayler, Lewisburg, $8; Sarah Hesetting, Allegheny, $8; Olithy Little, Pittsburgh, $12.

Ohio—George W. McDaniel, Bolivar, $12; Oliver Ellsworth, North Royalton, $10; Samuel A. Warden, Wilmington, $12; Earl M. Jayne, Warren, $8 50; Chester Smith, Poland, $24; Daniel Reynolds, Newport, $12; Scott F. Huntley, Warren, $30; Bart M. Adam, Leeronia, $14; Andrew Sprague, Osago, $10; Harrison Wood, Geneva, $12; John Patton, Mt. Clifford, $12; Isaac Lafollette, Federal, $17; Sarah Crompton, Chagrin Falls, $8; Mary A. Hill, Adamsville, $12; Frances D. Fraubert (Lemeaux), $12; Armelia Sutcliffe, Warren, $8.

West Virginia—Hiram Parsons, Parchment Valley, $12; Lucinda Bush, Hurricane, $12.

NATIONAL CAPITAL NOTES.

Director of the Mint Roberts probably will take charge of the Des Moines (Ia.) Register soon.

The senate confirmed the nomination of Capt. William Crozier to be chief of ordnance, with rank of brigadier general, thus ending a long fight.

Henry Rochtin, disbursement clerk of the department of justice, pleaded not guilty, waived examination and was released on $10,000 bail.

The exports from the United States to Africa in April, the latest month for which the figures have been received by the treasury bureau of statistics, were greater than those in all South America and were more than 50 per cent greater than those of April in the preceding year.

The sub-clerks for the Pittsburgh postoffice have been appointed: Alonzo Rankin, W. H. Joyce, Chance Stratford, B. W. Davis, George C. Carver, H. J. Zeisl, W. H. Veley, O. W. Fillip, Thomas M. Carter, A. W. Fortner, D. L. Dunlap, F. J. Smalley, C. A. Stough, H. Evans, C. L. Palmer, N. C. Armstrong, C. S. Wagner, W. A. Bayer, A. B. Boulds, Benjamin Jones, W. J. Stewart, C. M. Smith, J. C. Welsh, Charles Hoffman, Guy T. Linton, S. C. Welsh and George B. Norris.

LOCAL NEWS
OF ALL PITTSBURGH

THREE CITIES, FORTY-FIVE BOROUGHS, TWENTY-SIX TOWNSHIPS. FIFTH IN VOLUME OF BANK CLEARINGS. FOURTH IN RANK AMONG CITIES.

Yesterday's Health Report—Four cases of typhoid fever, two of scarlet fever and two of diphtheria were reported to the Pittsburgh bureau of health yesterday.

Injured in a Collision—Guiseppe Agota, a shoemaker of No. 1211 Bidwell street, Allegheny, had a leg broken by colliding with a wagon while getting off a traction car.

Found His Wife Dead—Mrs. Mary L. Walters of No. 105 Fifteenth street was found dead in bed at her home by her husband yesterday morning. Death is supposed to have been caused by heart disease.

Injuries Result in Death—John Pudy, 39 years old, a laborer, died last Thursday night, at the McKeesport hospital from injuries received by being struck by a train on the Pittsburgh & Lake Erie railroad.

Want to Be Taken In—The survey committee of McKeesport councils will consider the application of the property holders of North Versailles township for annexation. The district begins at Demmler station.

Sharpsburg House Damaged—Fire damaged the house at No. 215 Fourteenth street, Sharpsburg, occupied by Thomas Casey, about $200 yesterday afternoon. Clothing in a closet on the second floor caught fire from a defective flue.

Burned by Live Wire—Charles Goehring, 11 years old of No. 1002 Locust street, was terribly shocked and burned late Thursday night by catching hold of a live wire. It was necessary to amputate four fingers.

Fire in Verona Shops—The boiler room of the Verona shops of the Allegheny Valley railroad was slightly damaged by fire yesterday morning. The volunteer department of Verona confined the fire to the boiler room.

Soles Appointed Alderman—Edwin Soles, former president of McKeesport common council, has been appointed alderman of the Second ward, to fill the unexpired term of Alderman Samuel Fields, who resigned owing to ill health.

Burns Caused Death—Mrs. Steven Yevehack, 25 years old, died early yesterday morning at the McKeesport hospital from burns received last Sunday morning at her home while trying to hurry a fire by pouring carbon oil on the live coals.

Gets Additional Carriers—Postmaster C. H. Sheets of Braddock, who was confirmed for the third time by the senate on Thursday, received word yesterday that two additional carriers have been allowed and that the salaries of the clerks will be increased July 1.

Foreigner Sent Back—Andras Kaszo, a native of Austro-Hungary, was taken to New York last night by Immigrant Inspector R. D. Layton and will be deported. Since his arrival in Pittsburgh he has been a patient at Marshalsea.

Explosion Inquiry Begun—Inquests into the deaths of Adam Gezybowski and Boleslaus Andruskovich, the latter a 3-year-old boy, who were killed in a gasoline explosion May 19 at the United States Glass Company plant, South Twelfth street, were started yesterday.

Music Teacher Resigned—Prof. George L. Smink, for the past seven years teacher of music in the Homestead schools, tendered his resignation to the board of directors yesterday in order to accept a similar position in the Pittsburgh schools at a salary of $1,500, a considerable increase.

Wrecked by Oil Can—George Simms, a West Liberty farmer, yesterday morning tried to hasten the fire in his kitchen stove by pouring oil on the wood. As a result he is badly burned and the loss to his property is estimated at $3,000. His barn and two horses were entirely consumed and his dwelling and outbuildings gutted by the fire.

Will Have New Quarters—Postoffice Inspector E. R. Morris, who has been in Homestead the past few days looking over conditions at the postoffice, announced yesterday that he would recommend a change of location for the office, as the present quarters in Ann street are too small and inconvenient for the amount of business transacted.

Property Owners Protest—The owners of property and residents of Welsh way and the lower part of Birmingham avenue, South Side, have entered an indignant protest against being cut off from the rest of the district by the improvements of the Pittsburgh, Virginia & Charleston Railway Company. The department of public works has been asked for relief.

Young Penitentiary Prisoner—Mary Allen, the youngest female prisoner ever admitted to the Western penitentiary, will be released next Monday. Two years ago, when scarcely 16 years old, she was sentenced for arson, from Washington county. While an inmate of the Reform school at Morganza she set fire to the girls' dormitory on the night of September 11, 1900.

Chamber Year Book Out—The Pittsburg chamber of commerce year book contains some valuable information relative to manufacturing in this city. The book marks the close of the twenty-seventh year of the chamber. The membership list contains 600 names. The Greater Pittsburgh project is advocated and also the movement to erect a chamber of commerce building.

Strenuous Objector—George Keller, a pretzel baker of Arch street, near Alpine avenue, Allegheny, offered strenuous objection to having a telephone pole erected in front of his property. After the men dug a hole on Wednesday, Keller jumped into it and refused to be dislodged. His meals were carried to him by his family, for 24 hours, when he was removed from his position by the police.

Burned Up $107—Mrs. James Reed, colored, of Locust street, Carnegie, yesterday morning built a fire in the kitchen stove and it cost her husband $107. Reed is an excavator, and on Thursday collected $206. He gave his wife $107. She became worried over having such a large sum, and placed it in the stove for safe keeping. Yesterday she made the fire as usual, forgetting about the money, which was destroyed.

City Must Pay—The Allegheny board of viewers met yesterday and awarded benefits and damages caused by the grading of Brighton road from Washington avenue to the city line. The schedule shows the cost of grading was $119,671.51, and the damages to property were $181,644.04, making a total of $301,315.55. The benefits received by abutting property were assessed at $198,958.25 and the city was assessed $108,356.30.

Was Fatally Burned—Annie Reno, 10 years of age, daughter of John Reno of No. 1221 Halket avenue, Braddock, was fatally burned yesterday morning by her clothing catching fire from burning rubbish. Justice of the Peace J. G. Richards tore the burning clothing from the child, but she had inhaled the flame. She was alive at a late hour last night, but her death was expected at any moment.

Three Dead in Four Weeks—Theodore P. Beyrleye, 20 years old, is dead at the family home in Shaler township, from typhoid fever. The death of Theodore is the third to occur in the family within four weeks. The first death was that of Theodore's father, Henry Beyrleye. Last Sunday afternoon Albert T., a brother, died from typhoid fever. A sister, Nettie, is at present in a critical condition from the same disease.

Innocent Maids in Trouble—Alice Prison arrived Thursday night and was not long in creating enough disturbance to land her in the institution bearing her name. She and E. C. Smith were given a hearing yesterday by Magistrate Bernard McKenna on a charge of disorderly conduct. Smith paid $10 and costs and Alice was discharged. The Prison girl claimed she met Smith on a train, and that he took her to a First avenue hotel, where later he tried to break into her room.

Italian Used His Gun—Frank Gizliotti, a 20-year-old Italian tailor of No. 515 Grant avenue, Allegheny, was yesterday held for trial at court by Magistrate Henry Hunneshagen on a charge of felonious shooting. Gigliotti about 1 o'clock yesterday morning attempted to shoot Louise Harris, 25 years old, living at No. 208 Robinson street, Allegheny, and was only prevented from killing the woman by a visitor at the house striking up the tailor's arm and diverting the direction of the bullet.

Last Contracts Awarded—All the contracts have been awarded for the construction of the Pittsburgh, Toledo & Western, the Wabash inlet into Pittsburgh. The road will be 60 miles long, and the contractors are to have the work completed within one year. C. H. Conneil & Co. received the contract to build section 43, which includes a tunnel 800 feet long. Martin Spellacy of Hepedale, O., was given the contract to build section 57, on which will be a tunnel 700 feet long, and Fogel & Francy of Allegheny will build section 49.

Collected Auto Taxes—Chief Ordinance Officer Robert H. Lindsay has entered suits and compelled a number of wealthy proprietors of automobiles to pay the $10.50 for a vehicle license. He said he grew weary of notifying them and filed entering suits, which had a very salutary effect. He said none of them were trying to evade the payment of the license fee, but were careless about attending to it. The list of license fees paid shows that there are more than 200 automobiles owned in the city.

Traction Prisoner Freed—The management of Southern park and the South Side police are at odds because the latter refuse to handle cases from the park, it being outside the city limits. The matter was brought to a head Thursday night when No. 1 patrol wagon was called to the city line to get Hugh Conbery, a prisoner in charge of a special park officer. Conbery was discharged by Magistrate David J. McGarey yesterday morning. He was then given a hearing at the alderman's office and fined $5 and costs.

Will Get Fresh Air—Some 25 children from various parts of the city, principally from the Soho district, will be taken to the Fresh Air home at Rosedale today to be the guests of that institution for the summer months. With this last addition the home will have a family of nearly 50 youngsters. Mrs. Lucy W. Hill, secretary and treasurer of the institution, has direct care of the children during their stay. This home was organized in 1900. It is situated about 14 miles from the city on the Pittsburgh & Lake Erie road. Some time this summer the institution will take all the cash girls in the big department stores for an outing for a week or more.

Sunday Recitals Closing—Only two more Sunday free organ recitals are to be given before the close of the season at Carnegie Music hall. Tomorrow afternoon at 4 o'clock Walter E. Hall plays a fine program. It opens with a group of numbers by J. C. Bridge, an English organist and brother of the coronation organist at Westminster abbey, London. Mr. Hall was a pupil of Mr. Bridge. Wagner, Weber and Widor are represented in the second part of the program, the Wagner number being Elsa's Dream from "Lohengrin," an exquisite number admired by all lovers of opera. Weber's "Der Freischutz" overture, which follows, is perhaps better known than any of the concert overtures; it lends itself admirably to organ treatment. Widor is the organist at one of the celebrated churches in Paris. Two selections from his symphonies, excellent examples of his style, are to be played.

Excursion to Moss Side Park.

Colonial Wardrobe

The dust incident to summer calls attention to the importance of a wardrobe in every room where apparel is kept. And while you are about it you may just as well have a Wardrobe that is a thing of beauty as well as a convenience forever.

The Colonial Wardrobe pictured above is a beauty in reality, although the illustration shows little more than the outline.

Made of solid mahogany, 41 inches wide, 22 inches deep, 6 feet 6 inches high; mirror 50 by 28 inches—

Price $100

There is no need to enlarge on the subject of such a combination, for mahogany fashioned into the exquisite Colonial style finds favor in all circles where beauty is prized for its own sake.

If you wish exclusive styles and best price inducements, you'll always come to

COFFEE SENSE.

To Drink, or Not to Drink, the Question.

A prominent St. Paul woman comments on coffee as follows:

"While I was drinking coffee I was troubled with sleeplessness and palpitation of the heart. I began to feel suspicious of coffee poison and having no desire to drug myself, realized how inconsistent it was for me to continue the use of anything that helped to break me down, so I quit coffee and began using Postum Coffee.

Now I sleep well and consequently feel refreshed, and am much strengthened. Palpitation of the heart has ceased and altogether life seems worth living.

Some of our family like a little coffee mixed in with the Postum; that, of course, is much healthier than the old-fashioned coffee alone."

It is true that very strong coffee of the best flavor has a little more fascinating taste to some palates than pure Postum. On the other hand, there are thousands of people that prefer the flavor of Postum, pure and simple. If coffee agrees perfectly, and people are not ill in any way, there seems no good reason why coffee should be discontinued unless there is a fear of disease finally setting up from the continued use of a drug. On the other hand, if any member of a family is ailing in stomach, bowels, kidneys, eyes, or the nervous system, such a one should immediately quit ordinary coffee and take Postum Food Coffee. A sure result can be depended upon and a gradual feeling of health and strength will come from the change. Health, of course, is worth almost everything on earth.

Some people are so constituted that it is hard for them to give up a habit even if good health is the reward, but it is perfectly easy to leave off coffee when one can have a well boiled cup of Postum in its place.

Tomorrow will be June 22nd, the longest day in the year.

Summer begins.

It will be a long time before you can find as much summerishness crowded into a stock as we have now. Here's the regulation cut for men whose first desire is comfort. Here are dependable Clothes for men whose first thought is durability, and here are the latest fads for men whose first idea is style—

League Games Today.

St. Louis at Exposition park.
Philadelphia at Boston.
Chicago at Cincinnati.
Brooklyn at New York.

There was no ball game at Exposition park yesterday afternoon. The Pittsburgh and St. Louis teams were scheduled for their second game of the present series, but the weather man listened to the pleadings of the farmers, and as there is a greater demand for garden truck than for baseball he turned on a dose of rain, which proved a god-send for the farmers, but a death blow for baseball.

That old adage about it being an ill wind that blows nobody good will prove true in this case, because the first double-header of the season is slated for today, and the hungry fans will get a whole afternoon of baseball for the one price of admission. This arrangement was entered into between Managers Clarke and Donovan yesterday afternoon with the consent of the club owners. President Dreyfuss was at first inclined for only one game, as there is an open date on September 10 and the postponed event could have been played off on that day, but he finally assented to the wishes of the visitors.

Donovan Anxious to Play.

Manager Donovan's anxiety for a double-header is largely due to the fact that those Cardinals of his are putting up winning ball and he thinks that if he can sneak another game from the champions there will be a brass band reception awaiting him on his return to the Mound City. The team's record for the Eastern trip so far is seven victories and six defeats, which is a shade better than the display of the Western teams. In order to get a victory today he will depend on Pitchers Yerkes and Murphy, but there is a chance that he may again call on the O'Neil brothers, who are quite willing to take another try at the champions.

Manager Donovan is more than pleased with the way his players are working, and he feels sure that the boys will improve once they strike a long string of games on the home grounds. The showing made by the youngsters on the present trip has stirred up the enthusiasm at St. Louis and the National league team just at present holds a warmer spot in the hearts of the fans than the American league team of that city, which has been getting whipped with great regularity. This means much for the National league game in St. Louis when it comes to opposition games which will be encountered next week. Manager Patsy has a strong attraction in the O'Neil brothers, who will counteract anything the American may have to offer.

Brashear Was Not Spiked.

That alleged spiking act which drew down upon the head of Manager Clarke the displeasure of the grand stand patrons at Exposition park on Thursday afternoon turns out to have been a trifling matter and an accident pure and simple. While it was true that Brashear's stocking was cut that was the extent of the damage done and even that was an accident. Manager Donovan said yesterday that Brashear was not injured in the least and he did not think that Manager Clarke had intentionally tried to spike his first baseman, the whole thing being the result of a close play. "I am certain," said Donovan, "that Clarke would not intentionally try to spike a fellow player, and if in a mix-up one was injured no one would feel so badly about it as the Pirates' clever leader."

WON IN THE FIRST.

Boston Batters Could Do Nothing With Chic Fraser.

BOSTON, MASS., June 20.—In the first inning of today's game Thomas singled and Barry batted out a home run, winning the game for Philadelphia. Fraser kept Boston's hits well scattered. Attendance, 2,100. Score:

HARVARD EASY FOR YALE'S TEAM

BLUES TOOK THE OPENING CONTEST WITHOUT TROUBLE.

Stillman, the Crimson Pitcher, Weakened in Seventh Inning and Yale Piled Up Six Runs—Garvan Pitched Well for Blue Team.

CAMBRIDGE, MASS., June 20.—Yale won an easy victory over Harvard on Soldiers' field this afternoon in the first of their annual series of baseball games, the score standing 7 to 2.

It was Harvard's class day and the game had been postponed one day on account of rain. It was a contest of pitchers, although there were only five strikeouts in the game. Yale scored in only two innings. In the fourth Stillman threw to first to catch Guernsey, but Randall was asleep and the ball went past him under the bleachers and Guernsey scored.

The seventh proved a lucky inning for Yale. Stillman weakened, giving three bases on balls, being hit for a single, a double and a triple and Carr making an error, the total result being six runs for Yale.

Otherwise Harvard's fielding was glittedged. Stillman and Randall made a pretty double play on a pop fly bunt, and later Coolidge did the same thing unassisted, making the prettiest play of the game. Skilton played a fine game at second base and Daly did well in right field. Harvard played in luck for the first part of the game, but Garvan's slow balls and wide curves kept her heavy hitters from getting the ball outside the infield.

Yale's first baseman had 17 put-outs. Clarkson was put in to pitch for Harvard in the ninth inning, but he had poor control of the ball. Score:

Yale.	R.	H.	P.	A.	E.	Harvard.	R.	H.	P.	A.	E.
Metcalf, 2	1	0	3	4	0	Wendell,	1	0	1	1	0	0

Harvard	0	0	0	0	0	0	0	2	0	—2		

Two-base hits—Randall, Cole. Three-base hit—Chittenden. Stolen bases—Carr, Stillman. Double plays—Stillman and Randall; Coolidge (unassisted). First base on balls—By Stillman 6, by Garvan 5. Hit by pitched balls—Metcalf, Miller. Struck out—By Stillman 3, by Garvan 2. Umpire—Lynch of National league. Attendance—12,000. Time—2:35.

TODAY'S GOLF PROGRAM

Match Contests Are the Principal Features—Miss Laughlin Wins the Mrs. B. F. Jones Cup.

Match contests are the feature of the golfing card for today, the program in full being as follows:

At Logans Ferry, Edgeworth club of Sewickley vs. Westmoreland Country club.

At Highland, Highland Golf club six vs. Edgewood Golf club.

At Schenley park, second 18-hole qualifying rounds for the Laughlin challenge cups. The 11 lowest gross scores for June 14 and today, among the men, qualify with the winner of last October for final 8 18-hole competition under handicaps on June 28. The seven best gross scores among the women qualify with last year's cup holder. Green's committee prizes are offered for the lowest net scores for the 36 holes with handicaps.

At Highland, 18-hole handicap contest for the Phipps cup for men, in addition to match; second handicap contest for Mrs. Charles Taylor cup for women.

At Edgewood, for home players, 18 holes of handicap medal play for Green's committee prize.

At Sewickley Country club course, 18-hole handicap competition for a cup offered by G. W. Nicola.

At Country club course, Pittsburgh, second 18-hole handicap round for president's cup; first 18-hole round under handicaps for Louis T. Brown trophy, first place to count three points and total score of six to take trophy.

At Brighton Country club course, final match play for W. A. Shaw trophy.

The cup offered by Mrs. B. F. Jones was won by Miss Laughlin on the Allegheny Country club course yesterday afternoon with a net score of 97. Quite a number withdrew on account of the rain. Cards were returned as follows:

	Won.	H'cap.	Net.
Miss Laughlin	107	10	97
Miss Walton	93	sc.	93
Mrs. O. D. Thompson..	110	6	104
Mrs. F. B. Rutan	118	12	106
Mrs. R. P. Nevin, Jr....	111	sc.	111
Mrs. William Kerr.....	123	6	117

The contest for women scheduled at Highland park for the cup offered by Mrs. Charles Taylor was postponed till this morning.

M'CONNELL IS HERE.

The Speedy Boston Rider Is Sure He Can Defeat Lester Wilson.

Charles McConnell, the speedy rider from the Bay State, with his manager and pace makers, arrived in Pittsburgh last night. He is to meet Lester Wilson in a 30-mile motor-paced race at the Colosseum in Allegheny on Monday night. He got in too late to do any work at the track yesterday, but will be out early this morning to take his first spin on the Colosseum track. McConnell said last night that in spite of the long journey, he is confident that he will be in condition to ride the best race of his life on Monday night, and he says that he feels that the victory will be his. He said that all the professionals he met in the east who have been at the Colosseum track since it was opened, have spoken in such glowing terms of its excellence that he is very anxious to ride on it. McConnell will ride at the track this morning and afternoon.

Lester Wilson put in another day of hard training yesterday and is very much in earnest in his determination to be in the best possible condition for Monday night. His riding behind the big motors is very strong, and if he does as well in competition as he has been doing for the past week in his training, the race on Monday night will be a revelation. The entries for the half-mile handicap and the two-thirds-mile handicap will close at 6 o'clock tonight.

INJURY NOT SERIOUS.

McGovern's Shoulder Blade Not Broken After All.

NEW YORK, June 20.—Terry McGovern, the pugilist, who injured his shoulder while playing first base at a baseball game at College Point on Wednesday afternoon, is not so badly injured as at first reported.

It was thought at the time of the accident that his shoulder bone was fractured, but a further examination disclosed the fact that no bones were broken.

Excursion to Wheeling Tomorrow.
Train leaves B. & O. R. R. depot 8:40 a. m. Fare $1.50 round trip.

$500 REWARD.

We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Costiveness we cannot cure with Liverlits, the up-to-date Little Liver Pill, when the directions are strictly complied with. They are purely vegetable, and never fail to give satisfaction. 25c boxes contain 100 pills, 10c boxes 40 pills, 5c boxes contain 15 pills. Beware of substitutions and imitations. Sent by mail. Stamps taken.

DILLON WAS BOUNCED.

Gave Umpire His Opinion and Was Sent to the Bench.

DETROIT, MICH., June 20.—Casey's three-base hit, following Elberfeld's base on balls, scored Detroit's first run in the fourth inning. In the sixth inning three singles and a double steal, Gleason from first to second and Casey from third to home, netted two more for Detroit. Miller kept the hits well scattered. Dillon was put out of the game in the fifth for expressing his opinion of a very questionable decision by Umpire Johnstone. Score:

YALE FRESHMEN WERE A SURPRISE

HAD A RACE WITH 'VARSITY FOUR AND NEARLY WON.

The Boys Rowed So Hard That Two Dropped Over Through Fatigue—The Official Time for Starting the Races Has Been Fixed.

SPECIAL TELEGRAM TO THE GAZETTE.

GALES FERRY, CONN., June 20.—Yale's oarsmen today continued their policy of doing only light work till their races next Thursday. Today a race of a mile and a half was arranged between the 'varsity and freshmen fours in what was the hardest work of the day. The freshmen four surprised everybody by taking the lead and holding it till the last furlong, when the regulars spurted and won by half a length. The freshmen were pumped out, Dewey, bow, and Lathrop, stroke, dropping through fatigue.

The 'varsity and freshmen eights practiced starts at both morning and afternoon practice, the freshmen generally getting the jump, but being finally overhauled by the veterans. Harris, the freshman coxswain, was sick tonight and Whitehouse steered the shell. The order in the freshmen boat was settled tonight by replacing Captain Barnum at bow, Ferguson at No. 3 and Halpin No. 5 permanently. Julian W. Curtiss and General W. W. Skiddy of New York city, Yale's rowing advisers, arrived tonight. Mr. Curtiss officially announced, as chairman of the committee for the races, that the yachts in line would be allowed to fire no shots till the shells finished the races this year. Heretofore the yachts' salutes have bothered the crews. At a conference of the Yale-Harvard crew captains today the following hours for the three annual races were ratified: 2 p. m., 'varsity fours; 2:30 p. m., freshmen eight; 4 p. m., 'varsity eight.

Jackson of Harvard and Byers of Yale are badly overweight. A mile running race has been arranged to reduce their avoirdupois. Yale oarsmen built a mammoth bonfire tonight and sent up fireworks to celebrate the victory of their baseball team at Cambridge today.

With the nearer approach of the big varsity race, Harvard's crew seems to be picking up and there is still a possibility that the crew may come with a jump and show a little speed by the middle of next week. The lighter work which the men have had during the last couple of days has also put a good deal of life into the men and there is a more encouraging feeling all around Red Top. In the afternoon the 'varsity and the freshmen lined up on the second half of the first mile and the 'varsity crew gave the youngsters a good idea of how to put in the strokes for a short sprint.

OPEN TENNIS TOURNEY.

Country Club Will Open New Courts With Events to Include All Leading Players.

The Allegheny Country club has announced a large open tennis tournament for the new quarters back of Sewickley, to be held July 7, 8, 9 and 10, and to be open to tennis players of the United States. The crack golfing organization has four fine double courts, which have just been completed back of the magnificent club house, and it is the intention to open these with the biggest tournament of the courts held here in many years. The events will be for both doubles and singles, with two handsome cups in the doubles and a cup medal in the singles. The entries close July 5, with O. D. Thompson, secretary.

BOUGHT FINE HORSES.

George S. Ward Secured Four Fine Animals at Watterson Sale.

George S. Ward, of the Ward-Mackey Company, purchased four fine animals at the George R. Watterson sale of the stock of S. T. Harbison of Lexington, Ky., at the East End stock yards on Wednesday evening.

Mr. Ward bought two fine riding horses for his private use, Nelson, a bay gelding, 6 years old, 16½ hands, a fancy gaited animal, trained to march, waltz, etc., and Mabel, a brown mare, 7 years old, 5¾ hands, sired by a son of Ledger, dam a Denmark mare, with all gaits to saddle, and a fine driving animal.

He also secured a fine bargain in a spotted team, brown and white, a mare and gelding, 7 years each, and 15½ hands, sired by Arabian horse, a beautifully proportioned pair, which will be driven tandem.

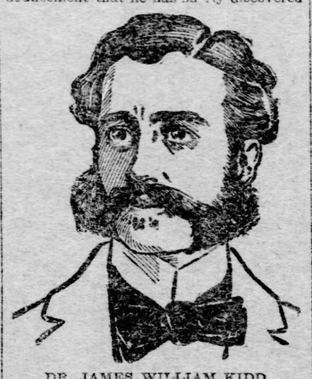
SICK MADE WELL WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 3405 First National Bank building, Fort Wayne, Ind., makes the startling announcement that he has surely discovered



DR. JAMES WILLIAM KIDD.

the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the cure remedy for it will be sent you free by return mail.

Designers AND Builders

of the greatest variety of "Up-to-Date" Depot Wagons. More than 100 styles of Summer Vehicles on view.

(Several Slightly Used Ones Cheap.)

Quick relief for Dysentery, Diarrhoea, Cramps, Cholera Morbus and all disorders of the stomach and bowels.

DILL'S BALM of LIFE

Especially valuable for infants and children

Doctors will tell you that most all such diseases, so widely prevalent during the warm weather, are directly traceable to the presence of germs or bacilli; that such forms of disease can only exist when the stomach and bowels are in what is called an alkalied condition. If changed from an alkali to an acid state the germs will cease to exist—will pass naturally from the system—thus relieving the body of the disorder from which it has been suffering and effecting a permanent cure.

Dill's Balm of Life will do this—and more. It heals and soothes the weakened membranes and imparts a tonic effect to the whole system.

Try it the next time your are ill. It will not be an experiment. The experimental part was accomplished thirty years ago, since which time it has steadily grown in popular favor as a household remedy.

It is now used and recommended by many physicians and druggists in their own families, in hospitals and public institutions as well as in thousands of homes.

Buy a bottle today and keep it on hand for emergencies.

PRICE, 50 CENTS

Sample size, 25 Cents — At all Druggists.

DILL'S WORM SYRUP, for tapeworms or seat worms. A sure cure. It carries off all worms and impurities and is an excellent *mild cathartic* for adults or children. *PRICE 25c.*

College Crews Are Ready for Their Big Race Today

ONE GOOD THING WENT THROUGH ON LAST DAY

Learoyd, a 40-to-1 Shot, Won the Sixth Event at Harlem.

PROWL WAS DEFEATED

The American Derby Candidate Was Beaten by Frangible in Mile and an Eighth Handicap—Jockey Injured by Fall of Horse.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, June 20.—The Harlem spring meeting ended today. A slight rain all afternoon made the track heavy and favorites fared badly. In the sixth race, at one mile, Learoyd, 40 to 1 in the betting, won with comparative ease from Digby Bell. Prowl, an American derby candidate, started in the fourth event, a mile and an eighth handicap, and was beaten a length by Frangible. While going to the post in the first race Dobrouck, with Meade up, stumbled and fell. The jolly jumped on Meade's back, injuring him severely. Summaries:

First race, 4½ furlongs—Mallory, 110, Coburn, 4 to 1, won; Stonewinder, 108, Mathews, 7 to 2, second; Allan, 107, J. Woods, 9 to 10, third. Time, .55 1-5. Ahola, Frances Porter, Dundees Pet, Lola L. and Dobrouck also ran. Apple Sweet left at post.

Second race, 6 furlongs—Nellie Waddell, 91, J. Walsh, 7 to 1, won; Alard, 109, Coburn, 4 to 1, second; Joe King, 113, J. Woods, 7 to 5, third. Time, 1:14. Mary Pine, Money Muss, Tom Kingsley, Tom Wallace, Lenesta, Ella Reese and The Cedars also ran.

Third race, steeplechase, handicap, short course—Faleib, 135, Kelly, 12 to 1, won; Farrell, 141, Taylor, 8 to 1, second; MacLaren, 143, G. Wilson, 8 to 1, third. Time, 3:38 3-5. Walter Cleary, Globe II., Queenship, Dagmar, Salso ran. Mazo and Helen Paxton fell. Alice B. left at post.

Fourth race, 1¼ miles—Frangible, 90, W. Knapp, 7 to 1, won; Prowl, 90, Davisson, 7 to 10, second; Marshall Nell, 98, Hoar, 8 to 1, third. Time, 1:56. The Lady Dr. Stephens, Scarlet Lily and Nitrate also ran.

Fifth race, 1¼ miles, selling—Articulate, 107, Lyne, 1 to 2, won; Searcher, 104, Coburn, 15 to 1, second; Compass, 102, Donnelly, 20 to 1, third. Time, 2:11. Scintillant and Sir Shooter also ran.

Sixth race, mile, selling—Learoyd, 101, Baker, 40 to 1, won; Digby Bell, 107, J. Walsh, 4 to 1, second; Matin Bell, 95, Donnelly, 7 to 1, third. Time, 1:46 2-5. Mackey, Lucy Locket, Broadkirk, Declaimer, Santa Teresa, Chickadee, Ernest Parham, Hiowaho and Alma Girl also ran.

Seventh race, 8½ furlongs—Vincennes, 108, J. Mathews, 7 to 2, won; Baird, 106, Wright, 15 to 1, second; Miss Izzy, 108, Conley, 4 to 1, third. Time, .54 4-5. Bedner, Limelight, Talmany Chief, Carl Kahler, Artena and Rosedale also ran.

Tomorrow's Washington Park entries:

First race, mile—Barrack, 126, Federal, 123; Hilfling, 122, Harry New, Paul Greyton, Glenpater, 107; Wain-a-moinen, 102.

Second race, 6 furlongs—Vulcain, 124; Lake Ward, 122; Wissendine, 108; Kenilworth, 122; Scorpio, 121, Harney, 115; Headwater, 114; Rose Tree, 112; Fullerton, Inspector Shea, 111; Maud Gonne, 110; Zibia, 106; Memnon, 101; Elsie L., 99. Couple Wissendine and Ward, Zeigler entry.

Third race, the American derby, 1½ miles—Odile, 127, Lucien Appleby, 126; Lucien Appleby, Wyeth, Prowl, Hermis, Pentecost, Corrigan, Cruzados, Helano, Aladdin, Belles Commoner, Arsenal, 122. Couple Lucien Appleby and Lord Quex as Hildreth entry.

Fourth race, 7½ furlongs, selling—Alfred Cargrave, 112; Syria, Wild Pirate, 110; C. B. Campbell, Winter, 107; Semicolon, Last Queen, 106; Ed Adack, 104; Stuyvee, 99; Lacrimas, 97.

Fifth race, 4½ furlongs—Sidney C. Love, Claude, Tom Cogan, 115; Rheta, 115; Watkins Overton, Recwonerl, 111; High Charmer, 108.

Sixth race, 7½ furlongs, selling—Col. Ballantine, 110; Boomerack, 107; True Blue, 106; Broomie Anderson, Eva Rice, Free Pass, 104; Lakeview Belle, 102; Vassal Dance, Ravensberry, Huzzah, 96; Queen of Diviana, 91. Cloudy, track slow.

TRACK WILL BE HEAVY.

Mud Horses Likely to Have the Best Chance in the American Derby.

CHICAGO, ILL., June 20.—Thirteen horses are entered to start in tomorrow's American derby and it is likely one or two others will be added to the list tomorrow morning, making one of the largest fields ever seen in the race. The practical assurance of a heavy track is responsible for several of the starters, who think they will have a chance in this kind of going which they would not have under other conditions. Owners don't have to make their final declarations until 10 o'clock tomorrow morning and it is possible that some surprises may be sprung at the last moment.

There is much disappointment at the promise of a muddy track for the great race. Contrary to the promise of the weather man, it rained most of today and it seems sure that the track will be more or less heavy.

What effect a slow track may have on the chances of the favorite horses is more than problematical. Charles Hill, the trainer of Heno, all along has maintained that the Mackay colt can negotiate muddy going, but he has admitted he would prefer a fast track. Those in charge of Arsenal declare the Featherstone colt can go in the mud, but this fact cannot be gathered from races he has run. Much the same can be said of Pentecost, although the latter's supporters declare emphatically he is a good "mudder." Hermis is pronounced a good mud horse and it is believed Belles Commoner can negotiate such going.

As to the "outsiders" in the race, the chances of all are supposed to be enhanced by the promise of a sloppy track. Prowl, the winner of the Arkansas derby, is a selling plater on a fast track, but will start tomorrow because of the condition of the track. S. C. Hildreth's Lucien Appleby has been conceded a royal chance in the big race in case of a slow track. Lord Quex, the other Hildreth colt, is declared to dislike slow tracks, yet he won the Crescent City derby on a slow track. Wyeth, the Drake entry, likes this kind of going. Aladdin, the G. and Bennett starter, is not conceded a chance, except in slow going, and a small chance in that.

THREE FAVORITES WON.

Only an Ordinary Card at Sheepshead Bay Yesterday.

NEW YORK, June 20.—Juvenalis, Irish Lad and Bursthourne were the winning favorites at Sheepshead Bay today. The card was very ordinary, the chief interest centering in the fourth race, a handicap at one mile. Cameron at 5 to 1 was the winner. He lay in behind Dublin to the stretch, where he moved up and won by half a length in the fast time of 1:36. The summaries:

First race, for fillies, 3-year-olds selling, 6 furlongs, on main track—Lady Holyrood, 100, Rice, 6 to 1 and 5 to 2, won; Sweet Clover, 101, Wonderly, 3 to 1 and 7 to 5, second; Miltenberger, 101, Cochran, 15 to 1 and 6 to 1, third. Time, :14 1-5. Paul, Mudflower, Ada Lee, Early Eve, Biserta, May J., and Batyah also ran.

Second race, for maidens, 2-year-olds and up, 1¼ miles—Juvenalis, 112, Wonderly, 7 to 10 and 1 to 3, won; Adelaide Prince, 107, T. Burns, 6 to 1 and 2 to 1, second; Compliment, 109, Daly, 9 to 2 and 6 to 5, third. Time, 1:56 1-5. Anna Darling, East Kelson, Mordella, Lady Applejack, Waterboy, Squib, Quimo, Rosenfeld, The Guinea Donus, Jim Beam, Lady Iona and Dactyl also ran.

Coquilder and Anna Darling coupled in betting.

Third race, for 2-year-olds, last 5½ furlongs of the futurity course—Irish Lad, 118, Burns, 8 to 10 and 2 to 5, won; Daisy Green, 115, Sasse, 7 to 2 and even, second; Ada Nay, 115, Wonderly, 12 to 1 and 3 to 1, third. Time, 1:07 4-5. Wax Candle, Lady Albercourt, Col. Tyler, Lord Touchwood and Rene also ran.

Fourth race, handicap, mile—Cameron, 109, Wonderly, 5 to 1 and 7 to 5, won; Dublin, 115, Landry, 8 to 1 and 3 to 1, second; Bellaria, 100, Smith, 12 to 1 and 4 to 1, third. Time, 1:36. Morningside, Arregor, Belle of Troy, Francisco, Janice and Sybil also ran.

Ethics and Francisco coupled in betting.

Fifth race, for maidens, two year olds, last 5½ furlongs of futurity course—Hurstborne, 112, J. Martin, 8 to 5 and 5 to 2, won; Athol, 112, Lisbon, 4 to 1 and 8 to 5, second; Meltonian, 112, Shaw, 2 to 1 and even, third. Time, 1:07 1-5. Glennevis, Earl of Warwick, Oakington, War Cry, Music, Leader, Byron Dale, Pigeus, Wiener Wurst, Northern Light and O'Reilly also ran.

Northern Light and O'Reilly coupled in betting.

Sixth race, 1¼ miles on turf, selling—Fatalist, 97, Rice, 25 to 1 and 8 to 1, won; Merito, 102, Durham, 2 to 1 and 4 to 5, second; Prince Richard, 103, J. Martin, 3 to 1 and 6 to 5, third. Time, 2:07. Alsike, Caithness, Jack Demund and Leonid also ran.

First race, inaugural steeplechase, short course—Jim Megibben, 159; George W. Jenkins, 156; Sailbust, 155; Rowdy, Rising Sun, 150; Perion, 146; Adilaumo, 145; Euphone, Marylander, 140; Herculean, 137; De Cameron, Foolhardy, 135; Tankard, 132.

Second race, 6 furlongs on main track—Military, Satire, Josepha, Rappenecker, Morandi, Overture, 108; Delagoa, Cheat Em, Mixer, 105; Morokanta, Destitute, 105; Femessie, 100; Charles W. Meyer, 99; Guess Work, 98; Shandonfield, 95; Oclawaha, 92; Locket, 91; Red Damsel, 90.

Third race, the Surf, 5½ furlongs of futurity course—Charles Elwood, 127; Monte Carlo, 122; Hackensack, Showman, Slave, 117; Bounding Beauty, 114.

Fourth race, the Tidal, 1¼ miles—Emshee, Remorse, Major Daingerfield, Gold Cure, Yankee, Goldsmith, Dixieline, 126; Old England, 123.

Fifth race, selling, 5 furlongs of futurity course—Dr. Saylor, 112; Morea, 109; Lord Turco, 107; Southsayer, 103; Dark Planet, 105; Sadie O., 104; Mount Hope, Choice, Mennenfield, Cinquevalli, 102; Old Glory, Glorious, 100; Blue Delft, Ithiel, Bobbinet, Blue Banner, 99; Brunstone, 97; Mary McCarthy, 94.

Sixth race, handicap, 5½ furlongs on turf—Swiftmas, 126; Belvino, 113; Lanceman, 110; Khaniganic, 108; Numeral, 106; Lombre, Cuspidor, 104; Operator, 102; Broadstreet, 96.

AMONG THE AMATEURS.

Millvale plays Beaver Falls today. Cushman and Jamison will form the battery.

Swissvale A. C. plays the Nunnery Hill C. C. at Swissvale today. Neal and Moffatt will be the battery for Swissvale.

Primrose will play Trenton A. C. this afternoon. All players will report corner Fourth avenue and Market street at 1 p. m.

The Highland A. C. will play the East End Pirates this afternoon on the latter's grounds at 2:30 p. m. R. Leety and Samuels will be on the firing line for H. A. C.

The Duquesne Heights A. C. will play Moyran A. C. Saturday. All D. H. A. C. must report at incline at 2 p. m. sharp. Battery for D. H. A. C., Barker and Smith.

Dallas will play at Canonsburg. Dallas has June 28 open. Would like to hear from some strong team for that date. Address William F. Beckett, 6021 Hamilton avenue, city.

The Woodlake A. C. will have the strong Lawrenceville team for an attraction today. Online called at 2:30 P. m. The Woodlakes' battery will be Nagley and White or Carroll.

Owing to the bad condition of the grounds at Edgewater park the game between the East End A. C. and Oakmont will have to be cancelled. Oakmont plays at Ford City on Saturday, June 28.

The members of the Simpsons team will meet at ball game at Exposition park today for practice. The management of the Simpsons has secured permission to use the league park after the game between St. Louis and Pittsburg.

The following players of the Harvard A. C. will please report at the corner of Smithfield and Fourth avenue this afternoon at 1 o'clock: Baumbach, Chapman, Claffe, James, Matz, Swartz, Schelbelc, H. Knapp, P. Knapp, Kennedy and Pehl.

At Millvale public school picnic at Olympia park yesterday afternoon the Rhody Wallaces of Millvale defeated the Millvale Juniors by a score of 10 to 1. The game was well played, as the Juniors made a good showing against the Wallaces.

The Waldorfs will play the Carnegie A. C. of Braddock at Kennywood park this afternoon. Lynch, Getty, Clem, O. Hartman, J. Hartman, Reynolds, Bentel, Boyle, Johnston, Knapp, Coffey and Lonergan are requested to meet at Kelsey's at 1 o'clock.

The Hilldales will play at Coraopolis today. They are confident of winning, as they have a fast team. The manager would like to hear from some good out-of-town team for the 28th of June, and also for July 4. Address H. D. Smith, city hall, Allegheny. Bell phone 62 North.

The Kingsleys will journey to Baden and expect to "put the bug on" the Badenites. The following players will please report at Fort Wayne station, Allegheny, at 1:30 p. m. Costello, McGilligott, McGovern, Wilson, Rettinger, Joseph, Burke, McCaughen, Quinan and Weeden.

The Trentons play the Primrose A. C. today at 3 o'clock on the former's grounds at Marion Junction. Batteries—Trentons, Ecker and Wehrle; Primroses, Brasser and ——. The Trentons want a game with the Woodlake A. C. for June 28. Telephone Wood, 144, after 7 o'clock evenings.

The Oberlin A. C. will play the Valley A. C. Saturday on the latter's grounds. All M. A. C. players will meet at Erin street and Wylie avenue at 2 p. m. sharp. M. A. C. desires games for July 4 with out-of-town teams. Address R. H. Herbertson, 2107 Wylie avenue, city.

The Colonial club will cross bats with the Glassport team this afternoon on the latter's grounds. The following Colonia' players are requested to report at the corner of Fourth avenue and Smithfield street at 1 p. m. sharp: O'Brien, Shafter, Shupp, E. and I. Jones, Gillespie, McGregor, McAteer, Brazel, Grant, Wynne and T. McAteer.

The North Ends baseball team will go to Carnegie, Pa., to play the team of that place. The following North End players are requested to report at the corner of the Perrysville Avenue car line at 1 o'clock sharp: Foley, Boyle, McNair, McKown, C. A. Hunter, Smith, Lincoln, Chatman, Volbrecht, F. Ansnutz and R. Ansnutz.

The Lowell A. C. will play the Lamont A. C. on the latter's grounds. The following players are requested to report at the corner of Park and Frankstown avenues: Bosco, Hemingway, Geier, Grob, Feller, Helser, Weiss, Merkel, Lyda and Carr. Any 15 to 16-year-old teams desiring games address Jacob Helsey, No. 6439 Marchand street, E. E., Pittsburgh.

The Soffels will play the Pittsburgh & Lake Erie railroad clerks at Smiths station, on the Castle Shannon railroad, this afternoon. The players are expected to take the 1:45 p. m. train at Castle Shannon incline. Deckenbaugh, Kennedy, Kuhn, Matthews, Smythe, Carter, Boyle, Harimon, Curry, Reynolds, Wilson and Stillwagon are to report at the top of the incline.

The Elma A. C. will cross bats with the Y. M. I. of Wilmerding. The following players are requested to report at 2 p. m. sharp: Smith, Grusch, Elling, Stewart, Johnston, Dunn, Left, Weiss, Ferry, Grimm. The Elma A. C. would like to hear from all first class amateur teams, Sewickley Y. M. C. A., Canonsburg, Bridgeville, Sharon, Beaver Falls and Monessen. Address J. Ward, Elma, Pa.

Owing to a misunderstanding Brown A. C. is without a game today. Any first-class team having grounds can have a game by calling up Ed. Brooks, C. D. & P. 'phone, 1191 Grant. The following players are requested to report at W. S. Brown's gum store, Wood street, at 2 p. m. sharp: Anderson, Owston, R. Lewis, E. Lewis, Gaughan, Brooks, Delaney, Downey, Smith, Hollenbaugh and Kratz.

A strong team composed of the pick of the C. D. & P. Telephone Company's clerks will play the strong A. T. & T. Company's nine at ——, the latter's grounds, this today. A good game is expected, as both teams have good records, having lost but one game each this season. All good teams having grounds and desiring games on Saturday afternoons please address T. J. Ackerman, 426 Telephone building, Pittsburgh, Pa.

The Pittsburgh-Junctions will play at Homestead today, and it is unnecessary to say that the fur will fly when these teams get at it. H. L. A. C. are always bang up battles, and they have an unusually strong team for today. These two teams have met four times in the last two weeks, each winning two of the games. Manager Risher will also have a much stronger team today than at any time this season, as he will have Edmundson and Vickroy in the line. Williams or Pearson will be on the rubber.

The following schedule has been arranged by the Wilkinsburg Electric baseball club: Hoyle & Patterson, June 21; Mutual Life Insurance Company, June 28; Wilkinsburg High school, July 4; July 5 is an open date; Westinghouse Machine Company, July 12; Riter-Conley Manufacturing Company, July 19; Pittsburgh Field club, August 9; Westinghouse Machine Company, August 16; September 6 and 13 open. With the exception of the games scheduled for June 12 and August 9 all the games will be played on the Electric club grounds, North and Hay streets, Wilkinsburg.

The Fairbanks play the strong Rochester team today at Rochester. Kommer or Probst will do the pitching for the Fairbanks, while Coleman will probably be on the rubber for Rochester. These teams will also participate in a game in the evening to be played by electric light, which is quite a new feature in the town of the kind and should attract a large crowd. This game has been played but very little in Pennsylvania. The following players must report at the Fort Wayne station, Allegheny, not later than 1:30 p. m.: Ortlieb, Kommer, Probst, Cabell, Deifer, Mangold, Yoedt, Bardelang, Lippert, Lauer and Hoellerman.

The following East Liberty players are requested to meet at the corner of Highland and Penn avenues at 12:45 this afternoon without fail: Mellermott, Gamble, Kalbek, McCutcheon, Smith, Graham, Stoneleaf, Youngson, Heathcote, Alexander, Orr, Beiser, Harper and L. Seibel. The team will go to Turtle Creek to play the team of that place. East Liberty still has a number of open dates which they would like to fill on. Any good team having grounds is requested to write for games. Wilmerding, Cottage, Winonas, Swissvale, Turtle, Canonsburg, Dallas, Ashtead, Shadyside, Our Own and Etna preferred. Address manager East Liberty baseball team, box 42, station A, Pittsburgh.

Excursion to Wheeling Tomorrow.

Train leaves B. & O. R. R. depot 8:40 a. m. Fare $1.00 round trip.

THE JOHNSTOWN TEAM SHOWED IT COULD PLAY

Defeated Altoona in a Contest That Was Hard Fought All the Way.

WON BY CLEVER BATTING

Both Pitchers Were Effective and the Fast Work of the Players Kept Spectators on Anxious Seat Until the Finish of Game.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Johnstown, Pa., June 20.—Johnstown today showed that she was not outclassed, as has been claimed by Altoona reports of the two games played there, by defeating Altoona in a beautifully played game today by a score of 3 to 2. Both clubs were on their mettle from start to finish, and Johnstown won the game entirely on the batting strength of Dowling, Hile and Ganier. Dowling tallied the first run on his own double and Hile's single, and Dowling and Hile tallied the other two on Dowling's double, Hile's single and Ganier's single. Altoona's two runs were made in the first inning on Haws' error of Doherty's tap and Martin's home run. Both clubs, outside of Haws, played a beautiful game and both pitchers were effective. The score:

Johnst'n.	R.	H.	P.A.	E.	Altoona.	R.	H.	P.A.	E.
Dowling, l	1	2	2	1	0	Davis, l..	0	0	1	0	1

Johnstown	0	1	2	0	0	0	0	0	*	3	8	1
Altoona	2	0	0	0	0	0	0	0	0	2	5	1

Two-base hits—Dowling, 2; Hile, Stolen bases—Lec. Bases on balls—Miles, Martin. Double plays—Hawes and Dowling, Doherty, Stitch and Lang. Struck out—Dowling, Hile, Groves 2; Miller 2; Doherty, Lang, Whisner. Passed ball—Lang, 2. Time—Two hours. Umpire—Carroll.

BUTLER TEAM BEATEN.

Hickey's Millvales Went Up There and Took a Game.

The Millvale team journeyed to Butler yesterday and took a fall out of the team from that place. The game was full of interest from beginning to end. Kinsey pitched a fine game and received gilt-edge support from the team. The feature of the game was a fine running catch by Jack Jain in left field, catching the ball on the foul line with his bare hand. The umpiring of Mr. Shiras was grand. Score:

Millvale.	R.	H.	P.A.	E.	Butler.	R.	H.	P.A.	E.
North'g, c	0	1	7	1	0	Richey, s.	2	1	2	6	1
Hickey, s.	3	1	1	5	0	McAff'y, m	0	2	2	2	0
Alpe'an,	2	2	3	0	1	Anders'n, l	0	2	4	0	1

Millvale	1	4	0	0	0	1	0	0	3	—9	11	1
Butler	0	0	0	1	0	0	0	1	0	—2	7	4

Three-base hit—Jackson. Two-base hits—Alpeman, Clause, Smith, Ritchey, McAfferty. Base on balls—Off Kinsey 1, off Smith 3. Doubleplay—Northwang and Hickey. Umpire—Shiras.

EASY FOR CHAMPIONS.

Homestead's New Team Got a Bad Defeat.

The new All-Homestead baseball team played their first game yesterday, going against the H. L. A. C. team at Steel Works park, and were defeated by the champions with considerable ease. The new team had a bad inning at the opening when a combination of errors gave H. L. A. C. ten runs. Afterward a very neat game was put up. H. L. A. C. being checked when runs seemed imminent several times. "Tommy Quinn, who caught for H. L. A. C., was injured in the sixth inning, a pitched ball striking him on the nose and tearing the flesh from the frontal bone. He, however, pluckily continued in the game to the wind up. Score:

											R.	H.	E.
H. L. A. C.	1	0	0	1	0	0	0	1	2	*—5	16	10	3
All-Homest'd	1	0	1	0	0	0	0	0	0	—2	7	8	

Batteries—B. Jones and Fisher, Lawrence and Quinn.

Gusky's Team a Winner.

The J. M. Gusky Baseball club defeated the Spear & Co. team last evening by the following score:

										R.	H.	E.
Guskys	2	3	0	0	3	*	*	*	*	—8	12	2
Spears	4	1	0	0	0	1	—6	5	5			

Batteries—Ritter and Krapp, Palmner and Simon. Umpire—Mr. E. L. Barrett.

The Gusky team would like to hear from Kaufmanns, Pitckerings and Pittsburgh Drygoods teams.

Sharon Defeated Again.

EAST LIVERPOOL, O., June 20.—(Special.)—For the second time Sharon met defeat at the hands of the locals today by a score of 5 to 4. Kerr and McAleese of the visiting aggregation each made a home run, the first ones made at the park this season. The score:

										R.	H.	E.
East Liverpool	1	1	0	0	3	0	0	0	*	—5	6	2
Sharon	3	0	0	0	0	0	0	1	0	—4	4	2

Batteries—Winters and Fumerline, Kane and McAleese.

Will Be Hot Game at Manor.

IRWIN, PA., June 20.—(Special.)—There will be a great game of ball at Manor tomorrow afternoon between the Manor and Wilmerding teams. It is the first of a series of games arranged between the two teams. Irwin fans are much interested on account of some of the players on the Wilmerding team. They are Catcher Lagorie, Outfielder Gallagher and "Slink" Lindsey second baseman. This trio played here in 1897 and 1898 and were stars at the time, when both Irwin and Greensburg went broke in getting gilt edge players to down each other. In those days Jock Menefee of the Chicago team, pitched for Irwin, and "King" Pittinger of the Bostons twirled for Greensburg. Barclay of St. Louis was also on the latter team, and "Kid" Miller, who played with Boston last season, was Irwin's shortstop.

MATINEE RACES TODAY.

Brunots Island Track Is in Shape and Some Fine Sport Is Promised.

The races to be given by the Pittsburgh and Allegheny Matinee club at their track at Brunots Island will start this afternoon, if weather conditions are favorable. A program of 18 entries was hurriedly made last evening and the races are to begin at 1:30 o'clock. Some of the best horses on the track are entered in the meet for today and although the program was not made public, some good racing is expected. The club has been handicapped by the non-arrival of the steam ferryboat to the course, and those attending today's meet will be ferried across to the track by skiffs. The track can be reached by skiff from the foot of Ontario street, Allegheny, or from the McKees Rocks side of the river.

FINE PLACE TO TRAIN.

President Dreyfuss Turns Over Colosseum to Schenley Bikers.

President Dreyfuss of the Pittsburgh baseball club, which controls the Colosseum, race track in Allegheny, as well as Exposition park, is helping to make the track and field meet at Schenley on the Fourth a success. He gave notice yesterday afternoon that the Colosseum, which has the best board track in the country, will be open every day except when races are on, to the bicycle riders who are training for the President's meet at Schenley park. As there are no boys race on the holiday program the youngsters will be barred, because the board track is dangerous for inexperienced riders. The offer made by President Dreyfuss will be appreciated by the athletes, as for many of them the Allegheny track is more convenient than the one in Schenley park.

THE ASCOT RACES.

Rainy Weather Made the Going Hard and Kept Crowd Down.

LONDON, June 20.—The return of the rainy weather today dampened the spirits of the occupants of the country houses at Windsor and around Ascot and the attendance at the races was in no way comparable with that of the earlier days of the Ascot meeting. The Ascot high weight stakes was won by Victor Don, ridden by J. Reiff.

The duke of Portland's William the Third (Cannon) won the Alexandra plate. Osboch (Maher) was second, and Amer Picon (Rigby) third. Six horses ran.

The principal race of the day, the Workingham stakes (handicap for 3-year-olds and upward, 6 furlongs), was won by an outsider, His Lordship. Papdale was second and Pindar was third. Twenty-five horses started.

The starting gate refused to act in the contest for the Workingham stakes and only about half the starters got properly away and completed the course. There was some discussion as to whether the race ought not to be run again, but the stewards decided that this was not necessary.

They Played a Tie Game.

BUTLER, PA., June 20.—(Special.)—The third and deciding game of the series between the Alamedas and the All Star basketball teams at the Park pavilion tonight, resulted in a tie score and will be played off. The All Stars were reinforced by Klinger of Columbus university and put up a strong game. The first half closed with Alameda in lead 7 to 4. In the second half the Stars forced the playing and missed the game by a bad throw of Seibel from the foul line after time had been called. Score, 12 to 13.

THE FARE TO ERIE

Will Be Low Over the Pennsylvania Lines.

Anybody wishing to make a trip to Erie on low date tickets can be accommodated by calling at Pennsylvania Lines ticket offices today and on Monday, Tuesday and Wednesday, June 23, 24 and 25, inclusive. On those dates the rate will be reduced account the Democratic state convention, giving everybody a chance for a cheap trip to Erie.

Balloon Ascension, Calhoun Park.

Southern—All week, Boston Ladies Symphony Orchestra. Rocereto at Kennywood today. Ladies at Oakwood and Newsies at Southern; always free.

EXCURSION TO OHIO PYLE Tomorrow. Rate $1.00

Special train leaves B. & O. R. R. depot 8.10 a. m.

COLLEGE CREWS ARE READY FOR THEIR BIG RACE

Cornell Is the Favorite, Having Shown the Best Time in Trials.

COACHES ARE ACTING FOXY

Each One Is Picking His Own Crew as a Sure Winner—The Badgers Are Liked for Second Place—Columbia the Dark Horse.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Poughkeepsie, N. Y., June 20.—Violent practice, time trials and the usual hard preparation the university crews go through preparatory to the boat races have finished.

It is a matter of general comment tonight that all the coaches are doing what is known in sporting parlance as "foxing," no two coaches agreeing as to which crew outside of their own is believed by them to be the most serious proposition. It is said tonight on excellent authority that Cornell's 'varsity crew did the course in 18 minutes and 57 seconds, but after one's breath was taken away by this statement, which breaks the course record, the qualifying "let out" is given in the fact that wind and tide were strongly with them. So also was made the announcement that the Wisconsin freshmen went over the two-mile course in almost 10 minutes flat. But when Columbia was notified of this fact one of their old coxswains smiled and said that Columbia had done better than that.

The Last Day's Practice.

The final day of practice of the crews has brought no new information to those who make pretensions of being boating sharps. Pennsylvania has been on the river with most of its crews twice today. In one practice they rowed comparatively well and comparatively fast. In another practice they splashed, finished badly, pulled their oars out of the water before the stroke was quite finished and both freshmen and 'varsity boats checked very perceptibly between strokes. Cornell has rowed well today in both appearances upon the water and the talk of the city tonight is that Cornell's crews are the favorites, but it must be remembered that Pennsylvania has always been favorable to Cornell. Wisconsin pulls not so steady a boat or not so pretty a stroke as Cornell, but both its boats go through the water with good speed, and while there is quite a perceptible check as compared with the boat's speed on strokes their general fastness makes them very formidable competitors in both the freshmen and 'varsity races tomorrow. On pistol starts on first catch and on general getaway from the stake boat Georgetown excels any crew on the river. Last year her crew was a two-mile crew. This year the knowing ones say that three miles is her practical limit, because she depends almost entirely upon swing of "beef" on the inboard end of the oar.

Syracuse rows prettily but not fast, and in the 'varsity race she is given no place by the gossip tonight.

Columbia the Dark Horse.

And then comes Columbia. If ever there was a degree of secretiveness preserved it is with these crews. They have been fit, they have been changed around, they have rowed in as fast time as was made over the course and they have rowed the slowest and yet are watched by all the other coaches with a degree of apprehension which proves they are considered a great factor in all of the races tomorrow. They are the lightest crew on the river and it might be imagined that this would militate against them being considered as of the winning class, but the facts of this course are that in several instances the lightest crew has been the winning crew.

Deafness Is A Terrible Affliction

Deafness practically shuts the sufferer off from the rest of mankind. In many cases it deprives him of the means of making a livelihood. He is cut off from the pleasures of conversation with friends, denied the enjoyment of listening to a sermon, a lecture or music. Wherever there is life there is sound, but to the man or woman bereft of hearing it is as though the angel of death had stricken the universe dumb.

Deafness Comes on Gradually

Deafness comes gradually as a rule and in 99 cases out of 100 it is preventable or curable. If there is anything wrong with your ears or your hearing is in the least impaired, consult a specialist at once. It is not a matter to be neglected or trifled with. Act before it is too late. Your success in life and your happiness depend upon it. Many a child has been doomed to a life of misery and failure because of the carelessness or thoughtlessness of parents in this matter. Many a bright child is considered stupid merely because of defective hearing and the parents never take the trouble to find it out.

In a great many cases the hearing is destroyed by catarrh, which extends from the throat along the eustachian tubes into the ears. The hearing is quickly affected, and if neglected total deafness will follow, bearing untold misery and unhappiness in its train.

If you have any of the following symptoms you should at once have the best treatment procurable:

"Is your hearing failing?"
"Do your ears discharge?"
"Are the ears dry and scaly?"
"Do they sometimes pain?"
"Is the wax dry in the ears?"
"Have you a pain behind the ears?"
"Is there a throbbing in the ears?"
"Are you troubled with gas?"
"Is there a buzzing sound heard?"
"Do you have a ringing in the ears?"
"Are there cracking sounds heard?"
"Is your hearing bad cloudy days?"
"Do you have earache occasionally?"
"Are there sounds like steam escaping?"
"Do you constantly hear noises in the ears?"
"Do you start when you blow your nose?"
"Is there a roaring like waterfall in head?"
"Do you hear better some days than others?"
"Do the noises in the ears keep you awake?"
"When you blow your nose crackling?"
"Is hearing worse when you have a cold?"

The moment any of these symptoms appear consult Drs. Byers & Tucker, the eminent specialists in such diseases. Perhaps it is only a trifling ailment, which can be readily cured. But without careful examination can reveal the true condition. Don't let the disease drag on until you are forced to seek treatment because life has become intolerable. Stop it at the start. If, however, yours is a case of long standing and you have about given up hope of being cured, take heart from the fact that Drs. Byers & Tucker have cured hundreds of the worst cases of deafness. Their success during their 15 years' practice has been so great that their names are household words in Western Pennsylvania. Dr. Tucker is probably the greatest aural specialist in the country today. His brilliant success in the treatment of the diseases of which he has so long made a specialty has made him known all over the continent. We can show you hundreds of grateful testimonials from people whom he has cured in this neighborhood.

OFFICE HOURS—Week days, 9 a. m. to 1 p. m., 2 p. m. to 5 p. m., and 6 p. m. to 8 p.

EAST END HOME IS PURCHASED BY ATTORNEY LONG

It Is in South Negley Avenue and Brought $24,500.

LYCEUM FOR EPIPHANY

Wilkinsburg Property Brings $17,000—Bellevue School Directors Reject Bids for Building—A $60,000 Sale in Allegheny.

The sale was reported yesterday of a handsome Nineteenth ward residence for $24,500. The property belonged to Joseph B. Shea and others, and was purchased by Attorney Leon J. Long. The deal is credited to the Real Estate Trust Company, but these brokers declined to discuss the sale. The property is located at the southwest corner of South Negley avenue and Baywood street, the lot having a frontage of 46.7 feet by a depth of 150.5 feet. On the lot is a colonial residence of 12 rooms. It is a handsome gray brick structure, which with the fine grounds, makes one of the most attractive homes in the ward. The purchaser will occupy the property in the near future.

Two other properties in the Nineteenth ward have changed hands recently, the consideration being $12,000 cash, and real estate not described in the deed. The former owner of the lots was Jacob C. Umstead, who transferred them to T. Lee Clark of Bellevue. One property measures 32x115 feet in the south side of Homer street, near Haights avenue. This is improved with a 10-room brick house. The other lot, also improved with a good residence, has a frontage of 30 feet in the north side of Homer street and a depth of 115 feet.

New Church Lyceum.

The Church of the Epiphany has plans prepared for a modern lyceum building which it will erect at once, at a cost of at least $20,000. The site for the new building is directly across Washington street from the church itself. The deed to the property was conveyed to the Rt. Rev. Richard Phalan yesterday, from Dilbridge & Co., through the agency of James H. Thompson. The lot measures 42x107 feet and the consideration was $10,000. The lyceum will contain a gymnasium, reading-rooms, library and classrooms.

Through the office of R. S. McDowell of Wilkinsburg, Fred Greenwait has sold to Miss Idil I. Hill a property in the north side of McNair street, near Fifth street, Wilkinsburg, for $17,000. The lot has a frontage of 96 feet and extends back a distance of 120 feet to a 20-foot alley. Five frame houses of six rooms each occupy the lot. In part payment for this property, which was bought for an investment, Mr. Greenwalt gets title to a tract of 226 acres of oil land, near Rock station, Venango county. The farm is valued at $9,000. The difference in the deal was paid in cash.

Hard-Headed School Directors.

At a meeting of the Bellevue board of education Thursday night all bids received by Architect William J. Shaw for the new schoolhouse were rejected. The amount of money provided for the building is $40,000 and the bids received ran from $2,500 to $5,000 over this. The board will meet again tonight, to consider the matter, and if no concessions are made it is likely that a new estimate will be asked.

Otto A. Buettner of the Buettner Supply Company, McKees Rocks, has purchased five acres of the William Burt farm for about $15,000. The property is one mile west of McKees Rocks and is near the Chartiers City plan of lots. Mr. Buettner is preparing to plot the land into lots about 40x120 feet each, which he will put on the market this summer. This district, which is very convenient to the city, is building up rapidly. A number of good frame houses will be built on the property just purchased.

Another purchase of two acres of land near McKees Rocks has been made by Edward Dunn, the brick manufacturer. The plot was originally a part of the old Boyd farm, and was bought from T. R. Pittick for $6,000. It adjoins the Fleming Park plan on the east. Engineers were at work yesterday making a survey of the ground preparatory to establishing a large brickyard.

Big Allegheny Sale Reported.

A large business block in Federal street, Allegheny, above the Fort Wayne station, has changed owners, according to report, for a sum approximating $60,000. The brokers in the deal decline to give the buyer or the exact consideration until the deed is delivered.

The Commonwealth Real Estate & Trust Company has delivered the deed in the sale of the Lettia J. Sampson property, at No. 935 Liberty avenue, which was announced in The Gazette several weeks ago. The buyer is Mrs. M. E. Stuart, on consideration $50,000. As the lot has only 18 feet frontage, with a depth of 112 feet to Exchange alley, the price paid is $2,777 a front foot. This is somewhat higher than the market price of property in this neighborhood, but by the purchase Mrs. Stuart, who already owns the adjoining property, becomes the holder of a large plot in what is considered an excellent business district.

The United States Investment Company, which is supposed to represent the Pennsylvania railroad, has purchased from John M. Cooper a vacant plot, 180x125 feet, in the southwest side of Kelly street, near Lang avenue, Twenty-first ward, for $14,500.

Crowds Will Go to Butler.

The special trains will be run to Butler today at 10 a. m. to accommodate the crowds that are expected to visit the Cavanagh plan of lots. The opening sale has been well planned and advertised, and if the weather is favorable it is expected at least 2,000 persons will take advantage of the free excursions from different points. As the plan contains only 202 lots it is reasonably certain it will be well sold out early in the day.

Emerson street: A. Z. Byers & Co. sold for Eleanor G. Hanna No. 514 Emerson street, a nine-room brick house, lot 30x100 feet, for $5,000. The same brokers sold for the Dilke heirs No. 330 Chestnut street, Sewickley, a five-room frame house, lot 40x125 feet, for $2,100.

Fair Oaks: S. Arnold sold for Edward A. Macum of Bessemer, Mont., to Joseph W. Craig, the old Macrum property at Fair Oaks station, on the Pittsburgh, Fort Wayne & Chicago railroad, consisting of about seven acres of ground with a large stone residence thereon, for $6,000 cash.

Suburban Lot Sales.

New Homestead: The Real Estate Trust Company sold for the Pittsburgh & Homestead Company, in New Homestead, to Oliver Mullen, two lots for $1,600; to John Craston, one lot for $225; to Charles R. Hogg, one lot for $200; to Rudolph Gassman, one lot for $175. They also sold for the Glassport Land Company, to Thomas J. Case three lots in Maryland avenue, Glassport, for $450; also for J. Walter Hay, in his University Park plan, Tenth ward, Allegheny, No. 88, in McIntyre avenue, for $600; No. 93, in Burgess street, for $500; No. 108, in Burgess street, for $600; No. 120, in Wurzell avenue, for $100; No. 43, in Lyons avenue, for $650; No. 135, in Suffolk street, for $150; No. 287, in Parker avenue, for $260, and No. 73, in Bradford avenue, for $250.

Edgewood: Fred Hunman sold for Margaret E. Stewart to William A. Clugston a lot, 50x150 feet, in Beech street, Edgewood, for $1,200.

Allegheny: W. L. Scott & Co. sold for Samuel J. Saxton to P. J. Ritter a lot, 20x100 feet, at the corner of Hartman and Bakewell streets, Eleventh ward, Allegheny, for $800 cash.

L. A. Clark & Co. sold to L. A. Clark a 10-room brick house, lot 85x120 feet, in Emerson street, near Arabella street, for $8,250.

Mt. Lebanon Park: Tombaugh & Co. sold to Edwin W. Smith lots Nos. 22-24 in their Mt. Lebanon Park plan, for $2,165.

Beaver county: J. C. Dight & Co. sold for P. L. Brisbine to Jacob Muenzmay a farm of 53 acres in Hopewell township, near West Economy, Beaver county, for $4,000.

McKees Rocks: George S. Davis & Co. sold for B. G. Nevin to William Davis a six-room frame house, lot 30x100 feet, in Bruno avenue, Esplen, for $2,800.

Mt. Lebanon: L. D. Stadler sold to Arthur Beadley lot No. 409 in Boyd avenue, Mt. Lebanon plan, for $400, and lots Nos. 1 and 2 at the corner of Boyd and Ammon streets, same plan, to A. Fricker for $1,425.

Chatham street: Mary Mason sold to Kate Robinowitz an improved lot, 22x100 feet, in Chatham street, near Fifth avenue, Fifth ward, for $6,500.

Bedford avenue: The Citizens National bank sold to Elias Gockman an improved lot, 25x100 feet, in the south side of Bedford avenue, near Elm street, Seventh ward, for $8,150.

An East End Deal.

Cypress street: Joseph B. McKee sold to Otto E. Johnson an improved lot, 20x100 feet, in the south side of Cypress street, Twentieth ward, for $2,050.

Muriel street: The Safe Deposit & Trust Company, receiver of the Globe Mutual Building & Loan association, sold to John B. Fitzgibbon an improved lot, 15x95 feet, in Muriel street, Twenty-eighth ward, for $1,500.

Wickliffe street: Timothy Kiley sold to John Barry a lot, 20x100 feet, on the north side of Wickliffe street, Eighteenth ward, for $1,630.

Susquehanna street: W. P. Hubbard sold to B. J. Kelly a lot, 20x100 feet, on the north side of Susquehanna street, Twenty-first ward, for $1,475.

Rebecca street: D. W. Wiley sold to Martin M. Witt a lot, 21x97 feet, on the west side of Rebecca street, near Rosetta street, Nineteenth ward, for $800.

Edmund street: B. W. Siebert sold to E. J. Hoffman a lot, 20x60 feet, on the west side of Edmund street, Twentieth ward, for $800.

Building Permits Issued.

The following permits to build were issued yesterday by the Pittsburgh bureau of building inspection: To John Pokarski, for a three-story frame dwelling in Wayne street, below Harmer, to cost $3,000; to J. C. Swearingen Ink Company, for a four-story brick manufactory at Nos. 224-226 Wick street, to cost $10,000; to William W. Mullen, for a two-story brick veneer dwelling in Tacoma street, to cost $3,600; to D. H. Crisman for a three-story brick veneer apartment at No. 725 Filbert street, to cost $5,000.

The United Realty Trust Company sold for John K. Ewing to Harry H. Short a lot, 25x100 feet, in Roberts street, Thirty-second ward, for $750.

Henry W. Armstrong sold for John M. Goehring and Charles M. Dahlinger to Henry S. Marting lot No. 31 in Dalzell Place, Hilands avenue, Ben Avon, 40x130 feet, for $800.

Samuel W. Black & Co. sold for the estate of Mrs. Margaret Wylie, deceased, the vacant property on the southwesterly corner of Wylie avenue and Elm street, Seventh ward, lot 44½x90 feet, for $14,000. Two months ago the buildings on this lot were destroyed by fire. The purchaser will improve the property for investment purposes.

Ground was broken yesterday for Pitcairn's new municipal building in Center street. The building will be a three-story structure, 40x85 feet, and when completed will cost $20,000. The building will contain a police station, council chamber, fire house and offices for the various borough officials, as well as a municipal light plant, which will be located in the cellar.

A. A. Schilling yesterday sold for George Dowling an eight-room house and a lot, 110x30 feet, in Second avenue, Braddock, to A. J. McQuiggan, for $5,200.

One of the most desirable pieces of property adjoining Trafford City, the new Westinghouse town on the Pennsylvania railroad, was purchased this week by Dr. S. E. Nowry, Jesse Cunningham and George B. Snyder, all of Wilmerding. The tract was purchased from Mrs. August Myers of Wilmerding and consists of 34 acres. The price paid was $203 an acre, which includes a fine stone quarry and is much below the estimated value of property in that vicinity. The same men have secured options on the Graham farm of 100 acres, adjoining their purchase. Both properties are north of the new town site and are on the line of the Turtle Creek Valley railroad.

Important Lot Sale at Braddock.

The first public lot sale held in Braddock for nearly 20 years will take place today, when the Braddock Park plan is formally opened. It is located on the Pennsylvania railroad, midway between Hawkins and Copeland stations, at the intersection of the boroughs of Swissvale and North Braddock, and is divided from Rankin and Braddock by the Pennsylvania railroad. It is situated on a beautiful knoll overlooking the Monongahela river and the mills and steel plants of Braddock and Rankin. Cars on the East Pittsburgh division of the Pittsburgh Railways line pass within a few feet of Park avenue, the principal avenue in the plan, and a right of way has been granted an independent traction company for a car line which will run from East Pittsburgh to Wilkinsburg. The plan was visited by hundreds yesterday and many lots were sold. Real estate men who have watched the growth of Braddock and its surroundings say the entire plan will be sold early this afternoon.

Important Turtle Creek Sale.

W. H. Semmens of Turtle Creek yesterday bought from W. L. Mellon for $100,000 a frontage of 1,440 feet in Braddock avenue, Turtle Creek. This is the largest sale of property ever made in the borough.

The property is a strip opposite the Westinghouse electric works, and was purchased by the Mellons two years ago of several parties to a right of way for a street car line. The consolidation of all of the lines made it useless for that purpose. The Mellons, buying from several owners, had to pay considerably more than they were able to sell for.

The 1,440 feet comprises 48 lots, each 30 by 100 feet. It is the intention of Mr. Semmens to improve a portion of the property at once with moderate-priced houses, which will be sold or rented.

Gift to the Kindergarten College.

The Kindergarten college has received from Mr. and Mrs. W. W. Card, for the furnishing of the building, the generous gift of carbon photographs from the masters of the early Renaissance, the Dutch, Barbizon and contemporary schools. It includes photographs of the celebrated cathedrals of England and the continent, the new print of the Sistine Madonna, which is greatly admired, a photograph taken from the picture of Dante by Elliott, a young American artist, this being of special interest, showing Dante's characteristics of spirituality, mysticism and imagination. The gift of Mr. and Mrs. Card is a very choice collection.

The Kindergarten alumnae have awarded a post-graduate scholarship to Miss Edith Barber for meritorious work. Miss Barber graduated from the Bishop Bowman Institute.

The Kindergarten will close for this year on Friday, June 27, to open September 1.

The Kindergarten college entrance examinations will be held during the second week of September. The college formally opens September 12. The Pittsburgh and Allegheny Free Kindergarten association has a scholarship to offer to a college graduate. The faculty is especially interested in two applications, one from a young woman who will come from Bohemia, and another, a young woman coming from France, who wish to take the Kindergarten course in order to work among the people of their own nationality.

A Picturesque House Warming.

A house warming took place last night at the new log cottage erected for John Gaston of Sewickley. The cottage is located across the river from Sewickley, and the host, with about 50 friends, held a celebration in the new house. An orchestra was taken along, and an informal dance took place to celebrate the opening. Refreshments were served and late in the evening the crowd returned to Sewickley.

Wedding Invitations.

Mr. and Mrs. George Fred Miller yesterday sent out invitations for the wedding of their daughter, Miss Melusina Therese Miller of Sewickley, to James Remington Fairland of New York city. The wedding is to take place at the home of the bride's parents on Tuesday afternoon, July 1, at 2 o'clock. The immediate friends and relatives of the bride and groom will be in attendance.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday:

Society

THE first annual June garden party of the Brighton Country club was held last evening at the club house, in the Brighton road, Allegheny. The new club, in giving this party, followed the custom inaugurated several years ago by the Allegheny Country club, when it had possession of the club house and grounds now used by the Brighton club, before removing to its palatial quarters on Sewickley Heights. Until 5 o'clock yesterday afternoon the frequent showers made the arrangements for the evening very uncertain, and it was thought early in the afternoon that the garden party would have to be postponed until today. However, with the passing of the rain cloud and the appearances of the sun at 5 o'clock, all doubt was dispelled and preparations for the evening were hastily completed.

The grounds about the club house were lighted with electric lights, and these lights, with the full moon-light, brilliantly illuminated the place. The club house was prettily decorated with ferns and garden roses. On the lawn beside the house a large platform was erected, where there was dancing throughout the evening. A lemonade booth and pop corn cafe were found on the grounds and refreshments were also served out of doors, small tables being placed upon the piazzas. Invitations to the garden party were restricted to members of the club and their families, but with the large membership it was a large affair. The former grill room has been furnished with ping-pong tables and it was always full of players and interested spectators.

The garden party was conducted under the direction of the house committee of the club, consisting of R. A. Rodgers, chairman; Thomas Donaldson and John Pollansbee. Mr. Donaldson was general chairman of the committee of arrangements. Among the ladies who ably assisted him were Mrs. John Pollansbee, Mrs. Frank Moore and Mrs. Andrew Miller.

Lawn Fete for a Hospital.

The ladies of the Presbyterian Hospital Auxiliary of Avalon will give a lawn fete for the benefit of the hospital on Thursday evening, June 26, on the lawn of the Presbyterian church, Birmingham avenue and Orchard street, Avalon. The committees of ladies in charge of the arrangements have planned several novelties, in addition to the usual features of the lawn fete. There will be a Pan-American midway and a peddlers' parade at 8 o'clock. Ample shelter will be provided if it should rain. The committees having charge of the entertainment are as follows:

General chairman, Mrs. John Dailey; assistants, Mrs. Orrin N. Sanford, Mrs. George T. Parmely, B. Ralston.

Ice cream—Mrs. Jones, chairman; Mrs. T. V. Foster, Mrs. W. J. Snyder.

Cake—Mrs. Kirker, chairman; Mrs. W. H. Thompson, Mrs. N. V. Kerns, Mrs. William Moore, Mrs. A. D. Hall, Miss McFarren.

Candy—Mrs. John Coleberry and King's Daughters.

Lemonade—Mrs. L. Donahue, chairman; Mrs. H. Wilhelm, Miss Helen Dailey, Miss Sarah Louise Sanford.

Fancy work—Mrs. Armand Boulfrois, chairman; Mrs. A. H. Schrider, Mrs. S. M. Evans, Mrs. J. A. Gibson, Mrs. Charles Armstrong, Mrs. May Loomis, Miss Kate Spratt, Miss Alice Spratt, Miss Marie Boulfrois.

Cashier—Miss Ella Long.

Music—Mrs. S. H. Ralston.

Pan-American Midway—Mrs. A. V. Baker, chairman; Mrs. W. B. Park, Mrs. F. H. Elvidge, Mrs. G. S. Ward and aids.

Ice cream tables—No. 1—Mrs. M. H. Thompson, chairman; Miss Eria Smith, Miss Florence Alcott. No. 2—Mrs. William Hunter, chairman; Mrs. William Griscom, Mrs. Anna Smith. No. 3—Mrs. Gold, chairman; Miss Alice McCombs, Miss A. King. No. 4—Miss E. McElwain, chairman; Miss E. Messner, Miss F. Crick. No. 5—Mrs. G. B. Lewis, chairman; Miss Anna Crawford, Miss Anna Hermann. No. 6—Mrs. Macdowell, chairman; Messrs. Nicholls, Heizer and Macdowell. No. 7—Mrs. R. J. Martin, chairman; Mrs. W. B. Collins, Miss Jean Marshall. No. 8—Miss W. F. Kieber, chairman; Miss Lu. Hayes, Miss Beale Stewart. No. 9—Mrs. Charles P. Anderson, chairman; Miss Olive Evans, Miss Stella Luty. No. 10—Miss McRae, chairman; Mr. and Mrs. Charles A. Rickey.

Members of the Bridal Party.

The wedding of Miss Margaretta McDowell Patterson, daughter of Mr. and Mrs. John H. Patterson of Rippey street, and Lindley Chapman Fuller of Chicago, son of Charles H. Fuller of that city, will be one of the handsomest of the season. The bride has chosen for her attendants a maid of honor, Miss Florence Howe Brown of the East End, and four bridesmaids, Miss Grace Taylor of Hays street, Miss Whitehead of Chicago, Miss Farrell of Ansonia, Conn., and Miss Holliday of Indianapolis. Harry L. Walker of Atlanta, Ga., a cousin of the bridegroom, will be the best man, and the six ushers will be Spencer L. Adams, Parke H. Ball and John R. Harmon, all of Chicago, and the three brothers of the bride, W. Wallace Patterson, J. Ray Patterson and Graham C. Patterson. The marriage ceremony will be performed by the Rev. Frank L. Sneed, D. D., pastor of the East Liberty Presbyterian church, where the wedding will take place.

Yesterday afternoon Mrs. James McFarland gave a small informal luncheon for the bride and her attending maids at the Allegheny Country club. Today Mrs. Jasper E. Buchanan will give a luncheon tea in honor of her niece, Miss Patterson, and this evening Miss Grace Taylor will entertain the entire bridal party at dinner at her home in Hays street. The out-of-town men in the party arrive in Pittsburgh this morning and will stay at the Schenley. On Monday morning Mrs. Buchanan will give a breakfast and a coaching party for the entire company. The wedding rehearsal will occur in the evening.

An Imposing Bridal Party.

An unusual feature at the wedding next Tuesday evening of Miss Mary Ashe of New Kensington, Pa., and William Riley Aiter of Parnassus will be the imposing array of bridesmaids attending the bride. Miss Lois E. Plotner of Allegheny, an aunt of the bride, will be her maid of honor, and she has chosen for her bridesmaids 22 of her girl friends. The best man will be Dallas Teagdon Aiter, a brother of the bridegroom, and the ushers will be Charles Rittner Aiter, William F. Ashe, Stansbury Plotner Ashe and Bowman Foster Ashe, brothers of the bride; Harry Goldsmith Bygate, John McCully, Charles Rowan and Mr. Colbaugh. The marriage will be solemnized in the First Methodist Episcopal church of New Kensington at 8:30 o'clock, and the ceremony will be performed by the bride's father, the Rev. Andrew J. Ashe, assisted by the Rev. J. M. Martin, D. D., of Philadelphia, an uncle of the bridegroom, and by the Rev. N. B. Tannehill of Wilmerding, Pa. Because of the recent illness of the bride no reception will be held.

Will Wed a Boston Man.

William Grabowsky has issued invitations for the wedding of his daughter, Miss Louise Magdalene Grabowsky, and Alfred Cookman Barlow of Boston, the wedding to take place on Wednesday evening, June 25, at 6 o'clock, at the home in Fifth avenue, near Halket street, Oakland. The ceremony will be performed by the Rev. David Geissinger, D. D. Miss Anna L. Demmler will be the maid of honor and the best man will be James O. Ohl of Providence, R. I. The ushers will be Harry Johnston, Hunter Grubb, Charles O. Treat and Rudolph Grabowsky. A reception will be held from 7:30 until 8:30. The bride and bridegroom after their wedding trip will be at home on Wednesdays after September 1, at No. 3360 Fifth avenue, making their home with the bride's father.

Reception for a Bride.

A reception, elegant in all its appointments, was given last evening by Mrs. Edward A. Smith, Mifflin avenue, Wilkinsburg, in honor of Mrs. John Edwin Peterson, formerly Miss Florence Capper, who has just returned from her bridal trip. One hundred guests were present by invitation and the affair was one of the most pleasing that has occurred in Wilkinsburg for some time. The hostess was assisted in receiving by Mrs. W. I. Mitchell, Mrs. W. R. Truby, Mrs. H. E. Bixler, Mrs. M. K. Garrett and Misses Charlotte and Virginia Truby.

Entertaining a Quaker City Guest.

Mrs. John Bole of Philadelphia was the guest of honor at a pretty informal tea yesterday afternoon at which the hostess was Miss Nettie Ross of Baum street. The invitations were issued by telephone and the same informality pervaded all the arrangements for the tea. Assisting were Miss Dunlevy, Miss Jean Dunlevy, Miss Evans, Miss McClure, Miss Hester McClure, Miss Sara McClure, Miss Shallenberger and Miss Orr. The house was open from 4 o'clock until 6 and the tea was followed by a dinner for the assistants.

Notes of Society.

The annual reception of the John Hart chapter, Children of the Revolution, with the election of officers, will be held this afternoon at the Twentieth Century club.

The first annual lawn fete of Wilkinsburg commandery, No. 33, Knights of Pythias, will be held on the First ward school lawn, Wilkinsburg, Friday and Saturday, June 27 and 28. The committee of arrangements includes Capt. H. W. McIntosh, E. D. Brush, J. C. Cox, J. M. Snyder, A. G. Martin and William Snyder.

The Alumnae association of the Pittsburgh Training School for Nurses held an excursion last evening on the steamer Mayflower.

The 14th annual midsummer dance in Library hall, Indiana, Pa., will be held on Wednesday evening, June 25, commencing at 9 o'clock.

Miss Mary and Miss Katherine Ford entertained Thursday in honor of Miss Lida Axtell, who graduated this summer from Vassar college. The guests were former schoolmates of Miss Axtell.

High Beef and High Coal.

With the prices of beef growing higher and coal also advancing in price, as a result of the anthracite miners' strike, it is especially interesting to note a recent test between coal and natural gas for cooking. A 16-pound roast, cooked in a coal range, required two hours and 30 minutes. The loss was five pounds. In a gas range the time required was one hour and 40 minutes and the loss in weight only three pounds. The saving in weight alone pays for a day's gas. The Philadelphia Company is now making connections and setting meters free of cost to non-consumers of gas. Ask at 610 Wood street.

FIRE ENGINE TO BE ON GUARD AT THE PESTHOUSE

Chemical Machine and Four Men Will Be Assigned to That Duty.

LITTLE POLAND INVADED

The Vaccination Brigade of the Bureau of Health Found Foreigners Waiting—What Smallpox Costs the City—More Room for Patients.

The Pittsburgh municipal hospital is to have fire protection. Commencing this morning, a chemical engine and a detail of men will be assigned to protect the property of the city at this point, and the lives of the 100 or more persons, who, being afflicted with smallpox, are forced to occupy it.

There was consternation among the firemen yesterday when they heard that four men would be assigned to the disagreeable duty at the pest house. The engine that will be sent there is an extra chemical that has for some time been stored in the Tunnel street stables. Who the men will be was not yesterday announced. Up to 5 o'clock but one man was found who "did not care" whether he was assigned to the duty.

The firemen will not really be in the pest house, and will be allowed to go and come at will. The building that will be used as an engine house is a small one some distance from the hospital buildings. It has been repaired and made habitable, but no money has been spent on it that could be avoided, so it will not be an ideal firemen's home. It is the intention to have two men on duty by day and two by night. Two men with chemical hose can handle a fire in its inciplency, and the other two men would be near to assist if necessary until the engines could arrive.

More Protection Necessary.

The location of the buildings on the high hill, where there is always a wind, and the nature of the buildings and tents filled with patients, makes it necessary that there be more fire protection than the hand extinguishers, that are numerous in the buildings, and Director A. H. Leslie, on consultation with Chief Miles Humphries, decided on placing a chemical engine and the firemen at the point of danger.

The engine house will be known as the "municipal hospital." Fire alarm box 173 is near the pest house and will be used in connection with the engine house. The new company will be under the direction of Assistant Chief Robert McKinley.

"Little Poland," as the settlement of Poles in Denny's court off Penn avenue is called, was all excitement yesterday over the visit of the vaccination brigade of the bureau of health. The discovery of smallpox cases the day before in the Lawrenceville district had caused the officials to go forth that the residents must be vaccinated. The Poles were not surprised, for interpreters had been sent around shortly before, and so the foreigners were found ready, many of them lining up their children with bared arms as soon as the vaccination gang hove in sight.

But little trouble is experienced by the vaccinators in the foreign settlements. Of all classes of people, the adult foreigners are the best protected against smallpox, for those who were grown when they arrived in this country were vaccinated on shipboard, and they know that the experience is not terrifying. The adults down with smallpox in the Municipal hospital are, nearly all of them, Americans. The foreigners, however, although vaccinated themselves, neglected to have their children, born in this country, inoculated, so when the periodical raid among them is necessary. Several hundred persons were vaccinated in Denny's court and neighborhood yesterday.

Had More Difficulty.

The vaccination crowd next went to Shetland street in the Twenty-first ward, where they experienced among Americans a little more difficulty than in Denny's court. The usual excuse that they wanted to be inoculated by their own physicians was made in many cases, but by dint of coaxing and threats to enforce the drastic state law concerning compulsory vaccination, the residents had their arms scratched.

More than 35,000 vaccine points have been distributed by the office force of the bureau of health among physicians and citizens. The points cost the city $50 for each 1,000, and although it takes money to buy the points, it is argued that the city saves thousands of dollars by reducing the danger from smallpox.

A. H. Leslie, director of the department of public safety, returned from Milwaukee yesterday and visited the Municipal hospital with Dr. Matson to arrange for the erection for four temporary wooden structures in the hospital grounds, each of the buildings to house 20 patients. Mr. Leslie said that he had found the smallpox to be as bad in Milwaukee as in Pittsburgh, and that other cities in the United States are handicapped in the same way.

The work of vaccinating the police force is going on, and some policemen were vaccinated yesterday morning were complaining before noon of pains in their arms.

Little Girl Very Ill.

The 11-year-old daughter of John Grogan of No. 2226 Tustin street was very low with the smallpox yesterday, and the last rites of the Catholic church were administered. When it was seen that the child was in danger of dying the family was notified by the bureau of health and permission was given for either or both of the parents to be with her. Mr. and Mrs. Grogan concluded that as the vaccination administered to the father had taken well and he was in the least danger of contracting the disease, he had better go to the girl. So he was with her last night.

The Rev. Father Herren, pastor of St. Richard's Catholic church, has notified the officers of the bureau of health that he is ready to attend to the spiritual wants of any smallpox patients at the hospital who desire religious ministration. It was Father Herren who administered extreme unction to the Grogan girl.

But one case of smallpox was reported to the bureau of health yesterday. Mary Charles, a 9-months-old child at the hospital, was found to have a very mild case of variloid. The mother has the disease. The child was so young that it could not be separated from its mother, but it was promptly vaccinated, and therefore, although exposed to the disease for more than a week before, it and the mother were removed to the hospital, is doing well.

The hero, in the eyes of children-dom, has for ages been "Jack, the Giant Killer." The booklet supplement of next Sunday's Gazette will tell all the daring deeds performed by him and his rewards for same. Your children will be interested.

PROPOSALS.

Office of Controller of Allegheny county, Pittsburgh, Pa., June 20, 1902.
NOTICE TO CONTRACTORS.

NOTICE is hereby given that the county commissioners of the county of Allegheny, in the commonwealth of Pennsylvania, will receive until noon, July 10, 1902, sealed proposals for the permanent improvement of certain public roads or highways in said county, known as the Freeport road, Division No. 4, and the Greensburg pike, according to the surveys, plans, profiles and estimates on file in the office of the county road engineer; the said surveys, plans, profiles and estimates, together with a copy of the contract, specifications and bond to be entered into by the party or parties to whom the contract may be awarded, are on file in the office of F. W. Patterson, county road engineer, room No. 20, court house, Pittsburgh, Pa., and are open for the inspection and examination of all persons interested.

The proposals or bids for said proposed improvement must be filed in the office of the county controller, in the court house, Pittsburgh, and must be addressed to the county commissioners, who will open the same on July 10, 1902, and the contract will then be awarded to the lowest responsible bidder or bidders, in compliance with the provisions of an act of assembly, approved the 26th day of June, A. D. 1895, entitled "An act providing for the permanent improvement of certain public roads and highways," etc. Each proposal must be accompanied by a bond with two sureties approved before said commissioners or before some person having authority to administer oaths, or the bond of a surety trust company authorized to do business in the county of Allegheny in the sum of ten thousand ($10,000) dollars.

Bids must be submitted for each road separately.

The commissioners reserve the right to reject any and all bids.
(Signed) W. E. THOMPSON,
County Controller.

Natrona, Pa., June 16, 1902.
SEALED proposals will be received by the board of directors of the school district of the township of Harrison until 6 o'clock p. m. June 30, 1902, for the erection of a 17-room modern brick and stone, slate roof school building. Each bid must be accompanied by a certified check in the sum of $500, payable to S. A. Hookey, secretary of said board of directors, to secure the execution of contract if bid be accepted. Plans and specifications may be seen at the hardware store of N. Hookey, Natrona, Pa., or at the office of W. G. Eckles, 501½ Washington st., New Castle, Pa., or at Builders Exchange, 439 Market st., Pittsburgh, Pa. The board reserves the right to reject any or all bids. Bids to be addressed as follows: (Proposal) S. A. Hookey, secretary Harrison township school board, P. O. box 21, Natrona, Allegheny county, Pa.

MORGAN MAKING AN EXPERIMENT UPON U. S. STEEL

Will See How Long Its Shares Can Swim Without the Underwriters' Support.

DOUBT ABOUT SYNDICATE

Time Allowed for It Has Expired, but No Notice of Its Dissolution Has Been Given—Wall Street Would Welcome Canal Bonds.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, June 20.—The recent behavior of the United States Steel shares, which have declined this week to the lowest prices recorded since the stock market recovered from the panic of May 9 last year, has given rise to a great variety of rumors, most of them bearish.

The most interesting feature of the discussion turns upon the present uncertain status of the old underwriting syndicate. It is in the original agreement that this syndicate should expire by limitation on May 25, 1902, but there has been no formal notice of its expiration, and the underwriters themselves seem not to be altogether clear as to their position. It is pointed out that since the date (May 25) on which the syndicate should have expired, the United States steel shares have been consistently weak, declining to the lowest prices recorded since July 17, 1901. It is very evident that the old underwriting syndicate has not been supporting the stock, but, on the other hand, it cannot be learned that any steps have been taken to dissolve it. A prominent member of the syndicate confessed today that he was ignorant of the plans of J. P. Morgan & Co. in regard to the syndicate, and he, for one, is wondering when the underwriters will get the balance of their profits. It is understood that upward of $40,000,000 remain to the credit of the underwriters as paper profits.

The Syndicate's Profits.

It will be remembered that the syndicate undertook in the first place to provide $200,000,000, if necessary, to guarantee the financial success of the steel combine's launching. This was the maximum amount of the subscriptions. Only 12½ per cent of the original subscription, or $25,000,000, was ever called for, and this $25,000,000 subsequently was returned to the underwriters. Since then, two dividends of 5 per cent each have been paid as profits to the underwriters. These dividends were calculated not on what the underwriters advanced, namely, $25,000,000, but on the maximum amount of their subscriptions, $200,000,000. Therefore, the syndicate has realized $20,000,000 in net profits, and still expects $40,000,000 more.

As nearly as anybody can make out, the syndicate is being continued in perfunctory existence for reasons best known to J. P. Morgan & Co. One thing is certain, and that is that the syndicate has not been formally dissolved. This could not be done without formal notice from J. P. Morgan & Co., and such notice has yet to be received.

One of the objects of continuing the life of the syndicate is believed to be that its resources for a while yet may be at instant command, if the current bear campaign against the United States Steel shares, for example, should gain a too great impetus, there is little doubt that the syndicate's money would be thrown into the breech. Another reason is believed to be that Mr. Morgan does not wish to show his hand.

Testing a Let-Alone Policy.

There is abundant indication that the Morgan party decided at about the time the underwriting syndicate should have expired by limitation to try the experiment of letting the Steel shares find a natural level. Whether this experiment has been as successful as it was expected to be, only the Morgan interests could say. At all events, there have been no inspired supporting orders in steel for more than a month. The general opinion among those who are familiar with the relations between the underwriting syndicate and J. P. Morgan & Co., seems to be that the syndicate will have a nominal existence until the United States Steel shares have demonstrated their ability to take care of themselves in the market.

Winding Up the Syndicates.

On the subject of underwriting syndicates it is interesting to note that a considerable number will expire by limitation within the next 90 days. In perhaps a majority of cases their work is unfinished, which is to say that the securities have yet to be distributed to the public. The syndicate managers have been requesting extensions of time, and in some instances all of the interests concerned have agreed, but in others it is the sense of individual members, banking houses and others, that the syndicates should be wound up on the dates originally specified, even though the members of the syndicates have to take up their securities pro ratio.

It requires no professional eye to see that this state of things may easily develop monetary complications of some magnitude. Should the disposition to wind up syndicates in preference to extending their existence spread to any very great extent the result very likely would be a great liquidation of numerous securities "at the market." All of this has bearings too, on the monetary situation as a whole, and tends to promote the fear that interest rates will rule at a much higher level this autumn.

Would Welcome Canal Bonds.

Financial interests in Wall street regard the isthmian canal project as a probable source whence a supply of government securities will be replenished. The gradual disappearance of government bonds has constituted one of the most interesting, if not one of the most perplexing, problems of contemporary banking. Senator Fairbanks' amendment to the canal bill, providing for construction from the proceeds of government bonds, is warmly welcomed by banking and bond houses, and they are certain to exercise their influence in favor of that way of financing the big ditch.

The Syndicate's Profits.

It will be remembered that the syndicate undertook in the first place to provide $200,000,000, if necessary, to guarantee the financial success of the steel combine's launching. This was the maximum amount of the subscriptions. Only 12½ per cent of the original subscription, or $25,000,000, was ever called for, and this $25,000,000 subsequently was returned to the underwriters. Since then, two dividends of 5 per cent each have been paid as profits to the underwriters. These dividends were calculated not on what the underwriters advanced, namely, $25,000,000, but on the maximum amount of their subscriptions, $200,000,000. Therefore, the syndicate has realized $20,000,000 in net profits, and still expects $40,000,000 more.

As nearly as anybody can make out, the syndicate is being continued in perfunctory existence for reasons best known to J. P. Morgan & Co. One thing is certain, and that is that the syndicate has not been formally dissolved. This could not be done without formal notice from J. P. Morgan & Co., and such notice has yet to be received.

One of the objects of continuing the life of the syndicate is believed to be that its resources for a while yet may be at instant command, if the current bear campaign against the United States Steel shares, for example, should gain a too great impetus, there is little doubt that the syndicate's money would be thrown into the breech. Another reason is believed to be that Mr. Morgan does not wish to show his hand.

Testing a Let-Alone Policy.

There is abundant indication that the Morgan party decided at about the time the underwriting syndicate should have expired by limitation to try the experiment of letting the Steel shares find a natural level. Whether this experiment has been as successful as it was expected to be, only the Morgan interests could say. At all events, there have been no inspired supporting orders in steel for more than a month. The general opinion among those who are familiar with the relations between the underwriting syndicate and J. P. Morgan & Co., seems to be that the syndicate will have a nominal existence until the United States Steel shares have demonstrated their ability to take care of themselves in the market.

Winding Up the Syndicates.

On the subject of underwriting syndicates it is interesting to note that a considerable number will expire by limitation within the next 90 days. In perhaps a majority of cases their work is unfinished, which is to say that the securities have yet to be distributed to the public. The syndicate managers have been requesting extensions of time, and in some instances all of the interests concerned have agreed, but in others it is the sense of individual members, banking houses and others, that the syndicates should be wound up on the dates originally specified, even though the members of the syndicates have to take up their securities pro ratio.

It requires no professional eye to see that this state of things may easily develop monetary complications of some magnitude. Should the disposition to wind up syndicates in preference to extending their existence spread to any very great extent the result very likely would be a great liquidation of numerous securities "at the market." All of this has bearings too, on the monetary situation as a whole, and tends to promote the fear that interest rates will rule at a much higher level this autumn.

Would Welcome Canal Bonds.

Financial interests in Wall street regard the isthmian canal project as a probable source whence a supply of government securities will be replenished. The gradual disappearance of government bonds has constituted one of the most interesting, if not one of the most perplexing, problems of contemporary banking. Senator Fairbanks' amendment to the canal bill, providing for construction from the proceeds of government bonds, is warmly welcomed by banking and bond houses, and they are certain to exercise their influence in favor of that way of financing the big ditch.

Republic Company's Earnings.

A representative of the Republic Iron & Steel Company today said the earnings of the company since the first of the year exceeded those of any corresponding period in the history of the corporation; also that the combined earnings of the constituent plants previous to their absorption never came up to the earnings of the Republic Iron & Steel Company in the first half of the year. The Republic Iron & Steel Company manufactures more finished iron than any other concern in existence and has reaped the benefits of the high prices that have prevailed for particular lines of the products.

Plants of Two Companies.

The last statement of the Tennessee Coal & Iron Company was not an encouraging one, but the poor showing was said to be due to the fact that the company, during the period covered by the statement, did not have the benefit of its new additions. It is also said that the company is in better condition physically than ever before.

The best example of a modern steel plant is found in the Sharon Steel Company. It will soon have a finishing capacity of 300,000 tons a year. Although the company has been doing business not much over a year its earnings for the first half of the year have been enormous as compared with its capitalization. Its products have been sold up to the end of the year.

Company Reports and Improvements.

Considerable interest is being shown in the forthcoming semi-annual reports of the various iron and steel companies. While very few of the concerns outside of the United States Steel Corporation issue quarterly reports, a brief statement of the earnings for the half year is given out by most of them.

The earnings of the United States Steel Corporation for the past six months are taken as a barometer of what other steel companies will show, although the full earning capacity of a number of concerns will not be shown, owing to the fact that considerable money has been expended by them in new additions which have not been completed and which have not begun to yield returns on the money invested. For example, the Colorado Fuel & Iron Company has additions and extensions under way that will bring its finishing capacity up to 200,000 tons a year. It is attempting to pay dividends on the additional capitalization created to pay for these new extensions out of the earnings of the old plants. By the latter part of this year, however, the company is expected to have all its new plants in operation and will benefit accordingly.

E. W. HARDEN.

IN THE MONEY MARTS.

Call Loans Steady in New York, Sterling Exchange Firm.

NEW YORK, June 20.—Money on call steady at 2@3 per cent; closed offered at 2 per cent; prime mercantile paper 4@4½ per cent; sterling exchange firm, with actual business in bankers' bills at 4 87@4 87½ for demand and at $4 85½@4 85¾ for 60 days; posted rates, $4 86 and $4 88½. Commercial bills, $4 84½@4 85½; bar silver, 52¾; Mexican dollars, 42¾; government bonds easy; state bonds inactive; railroad bonds irregular.

LONDON, June 20.—There was a good demand for money today. A pronounced ease in rates is not expected immediately, in view of the stock exchange settlement, special requirements during the quarterly invoices and the turn of the half year. Discounts were steadier. Operators on the stock exchange were disinclined to engage in fresh transactions and were content with the minor carryover. Consols were easier. Americans opened with an uncertain tone and a weak tendency, and were neglected, being affected by the possibility of further labor disturbances. They closed quiet. Kaffirs were irregular on realizations which caused a fractional setback.

PARIS, June 20.—Prices on the bourse today were easier on realizations. Argentines, Brazilians and Turks were firm. Rentes weakened on the postponement of the conversion scheme until October. Industrials were easier. Prices ruled quiet on the bourse today.

Treasury Statement.

WASHINGTON, June 20.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balances, $93,054,146, gold, $60,712,701; United States notes, $9,476,712; treasury notes of 1890, $92,060; national bank notes, $5,601,904; total receipts this day, $1,428,758; total receipts this month, $31,540,807; total receipts this year, $548,377,526; total expenditures this day, $1,620,000; total expenditures this month, $27,765,000; total expenditures this year, $465,168,707; deposits in national banks, $127,863,329.

The Treasury and the Banks.

NEW YORK, June 20.—(Special.)—In redemption of checks drawn by depositors of gold at the Seattle assay office today's official records show that the treasury paid out yesterday $10,868. Total thus paid since last Friday, $22,693, against $26,884 for the same period a week ago. Total payment by government to New York banks for one day, $2,750,000. Payment by banks to government, $3,078,000. Balance on the day's transactions, $222,000 paid by banks to government. Total net payment by banks to government since receivership, Friday, $307,000, against $2,406,000 similarly paid for the corresponding perio da week ago.

General Recovery from Thursday's Slump

SUPPORT COMES TO THE RESCUE OF STEEL STOCK

Heavy Buying in Wall Street Ends Fear of a Long Bear Campaign.

ACTIVITY IN GRANGERS

Large Blocks of Western Railroads Bought in Spite of Bad Crop Prospects—Better Financial Outlook. Today's Bank Statement.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 20.—The speculative liquidation which broke prices yesterday was no longer in evidence today, but the market slipped back into a rather apathetic condition, the dealings dropping well below 500,000 shares again. Of this total, a large proportion was concentrated in a few leading stocks, notably United States Steel, Missouri Pacific, St. Paul and the Wabashes.

The evidence of support for United States Steel was an effective influence in steadying the market, as yesterday's sharp break in that stock had unsettled sentiment in the whole market. There was evidence of rebuying of stocks by the large interests which liquidated yesterday and the day before. This served to relieve a latent feeling that the recent bull campaign had been a preliminary to a prolonged bear campaign.

Activity Was in Narrow Lines.

Today's strength was restricted to a few points and was not very well maintained, the closing being dull and heavy. The Southwesterns and St. Paul absorbed a large share of the strength. St. Louis Southwestern preferred rose nearly 3 points, and in connection with a slightly greater rise in Chicago & Eastern Illinois, gave rise to a report that the latter road was to be purchased by the former. The movement in the western roads was not accounted for by the crop news, which was rather unfavorable as to grain. The coalers were rather neglected and moved in a narrow and irregular way.

Reports by the banks of a gain on the interior currency movement up to Thursday night of over $3,000,000 gave rise to the hope of a favorable bank statement tomorrow, as the offsetting absorption by the sub-treasury for the same period was only $357,000. Bankers expressed the opinion this evening that the statement would show a considerable expansion in loans, but the continued ease of call money does not indicate that the surplus has been materially impaired.

Financial Improvement Abroad.

More attention was given to the sterling market, which advanced an additional fraction, London selling stocks here freely. Continental exchange was also strong, while sterling at Paris fell another fraction. The Bank of England gained nearly $3,000,000 in gold yesterday, which is a reassuring development for the whole financial world in view of the heavy semi-annual requirements upon that institution.

Heavy pension payments during the week are the cause of the light demands of the New York subtreasury upon the money market. It is a noticeable fact that the government's surplus revenue is still under $4,000,000 for this month, compared with a nrly $11,000,000 for the same period in last June, and reports from Washington indicate that the treasury authorities hardly expect the year's surplus to reach the estimated figure of $90,000,000. With ten days remaining of the fiscal year, the surplus is still below $80,000,000. The rains in the west, which are delaying the harvesting of grain, promise also to postpone the demand on New York for money to move the crops.

There was an active demand for some of the Southwestern railroad bonds. The market generally was irregular. Total sales, par value, $2,935,000.

United States 2s, coupon, declined ⅝ per cent on the last call.

Dun's Weekly Review

BUT ONE CLOUD ON THE HORIZON OF GOOD TIMES

Trade in the East Is Feeling the Effect of Anthracite Strike.

THE WEST IS FLOURISHING

Bountiful Harvests, Big Railway Earnings and Activity in Iron and Steel Assure the General Situation. New Records in Coke Production.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 20.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Trade at the east is quiet, owing to the advancing season, and the bad effect of prolonged labor controversies is being felt in certain lines. Reports from the interior and the far west are more encouraging, bountiful harvests being expected, while the light stocks carried over from the previous season assure profitable prices. The best indication of continued prosperity is the fact that quotations do not recede, even in the lines where at present there is only a moderate degree of activity. Railway earnings thus far reported for June increased 3.9 per cent over 1900.

Uncertainty regarding their ability to secure pig iron at reasonable prices is making producers of steel cautious in accepting contracts that call for delivery at even remote dates. Raw material is undoubtedly in light supply, and the anthracite coal strike has suspended work at a number of furnaces.

Coke production is attaining new records each week in the endeavor to supply all requirements, and better railway facilities are making unprecedented shipments from the Connellsville region. Soft coal is beginning to show the effect of an abnormal demand.

In certain lines of finished steel products the addition of new plants to the productive capacity has had a perceptible influence on prices, introducing more competition. This factor is felt in only a few divisions, however, and in all heavy lines, notably rails and structural material, orders run far into next year.

Quiet conditions prevailed in eastern drygoods and footwear markets. A stronger silver market has revived purchases for export to China, although, like the home trade, this is still on a moderate scale. Supplemental buying of woolens is also limited. It is noteworthy that prices in all textile lines are firmly held, despite the slow movement, indicating confidence on the part of sellers. Shoe shops in New England have more orders, yet most factories only operate part time, and some are entirely idle. Leather is dull and foreign dry hides weaker.

Lack of rain in the southwest is the only seriously unfavorable crop indication of the week, while exceptionally encouraging reports are received from most points. Domestic grain makes good progress, but bad news has been received from abroad and the outlook is favorable for large exports. Failures for the week numbered 194 in the United States against 193 last year, and 19 in Canada against 14 a year ago.

BANK CLEARINGS.

NEW YORK, June 20.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended June 19, with the percentage of increase and decrease as compared with the corresponding week last year:

CITIES.	Amount.	Per Ct. Inc.	Per Ct. Dec.

Wheat Outlook Continues Dubious

THE MORE RAIN HIGHER CLIMB CEREAL PRICES

Grain Outlook in the West Strengthens the Bull Movement Daily.

WET FIELDS IN EUROPE

Wheat Leads the Chicago Market in Dearer Prices—Ripe Crops in Nebraska Cannot Be Cut—All Other Grains and Provisions in Sympathy

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, June 20.—Wet weather influenced breadth and bullish activity in wheat today. Continuous rains in the standing wheat and much excitement in the foreign

Crucible Steel Common Heavily Traded in at a Good Advance

Stronger Wheat Sends Flour Higher

ACTIVITY IN CRUCIBLE WAS THE FEATURE

Wall Street Started a Buying Movement and Caused a Good Advance.

U. S. STEEL STRONGER

Pittsburgh Coal Common Lost Half a Point and Window Glass Failed to Retain an Early Gain—Brewing Common Firm.

Steel stiffened up in Wall street yesterday, and this fact, more than anything else, had a potent influence on the local market. Crucible, and not United States Steel, was the leader on the local exchange, but the smart rally in the latter in the east undoubtedly was the primary cause of the activity. Wall street, for the first time in months, took a hand in the trading in Crucible, and it was really the quotations that came in over the tape that sent the stock up here. It seems at times that Pittsburgh is afraid to bull its own stock and needs Wall street to take the initiative. This was the case many times with Westinghouse Electric last winter and yesterday with Crucible. As for United States Steel most of the large traders here apparently have let go their lines before this, but there are doubtless still a great many local speculators heavily committed to the long side of the stock. The recovery of yesterday, following the unpleasant weakness of the early part of the week was a most welcome occurrence, and did much to improve the tone of the home market. Crucible common was dealt in to the extent of nearly 8,000 shares and moved up easily above 22, touching 22¾ about noon and then closing 22½ before the close. The preferred was unaccountably dull and lost ¼. United States Steel was only moderately active here. It followed New York, of course, and sold up to 38.

Brewing common was firm at 28, while Window Glass kept traders guessing with its erratic fluctuations. At the opening it was offered at 63½, but there were no sales and, the strength in Wall street encouraging traders, there was an advance to 65¾, this being the initial price. It was raised to 66 for the day, the stock declining gradually to 65 and closing at 63½. Pittsburg Coal sold off to 26, a drop of ½, and Electric seconds and Fireproofing preferred also lost ground.

Financial Drift.

N. Holmes & Sons offered 35 Union Trust at 3,700.

Seven shares of Second National bank stock offered at 850.

An assessment of $2 50 per share has been called on Electric Company of America stock, payable July 21.

The bearish operations in the copper market lead many to believe that the operators are buying copper stocks.

The annual elections of the Iron and Glass Dollar Savings bank and of the Peoples Savings bank will be held July 1.

The New York banks have gained about $2,600,000 from the week's movement of money, so that a fairly good bank statement is expected today.

Colorado Fuel was heavy and there are further adverse expressions regarding the failure of the company's directors to meet and declare the regular quarterly dividend on the stock.

London sold in New York yesterday but was a buyer of United States Steel shares on a fairly heavy scale. This is interpreted as meaning that Mr. Morgan was supporting Steel from London.

J. C. Morris, of Morris & Brown, has transferred his membership in the Pittsburgh Stock Exchange, consequent on the election of James Elwyn Brown for membership. The latter is one of the new partners of Morris, Brown & Co., which will on July 1 succeed the firm of Morris & Brown.

Peoples National bank sold yesterday at 388½, the highest price on record. The best previous price was 385, made about a year ago. In June of last year it was bid up as high as 392, but there were no sales above 385. The last sale previous to yesterday was at 385, about a month ago.

Some attention was paid to the buying of the Gould stocks by brokers who are usually employed by the Standard Oil party and to the additional reports that members of that interest are practically in control of the Missouri Pacific property. The manipulation of Wabash was also a feature and there is talk about a probable further rise in it.

United Realty Trust sold off to 132 yesterday, or $3 below the price at which the stock was put out. Liquidation of speculative holdings apparently accounts for the decline. The stock sold up as high as 150 almost immediately after the issue, but did not figure at that level long enough to allow many holders to get out. Now, unable to realize a profit some holders are taking a small loss. It is not unusual for such declines to take place, though. National bank new stock was put out at 500, sold soon after at 750 and later at 760. Real Estate Trust new stock was subscribed for at 250, but just before the issue the market price was 248. Guarantee Title and Trust issued new stock at 180, but just before it was put out the old stock sold at 425 in the market.

PITTSBURGH FEATURES.

Bank exchanges decreased over $1,500,000.

Sales Pittsburgh stock exchange, 6,346 shares and $5,000 bonds.

Crucible Steel common rose ¾, on sales of nearly 3,000 shares.

United States Steel stocks made a good recovery.

Window Glass advanced to 63½ at the opening, but lost the gain.

Brewing common held firm at 28.

Pittsburg Coal common declined ½ on a single trade.

United Realty Trust sold off $3 to 132, the lowest mark yet reached.

Peoples National Bank sold at a new high mark.

A HEAVY DECREASE.

Bank Exchanges Much Less Than for the Same Day Last Year.

Pittsburgh bank exchanges fell off acain yesterday, the record being over $1,500,000 less than that for the same day of last year. The local money market continues firm and unchanged, the rate for call and time loans standing at 5@6 per cent. The official clearing house reports in detail for the days mentioned are as follows:

	Exchanges.	Balances.
Yesterday	$8,774,615 91	$ 988,128 91
Previous Friday	6,276,676 48	757,540 51
Last year	7,814,364 34	1,264,146 65
Yesterday's dec.	1,529,748 43	

Reports from other cities were:

CHICAGO, June 20.—Clearings, $26,300,432; balances, $2,316,756; posted exchange, $4 86 for 60 days, $4 88½ on demand; New York exchange, 2½ premium.

CINCINNATI, June 20.—Money, 3½@6 per cent; New York exchange, par to 10c premium; clearings, $3,722,750.

NEW YORK, June 20.—Exchanges, $220,000,818; balances, $2,388,958; money, 4@4½ per cent.

PHILADELPHIA, June 20.—Clearings, $20,444,561; balances, $2,388,958; money, 4@4½ per cent.

BALTIMORE, June 20.—Clearings, $3,603,571; balances, $476,659; money, 5 per cent.

BOSTON, June 20.—Exchanges, $20,703,455; balances, $1,446,049.

ST. LOUIS, June 20.—Clearings, $7,042,954; balances, $676,866; money steady, 4½@5½ per cent; New York exchange, 50c premium.

Boston Wool Market.

BOSTON, June 20.—The Commercial Bulletin will say in tomorrow's report on the wool trade of the United States: The wool market is firm and hardening. Buying has been on a generous scale and sellers have at last succeeded in getting fully previous advances sold wools, while new wool arriving is selling at a fair profit. Contracts in Montana are reported at 16c. Everywhere in the west values are fully sustained; shipments of Australian and South American goods from Boston to London continue. The receipts of wool in Boston since January 1, 1902, have been 122,225,971 pounds against 139,393,773 pounds for the same period in 1901. The stock on hand in Boston January 1, 1902, was 77,340,463 pounds; the total stock today is 77,686,242 pounds. The stock on hand June 22, 1901, was 48,886,138 pounds.

Coffee and Sugar.

NEW YORK, June 20.—Coffee futures opened steady, with prices 5 points higher, the improvement being in sympathy with Europe's steadiness, helped also by covering demand and absence of offerings. Trade all day was small with only outside orders noted. Importers were moderate withdrawers of hedges when demand, with scattered covering by room shorts, served to firmly sustain the advance, final prices showing a net gain of 5 to 10 points. Total sales, 50,750 bags, including July at 4.80@4.85c; September at 4.85c; October at 5.05c; November at 5.10c; December at 5.15@5.20c; March at 5.40@5.45c; May at 5.60c. Aside from European strength, cables reflected a commonplace situation abroad, other markets being unchanged and crop figures about as anticipated. The spot market locally was quiet and steady, but nominally unchanged.

Drygoods.

NEW YORK, June 20.—Today's business has been quiet in all departments, there being an absence of any factor powerful enough to change previously existing conditions. Brown sheetings and drills steady for leading brands, other makes irregular. Bleached cottons dull and unchanged. Coarse colored cottons steady. No changes in regular print cloths and no demand. Wide goods are steady. Prints and ginghams quiet but firm. Linens firm, with moderate sales. Burlaps are tending upwards.

Turpentine and Rosin.

WILMINGTON, N. C., June 20.—Spirits turpentine easier at 47c. Rosin steady at $1 10@1 15. Crude turpentine firm, $1 40, 42 50 and $2 00. Tar firm, $1 45.

SAVANNAH, June 20.—Turpentine firm, 47½c.

Butter, Eggs and Cheese.

PHILADELPHIA, June 20.—Butter firm; ½@1c higher; extra western creamery, 23c; do nearby prints, 24c. Eggs firm; good demand; fresh nearby, 18c, loss off; do western, 18½c, loss off; do Southwestern, 18c, loss off; do southern, 16½c. Cheese steady; New York full creams, prime small, 10¼c; do fair to good, 9¼@10c.

BALTIMORE, June 20.—Butter steady, unchanged; fancy imitation, 20@21c; do creamery, 22@23½c; do ladle, 18@19c; do roll, 17@18c; good roll, 16@17c; store packed, 15@18c. Eggs firm and higher, 17½@18c. Cheese steady, unchanged; large, 10¢@10¼c; medium, 10@10½c; small, 10¼@10½c.

CHICAGO, June 20.—Butter strong; creameries, 18@22c; dairies, 17½@19½c. Cheese steady, 10@11c. Eggs firm; fresh, 15½c.

Dried Fruits.

NEW YORK, June 20.—The demand for evaporated apples continues moderate, but offerings are light and full prices are realized. Common to good are quoted at 4@4½c; prime, 5c; choice at 10½@10¾c, and fancy at 11c. There is a quiet jobbing demand for California fruits of nearby arrival. Spot prunes are in fair demand, particularly the larger sizes for both interior and export account, with prices ranging from 3½c to 6½c for all grades in boxes. Apricots are in steady request at former prices, quotations running from 10½c to 14c in boxes; to 10½@12c in bags. Peaches are quiet but still held at 12@16c for peeled and 8½@10½c for unpeeled.

OLD FIGHT REVIVED.

A Street Grading Ordinance Brings to Life a Dispute Between Brushton Citizens.

The contest between John H. Ward & Sons, the Brushton quarrymen, and J. W. McKinley, the Brushton brick manufacturer, is once more in Pittsburgh councils from which it has been ejected half a dozen times in as many years. The matter has always been fought bitterly, and after wrangling over it for an hour in the select council committee on public works yesterday, action was postponed until next Wednesday. Property owners from Brushton interested in either side of the matter were presented yesterday, and the principals were there in person to make the fight.

The fight has come up this time under an ordinance providing for the grading of Batavia street from Oakwood street to the easterly line of the property of John H. Ward & Sons, which is the stone quarry. The entire district there has a foundation of stone suitable for building purposes, and Ward & Sons have purchased a great deal of property there. Under this last ordinance Ward & Sons are to bear the expense of grading the street, but they are to be given four years in which to do it.

Section 3 of this ordinance says that Ward & Sons are to be given the privilege of going 30 feet below the grade of the street and taking out stone which they can use. During the meeting W. J. Brown of Braddock and W. J. Rothweiler, the select councilman from that ward, had a lively tilt in which Brown predicted that Rothweiler would be defeated at the next election.

Carter Oil Co. Has a Rig Destroyed

Yesterday developments in the Lower Southwest were of the most ordinary kind. The best well drilled in was the Carter Oil Company's test on the Susan Sands farm, the Rhiards Mills district, Washington county, Ohio. It had just been drilled into the Big Injun sand when it began to flow and the oil and gas caught fire from the boiler and consumed the rig. The well is still burning and the flow of oil is estimated at 10 barrels an hour. This is a new extension and the Carter company has been quite fortunate in this district, having secured some fine producers on the Cline farms.

In the northeast end of the Fish Creek district in Marshall county, W. Va., the South Penn Oil Company has drilled its test on the T. F. McIlvain farm through the Gordon sand and has a natural producer good for 125 barrels a day. East of this well, in the same district, but on the E. A. Criswell farm has been completed and shot and is producing 60 barrels a day from the Gordon sand.

In the Salem district, Harrison county, the Southern Oil Company has completed its test on the Henry Weeks farm and has a 15-barrel pumper from the Gordon sand.

Northeast of the fifth sand development on Indian Fork, Palmer county, the South Penn Oil Company has drilled the No. 2 for the H. H. Cole farm into the sand and has a show for a 10-barrel pumper.

South of Berlin Mills, Lewis county, the South Penn has completed No. 2 on the William Griggs farm and has a 50-barrel producer.

In the Folsom district, Wetzel county, the same company's No. 1 on the Ice farm is holding up at 70 barrels a day from the Gordon sand.

In the Fairview district, Marion county, No. 5 on the D. Jones farm has been drilled into the fifth sand and put to pumping and is good for 10 barrels a day.

Schlagel & Field have completed their No. 7 on the Rebecca Way farm, located on Benson run, Pleasants county, and have a duster in the Cow Run sand.

In the Centerville district the Philadelphia Company is drilling a test on the Frank Reed farm.

Southeastern Ohio Work.

On the Ohio side in the Grayesville district, Monroe county, F. P. Hue & Co. have drilled in their No. 6 on the Dougherty heirs' farm and have a 15-barrel pumper in the Keener sand.

In the Sand Hill district, Washington county, Samuel Neill has completed his No. 6 on the George Cassidy farm and has a duster in the Cow Run sand.

In the Macksburg field McConnell & Morris have drilled their No. 4 on the Lund heirs' farm through the 500-foot sand and have a 10-barrel pumper in that stratum.

Near Gregory station in the McDonald field, Allegheny county, Pa., the Chenu Rock Oil Company has completed a test on the William Bamford farm and has a show for a 15-barrel pumper.

In the Speechley sand district, near Greece City, Butler county, the Devonian Oil Company has completed and shot its test on the C. Robb farm and has a show for a producer so small as to scarcely miss the duster list.

One-half mile east of Middle Lancaster Boyer & Co. have drilled their test well on the Charles Warren farm through the 100-foot sand and have a duster.

Four miles east of Harmony the Evans City Gas Company has drilled its test on the Rudolph Barnhart farm through the 100-foot sand and since shooting have a show for a small well.

In the old Millerstown district, Tittley & Stoop have drilled in their No. 3 on the O'Neill farm and have a good producer, estimated at 50 or 75 barrels a day.

South of the old Montgomery field in Allegheny county, McFerrigge Bros. have drilled their test well on the Samuel Kauffman farm through the 100-foot sand and have a good gasser.

Shipments and Runs.

Shipments and runs of the Pennsylvania, Ohio and Indiana fields, up to and including June 19:

PENNSYLVANIA OIL.

SHIPMENTS.	RUNS.		
June 19	102,841	June 19	88,135
Previously	1,665,517	Previously	1,365,173

The Oil Market.

The Standard Oil Company's price for credit balances was unchanged yesterday at $1 20. The Producers and Refiners' also paid $1 20. OIL CITY, June 20.—Credit balances, $1 20; certificates, no bid. Shipments, 102,842 barrels; average, 93,082 barrels. Runs, 98,136 barrels; average, 77,016 barrels.

Butter, Eggs and Cheese.

PHILADELPHIA, June 20.—Butter firm; ½@1c higher; extra western creamery, 23c; do nearby prints, 24c. Eggs firm; good demand; fresh nearby, 18c, loss off; do western, 18½c, loss off; do Southwestern, 18c, loss off; do southern, 16½c. Cheese steady; New York full creams, prime small, 10¼c; do fair to good, 9¼@10c.

BALTIMORE, June 20.—Butter steady, unchanged; fancy imitation, 20@21c; do creamery, 22@23½c; do ladle, 18@19c; do roll, 17@18c; good roll, 16@17c; store packed, 15@18c. Eggs firm and higher, 17½@18c. Cheese steady, unchanged; large, 10¢@10¼c; medium, 10@10½c; small, 10¼@10½c.

CHICAGO, June 20.—Butter strong; creameries, 18@22c; dairies, 17½@19½c. Cheese steady, 10@11c. Eggs firm; fresh, 15½c.

Dried Fruits.

NEW YORK, June 20.—The demand for evaporated apples continues moderate, but offerings are light and full prices are realized. Common to good are quoted at 4@4½c; prime, 5c; choice at 10½@10¾c, and fancy at 11c. There is a quiet jobbing demand for California fruits of nearby arrival. Spot prunes are in fair demand, particularly the larger sizes for both interior and export account, with prices ranging from 3½c to 6½c for all grades in boxes. Apricots are in steady request at former prices, quotations running from 10½c to 14c in boxes; to 10½@12c in bags. Peaches are quiet but still held at 12@16c for peeled and 8½@10½c for unpeeled.

THE RIVER INTERESTS

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, June 20.—River 44 ft 9 in., 9.6 fall. Weather, clear. Departed, Stern Wheelers, the J. B. Williams arrived from Rising Sun tonight where she assisted in floating the Relief. The Adele will start for Rising Sun in the morning to bring the wrecked Relief to this city. The boilers of the Relief, which were sunk at the time of the accident, were recovered by the snagboat E. A. Woodruff. The D. T. Lacey and R. F. Gibson arrived with tows of coal from the Kanawha today. The George Matheson and the Mt. Clare are due to arrive at the Marmet harbor tomorrow morning with a considerable tow of coal. Members of the Ohio River Improvement association sat down to a sumptuous dinner at the Business Men's club today at which the proposed Ohio river improvement was a topic of conversation.

LOUISVILLE—River rising; canal, 5.3 feet; falls, 3.1 feet; foot of locks, 8.4 feet. Business good. Weather cloudy. Packets in port on time. The Williams and Woodruff relieved the Relief at Rising Sun. Maj. Lee M. Derby of New Orleans will come here to take charge of government work in the harbor.

BROWNSVILLE—River 6 feet and station-ary. Weather clear.

WARREN—River 2 feet 1 inch. Weather clear and warm.

WHEELING—River 6 feet 1 inch and falling. Showers, cool. Departed, Ben Hur, Keystone, nogers, Bessie Smith, due down for Tarkersburg at 7 p. m.

GREENSBORO—River 7 feet 1 inch and stationary. Weather cloudy and warmer. Rose Hill due down Saturday; Cherry and Elizabeth up.

GALLIPOLIS—River 5 feet and stationary. Up, Kanawha. Weather threatening rain.

POINT PLEASANT—River 4 feet 3 inches and falling. Weather cloudy and warm. Down, Tacoma.

MORGANTOWN—River 7 feet and stationary. Weather cloudy and cool.

STEUBENVILLE—River 5 feet 4 inches and falling. Weather cloudy and warm. Up, Bessie Smith. Down, Cruiser.

OIL CITY—River 2 feet 6 inches and falling. Weather cloudy and cool.

PARKERSBURG—River 6.5 feet and rising. Weather, light rain this afternoon.

HUNTINGTON—River 9 feet 8 inches and rising. Eagle up with empties, 11:45 a. m. Tacoma for Cincinnati tonight, H. M. Stanley for Charleston.

WILL ELECT OFFICERS.

Masters and Pilots Will Vote for Favorite Candidates Today.

The annual election of officers of Harbor No. 25 Masters and Pilots, will be held today. Members who are unable to attend can vote by proxy, ballots having been mailed to all the members 10 days ago.

For the office of worthy captain, Capt. John Lee Keer has no opposition. The following are candidates: First pilot, Isaac L. Repo, George W. Gibson; second pilot, Lon Drake, John W. Mc[illegible]terer; captain's clerk, E. R. Dawson, A. R. Mackey; chaplain, J. A. Clow; Alfred Fenderleste to Grand Harbor, T. T. Dunlevy; [illegible] George W. Gibson, J. A. Clow; alternate, W. R. Reno, F. W. Boll, U. G. Jones; purser, D. A. McDonald, Jr., C. F. Boles; [illegible] Grates, James McCluskey, Peter W. Boll. There is much friendly opposition. The local [illegible] association is one of the largest in the United States.

Arrivals.

Greenwood, Greene, Charleston.
Lorena, Wallace, Zanesville.

Departures.

Greenwood, Charleston, W. Va.

Packets Leaving Today.

Elizabeth, Morgantown, 5 p. m.
Lorena, Zanesville, 4 ½ m.

The [illegible]ge of water at Davis Island dam at 9 o'clock last night was 4.4 feet and falling.

News of the Rivers.

The wrecked steamboat Belle McGowan has broken in half and is now lying in the back river at Brunots island, near the Ohio connecting bridge, having been pulled there out of the way of steamers and beached. The McGowan probably earned more money than any coal boat that ever ran on the Monongahela river. A severe storm a few months ago put her out of business.

Capt. Gordon Greene of the steamer Greenwood is confined to his room on the boat with an injured foot. His wife, Mrs. Mary Greene, helps to look after the steamer. She is a licensed pilot.

The steamer Kanawha, which will leave here next Tuesday, will have a number of passengers. A large party is coming from Greensburg to make the round trip on the boat.

Jeff Smoot says that he may have to withdraw his intended challenge to play the employes of the river coal combination. Smoot has charge of the Jutte interests team, and yesterday he was compelled to release one of his men, so he says.

The name of the towboat John W. Alles has been changed to Raven. The boat is being rebuilt at Elizabeth.

The Rodgers Sand Company will be ready to move into the new yards at Ridge avenue and Charlieroi, Allegheny, in a few weeks. The company has installed river hoists there and made many improvements.

The ferryboat H. B. Sindair, which has been sunk for a number of months in the Ohio river, is lying at the foot of Charlies street, Allegheny, and is being carried away by pieces at each rise in the river.

The Tornado, coming up stream with a tow of empties, passed Marietta yesterday. She is hoisting the Harry Brown at Pittsburgh.

Another river weather prophet has bobbed up in the person of Capt. Harry McGuire. He predicts a coal shipping stage for July 20. A riverman yesterday remarked: "The woods is full of them."

The new steel hull towboat, Peter Sprague, is on her way to St. Louis from Dubuque, Ia., and will arrive there next week, where she will receive her wheel, which is 40 feet in diameter and the largest wheel ever built for a stern wheel vessel.

Light rains were reported from up river points yesterday and this morning's reports will be eagerly sought by rivermen. It is thought in some quarters that there will be a shipping stage within a few days.

The Lorena, leaving today for Zanesville, is the only packet now plying between the ports on the Ohio river between Pittsburgh and Zanesville.

The first consignment of wheat from the lower river for St. Louis arrived there Thursday.

Deep Diver J. T. Chase, the man who saved the contents of the J. R. Finley's wrecks in the lower Mississippi, was in Louisville Thursday on his way to Pittsburgh.

A paragraph is going the rounds of all the newspapers that have river departments, in effect that suit has been brought in Louisville to recover $15,000 from the owners of the late steamer City of Pittsburgh, for the loss of three children who were passengers when that steamer was burned about two months ago. Court records at Louisville show no such suit.

Judge Sterling R. Toney yesterday at Louisville dismissed the rule for contempt issued against Superintendent of Wharves John J. Dyer for not vacating his office in favor of William T. Besser, the Republican elected to fill the similar fund last fall. In a previous decision Judge Toney held that Besser was entitled to the office. The court's action gives Dyer the place, which has been in litigation for months.

The steamer Liberty, which has attracted so much comment from rivermen, the result of the patent machinery first tried on her and which was a failure, left Wheeling Thursday night for the Ohio river, 200 miles below Cincinnati. The boat, which is at present owned by E. and J. Wilhelm, has been leased for a term of years to Capt. Bush of Bowling Green, who will place her in a short passenger trade out of the above mentioned river. Capt. Asa Booth is piloting the boat, with William Junkins first engineer and John Butler second. John Litten is mate.

LEARNED ABOUT LIGHTS.

Salary Revision Committee Still Delving After Information on City Affairs.

The Pittsburgh councils' committee on salary revision met again yesterday afternoon and again heard A. B. Shephard, superintendent of the bureau of water supply and distribution; also Superintendent William Falconer of the bureau of parks; Thomas Perry, superintendent of lights, and Joseph Woods, clerk of the board of viewers.

Each was asked as to the number of men employed and the salaries received. They explained the duties of the various employes. Mr. Perry wants an assistant to relieve him of such duties as attending to lamps, etc. He said there were 2,579 arc lamps used by the city and 3,230 gasoline lamps. He thought each lamp should be inspected every three or four months, and suggested the employing of an assistant at about $75 a month.

Clerk Woods was asked if his department was subjected to the machine's political assessment. He said he did not consider it subjected to the assessment, but that the employes always paid it.

President of the Homeopaths.

CLEVELAND, O., June 20.—After a lively contest Dr. Joseph P. Cobb of Chicago was today elected president of the American Institute of Homeopathy. Boston was chosen as the place for holding next year's convention.

E. W. Grove — This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day

PITTSBURGH PRICES FOR FARM PRODUCTS

Navy Beans and Dried Peas Advance—Timothy Hay Firmer.

Hay, Grain and Feed.

A stronger hay market has caused quotations for all grades of timothy to go forward about 50 cents a ton, with those figures firm. Shelled corn is a little weaker, with prices fractionally lower, but ear corn is stronger and higher. Bran has declined about $1 a ton, while middlings hold steady at old prices.

Receipts bulletined: Pennsylvania lines, 15 cars hay, 4 cars oats, 1 car corn and oats, 1 car rye; Baltimore & Ohio railroad, 2 cars hay; Pittsburgh & Western railroad, 1 car oats; Pittsburgh & Lake Erie railroad, 2 cars oats. Total receipts, 26 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—Choice timothy, $15 00@15 50; No. 1 do, $14 50@15 00; No. 2 do, $12 50@13 50; No. 1 mixed, $10 50@11 00; No. 1 clover, $10 00@10 25; prairie, $10 50@11 00; packing, $8 00@10 00; loose from wagon, $16 00@17 00.

Rye—Spot price (delivered), No. 2 Michigan, 66@66c.

Wheat—No. 2 red, winter, 74@75c f. o. b. cars within limits of the public Pittsburgh.

Corn—No. 2 yellow, shelled, 65@65½c; high mixed, 65@66c; No. 2 mixed, 67@68c; No. 2 yellow ear, 72@73c; high mixed, 70@71c; No. 2 mixed, 69@70c.

Oats—No. 2 white, 51@51½c; extra, No. 3, 50@50½c; regular, 45@46c.

Millfeed—White middlings, per ton, No. 2, $21 50@22 00; brown, $20 50@21 00; bran, $18 50@19 00.

Groceries.

A much stronger wheat market has caused an advance in flour, which some local houses have already made, and others express their intention of making on Monday. Mills have advanced flour 10 cents a barrel and another advance is spoken of as a possibility. Navy beans have been forced up 10 cents a bushel, and dried peas are 10 cents higher than former prices.

Flour—Jobbers' prices: Fancy spring patents, $4 75@4 90; fancy winter patents, $3 90@4 00; straight winter, $3 80@3 90; bakers' spring, $3 60@3 65; rye, $3 45@3 60; graham, $4 00@4 50; cornmeal, 1-bl, $3 50@3 60, 10-lb cotton bags, 50c.

Sugar—Standard granulated, 4.80c; fine granulated, bbl, 100-lb and 25-lb jute bags, 4.90c; 2-lb cartons, 5.00c; 5-lb jute bags, 4.95c; powdered, powdered xxxx, 5.35c; cubes, 5.05c; cutlost, 5.40c; confectioners' A, 4.60c; coffee A, 4.35@4.40c; No. 1 yellow, 4.20

JUROR COULD NOT RETURN SCOTCH VERDICT IN CASE

Court Compelled to Discharge Man With an Unrelenting Conscience.

DOUGHTY JURY DISAGREES

No Verdict Reached in Case Against Ex-Alderman After All Night Session—Calvin Dillard, Found Under a Bed, Gets Five Years.

T. C. Kenny, a juryman, was relieved from duty in criminal court yesterday by Judge Samuel A. McClung because he refused to obey the law in regard to placing costs upon a prosecutors and defendants when the cases are decided in favor of the defendants. He said he had conscientious scruples in the matter of placing the costs of prosecution on a defendant when he had been acquitted.

The case in question was that of M. E. Hartigan, charged with larceny. It went to the jury shortly before noon and they remained out all the afternoon. Just before court adjourned word was sent to the court that they had failed to agree. The case was a petty one, the defendant being charged with the larceny of some scaffolding and mortar boards of the value of $6.13.

When the jurors returned Judge McClung asked why they had failed to agree, as he could see no reason for such action on such a petty case. A juror answered that the disagreement was over the matter of costs, and that one juror said his conscience would not allow him to agree to place the costs on the defendants when they found him not guilty. It was also stated that Kenny said he would stay out all night before he would agree to such a verdict. The jury was dismissed and Kenny was called before the court and told that his services would not be needed hereafter and that a man who would not obey the law was not a fit man to have on a jury which acted upon the liberty of a human being.

It was also stated that Kenny is the only juror of the 12 who disagreed upon the case of ex-Alderman David Doughty and that through him the jury was compelled to remain out all Thursday night and failed to agree. Doughty was tried on a charge of felonious assault and battery for the shooting of Mrs. Michael Kroener at her home at No. 495 Taylor street while firing at John Snyder.

George A. Smolinsky was sentenced to the workhouse for one year for the larceny of $640 and a gold watch from Frank Pater of Carnegie. The defendant was a boarder at Pater's house.

Calvin Dillard pleaded guilty of entering the building of S. G. James, No. 25 Taggart street, Allegheny, and was sentenced to the Western penitentiary for five years. On the evening of June 7 the prosecutor found Dillard under his bed.

Mrs. Laetitia Eagle, charged with the murder of Edna Varner, furnished new bail in the sum of $5,000. The bond was furnished by the Pennsylvania Trust Company of Pittsburgh. The court had accepted Attorney J. Scott Ferguson until Mrs. Eagle could arrange for other bail.

ENTRANCES ARE CLOSE.

Hearing Held in the Legal Fight Between Rival Tunnel Companies.

A hearing was held before Judge E. H. Stowe in the equity proceeding of the Pittsburgh Tunnel Company against the Mount Washington Tunnel Company to restrain the defendant company from interfering with the work of the plaintiff company in tunneling Mount Washington. This is another chapter of the fight between these two corporations over the right of way. The testimony offered was largely that of engineers, relative to the lines of the tunnels, which, if both are erected, will have entrances but 6½ feet apart.

A. D. Neid, an engineer employed by the Mount Washington company, testified that the tunnel of that company is so located that it will not interfere with the rights of the plaintiff company. He claimed the route of the Mount Washington company is the only feasible and practical one.

Jeremiah Hilliary, foreman, employed by the Mount Washington company, declared that his men entered upon the work in a peaceable manner without interfering with the workmen of the other company. He denied that the Pittsburgh company was prevented from carrying on its work by threats and violence.

SAYS FRAUD WAS USED.

Bill in Equity Filed Against Railroad Company Alleges Misrepresentation.

A bill in equity was filed by Clara R. Greimer against the West Side Belt Railroad Company and the Pittsburgh Construction Company asking that the defendants be restrained from depositing earth and stone on her property in Baldwin township or from occupying a 60-foot right of way except for the construction of a trestle.

The plaintiff alleges that under an agreement she was to give the company the right to erect a trestle over her property, but in the absence of her attorney, she says, the company's agent presented a paper to her to sign and falsely and fraudulently represented to her that it was the proper one to close the sale. Relying upon these statements she signed the paper. It is set forth that the agreement was not the original one, and that the company under it is violating the agreement made. A preliminary injunction was issued and a final hearing was set for September 20, 1902.

WANTS GUTHRIE RELIEVED.

Elmer E. Siebert Denies Controller Larkin's Right to Employ Counsel.

In the case of Elmer E. Siebert against the city of Pittsburgh, an action to compel Controller John B. Larkin to pay alleged wages due, the plaintiff filed his reasons for asking that Attorney George W. Guthrie be relieved from representing the controller.

It is claimed that the act of March 7, 1901, makes the city solicitor the legal adviser for the city and all of its departments, and that no other solicitor may be employed except assistant counsel. A demurrer was filed to the answer of the defendants.

Law Students Passed.

The following students passed the preliminary examination for admission to the bar: Charles Hoops, John F. Allen, Raphael Gwgwn.

The following students passed their final examination: R. G. Woodside, L. B. Worley, J. D. McKenna, R. C. Long, J. H. Neely, A. M. Lee, George M. Newmeyer, A. Cecil, A. C. Young, C. M. Johnson, Harry M. Arrison, William Metcalf, Jr., A. C. Tepilts, James A. Dougan, Harry Wolvenger, George Peebles, John J. McAllnerey, Harry R. Phillips, S. S. Levin.

Desertion and Surety Cases.

The following desertion and surety of the peace cases will be heard in criminal court this morning: Manulla Lazo, Fred Otto, W. H. Maddock, R. G. Barder, Samuel Free, Samuel Dyer, John Fahey, Sample Mains, Patrick Shea, Edward Bilheimer, Morris Hubinsky, W. C. Harvey, Harry C. Hedack, John Marsh, Joseph Squiters et al, George Williams.

Next Week's Lists.

Next week's trial list in criminal court are as follows:

Monday—Commonwealth vs. Manuel F. Pleim, for manslaughter; Abner Stewart, William Southwell, C. B. Sweeney, Joseph P. Wall, Jacob Friedman, Weston Cole, Michael Soratano et al, Erwin Hamel, Terrance Hogan, David Levine, C. B. Brown, Elias Ziegler, Daniel H. Bean, Joseph Durbi (4), Annie Saunders, Charles Cretes, William Meyers, Archie McKenzie, James Gordon, Leo Donavan, Joseph Davidson, R. Davidson, Maggie Harris, H. G. Westerman, William Donohue, Michael Toomey, George Emong, Andy Stafalo, Angelo Chimnosie, Louis Friedman.

Tuesday—Commonwealth vs. John Buesino, for murder; George Truston, Joseph Sweeny, William Atkins, Ellis Gavett (2), Stella Casey, C. E. Miller, Ora Gruber, Cora Perkins, Martha Crawford, Sophia Kukoskey, Martin Blaszka, Eva Blaszka, C. P. McAuliff, Elizabeth Kertonis, John Lisko, R. S. Laws, J. B. Hartzell (2), Maggie Cook.

Wednesday—Commonwealth vs. A. S. Sline, for murder; Rachel Gudinsky et al, Kate Harrington, Louis Zinazer, Andy Garalla, Charles Stein, William Furey, J. G. Remark, G. E. Baumgart, Thomas D. McCoy.

Thursday—Commonwealth vs. Charles Gallagher, Catherine Hoolahan, Martha Pringle, Mary Implum, Elmer Taylor, John Szolowicz, F. Novitski, Valentine Bernard (2).

Friday—Commonwealth vs. Bridget McDermott (2), Patrick Hanlon, Elies Swager, Mary Stubbs, John Ellison, Maggie Coyle, Sarah Elwood.

New Suits Filed.

New suits were entered as follows:

LEGAL BRIEFS.

Katherine Hoffman, late of Lower St. Clair township, left a $5,150 estate to her children.

Paul E. Hughes, a Homewood avenue merchant, who was fined $100 and costs for selling oleomargarine, took an appeal in common pleas court No. 2 and a hearing was held yesterday. No decision was reached.

By the will of Richard Noll of Sharpsburg his estate is left to immediate relatives.

Cora M. Egan took out letters of administration on the $1,000 estate of Roger T. Egan.

Mary Sadowske sued Frank Bark for $10,000 for alleged slander. A capias was issued for the defendant.

Decrees in distribution were made as follows: Estate of Minnie Truelson, $2,514; John M. McCance, $89,103.

By the will of Jacob Appeiter, late of Pittsburgh, a $1,150 estate is left to Emma F. Koehler. Attorney Alex. E. Goss represents the estate.

Jackson & Fulton entered suit against the Homewood sub-school district to recover $14,-583 80 upon a contract for the erection of a school building to cost $69,830.

A petition in bankruptcy was filed against Frank D. White of New Castle, Pa., by certain of his creditors, who allege that, while insolvent, he allowed a creditor to obtain judgment.

J. W. Rankin entered suit against the Pittsburgh, McKeesport & Connellsville Railroad Company for $1,000 damages for alleged personal injuries received by being struck by a train.

The report of the master in the divorce proceedings of Nathan S. Watts against Maggie Watts was filed, in which a decree is recommended. Master Whelant says the reason he left his wife was because she ran around with other men.

The will of Mary A. Bambrick, late of Pittsburgh, was filed. The estate is worth $800. James B. O'Neill is left $200 and Margaret De S. O'Neill $50. Attorney Robert Malone has the estate in charge. The residue goes to Ellen Biglin.

In the United States circuit court Attorney George H. Rankin, for Joseph W. Penn, entered suit against Daniel Bennett, surviving partner of the firm of Bennett & Grannell, contractors, and Rose A. Grannell, administratrix of the estate of Charles A. Grannell, for $25,000 damages for injuries alleged to have been received in taking down a trestle work. He says he will be crippled for life.

At the hearing in the audit of the estate of William H. Reed in orphans court the question was raised before Judge Josiah Cohen upon the right of Olive Morgan of Avalon, an heir, to inherit in a double capacity. Miss Morgan is a granddaughter of the decedent, who, however, adopted her as his daughter. It is alleged that she is entitled to share in the estate both as granddaughter and daughter.

In the United States circuit court on Thursday, Judge M. W. Acheson refused to grant a preliminary injunction in the case of the Standard Sanitary Manufacturing Company against James W. Arrott, Jr. The latter filed a bill against the plaintiff for infringement of a patent on an improved cradger, and the plaintiff in answer claimed equitable ownership and asked for a preliminary injunction to restrain Arrott from selling the patent. It was refused and in an opinion handed down in the case Judge Acheson says a case was not made out.
